# HOROSCOPE

**September 23rd - September 29th, 2011**

## Aries (March 21 - April 20)

Real estate investments could be to your advantage. You won't have to look for the action. You will meet some interesting people if you attend promotional functions. Property investments, insurance, taxes, or inheritance should bring you financial gains. Your lucky day this week will be Tuesday.

## Taurus (April 21 - May 20)

You will not be pleased with family members who try to put demands on you when you just don't have the time. Disruptions may set you back, but in the end the choices you make will be favorable. Don't count on your friends to be loyal. You need to be sure that you aren't in your present relationship because it is convenient. Your lucky day this week will be Tuesday.

## Gemini (May 21 - June 20)

You must steer clear of overindulgent individuals. Your ideas will be well received. Problems with female members of your family may play on your emotions. Take time to catch up on overdue correspondence. Your lucky day this week will be Wednesday.

## Cancer (June 21 - July 20)

Think hard before going into business with friends or family. Pleasure trips will be most enjoyable if you take them with that special person in your life. If you can work at home, do so. You must use discretion when it comes to lending money or making donations. Your lucky day this week will be Monday.

## Leo (July 21 - Aug. 21)

Spending too much time talking to friends or relatives could easily turn into a debate that could lead to estrangement. Romantic opportunities will flourish through travel or communication. You may find it difficult to discuss personal matters with family members. Go out with friends. Your lucky day this week will be Saturday.

## Virgo (Aug. 22 - Sept. 22)

Keep your thoughts and opinions to yourself and you won't get dragged into an unsavory debate. You will get bored quickly, so make sure that you have scheduled enough activity to hold your interest. You can make adjustments in your domestic scene this week. Turn things around, make sure that they do their share. Your lucky day this week will be Tuesday.

## Libra (Sept. 23 - Oct. 22)

Interaction with colleagues will only be upsetting. Your personal life is going through a state of confusion. You need to start planning that vacation. Relatives may play an important role in your personal life. Your lucky day this week will be Wednesday.

## Scorpio (Oct. 23 - Nov. 22)

Positive changes regarding your personal status are evident. Look into ways that you can make extra cash. Don't rely on others to handle the workload. Unexpected bills will be impossible for you to pay. Your lucky day this week will be Tuesday.

## Sagittarius (Nov. 23 - Dec. 20)

Plan your day thoughtfully, but try not to rely on others. Think about your priorities. Make sure that you have all the pertinent facts before taking action. Love can be heightened if you sit down and discuss your future plans. Your lucky day this week will be Monday.

## Capricorn (Dec. 21 - Jan. 19)

It might be best to spend time fixing up your premises and making changes that will be appreciated. Romance could develop through social activities or short trips. Finish those changes you've been talking about making to your residence. Enjoy taking courses or lecturing others. Your lucky day this week will be Tuesday.

## Aquarius (Jan. 20 - Feb. 18)

They will jump at the chance to do something without you if it sounds like more fun. Your ability to charm others will put you in the limelight at social functions. Don't give in too quickly. Your self confidence will attract members of the opposite sex. Your lucky day this week will be Saturday.

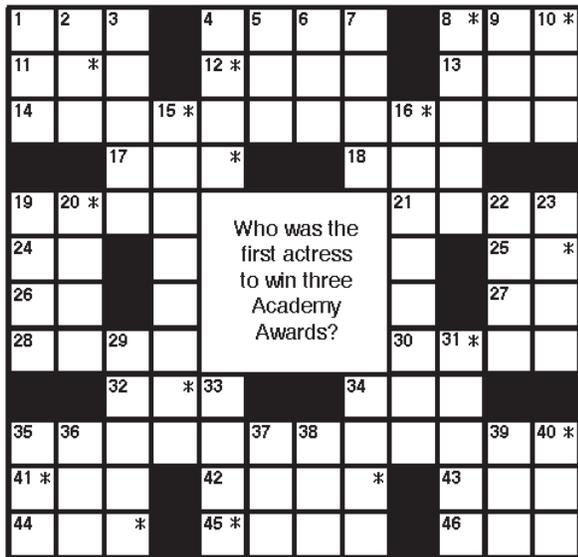

## Pisces (Feb. 19 - March 20)

You should visit a friend or relative who hasn't been feeling up to par. Be sure to double-check the house on your way out. Don't divulge secret information. Children could cost you more than you can afford. Your lucky day this week will be Monday.
