HOROSCOPE

JANUARY 6, 2022 - JANUARY 12, 2022

ARIES (Mar. 21-April 20)

Social events held in your home will be successful and entertaining for all. Don't exhaust yourself or minor health problems will set in. You need to sit back and enjoy. Children may be less than honest with you.

TAURUS (Apr. 21-May 21)

You should look into making some physical changes, such as new hair color or toning up your body. It might be best not to spend your money on luxuries this week. Education may be the answer. New love connections can be made through group associations.

GEMINI (May 22-June 21)

Look into alternatives that would better suit both your needs. Romantic opportunities will develop through friends or relatives. Cultural activities will prove to be quite enlightening for everyone. Risks will not be profitable.

CANCER (June 22-July 22)

Take time to do some writing, whether it's correspondence, poetry, or keeping a journal. You can help a close friend find solutions to personal problems. There will be hidden matters that you may find disturbing. Pleasure trips or friendly get-togethers will be satisfying and intellectually stimulating.

LEO (July 23-Aug 22)

The only thing you'll accomplish is a bad reputation. Your mate may not be too sure about your intentions. Make a point of working on yourself. Accept the inevitable, and opportunities for advancement will follow.

VIRGO (Aug. 23-Sept. 23)

You may have difficulties finishing projects you start. Relatives may play an important role in your social activities. You can buy or sell if you're so inclined. You are best to work behind the scenes on projects that require detail or precision.

LIBRA (Sept. 24-Oct. 23)

You will have to face each issue separately and in person. Do what you can to help them but don't neglect your own family. You will have excellent ideas for changing or renovating your home. Make arrangements to meet friends at your local dance club.

SCORPIO (Oct. 24-Nov. 22)

Be prepared to meet new lovers through colleagues. Your dramatic approach to life has probably gotten to your mate. Try to do things with children that will enable you to bond closer to them. A lot can be accomplished if you organize your time.

SAGITTARIUS (Nov. 23-Dec. 21)

Use your head and do things to your liking. Your versatile mind and common sense will allow you to come up with various solutions. Don't let peers distract you or push their work your way. You can make moves, but they won't be setting.

CAPRICORN (Dec 22-Jan. 20)

Rewards for past good deeds will be yours. Your mate needs extra attention and is feeling rather insecure when you're not in sight. Your support and concern will help. You may have to explain your actions to your family. This will not be the day to have minor surgery.

AQUARIUS (Jan. 21-Feb. 19)

Catch up on any correspondence you've neglected. You may have a problem with someone you live with if you don't include them in your gathering. Avoid letting children and friends borrow. Do not sign contracts or get involved in any uncertain financial deals.

PISCES (Feb. 20-Mar. 20)

Your desire for excitement and adventure may be expensive. Your ability to put a deal together will surprise others. Don't let others try to create unwarranted guilt if you can't meet their demands. Try to slow down, and take another look.

NATIONAL LAW ENFORCEMENT APPRECIATION DAY
 Across the country on January 9th each year, citizens take the lead to show support on National Law Enforcement Appreciation Day.
 Law Enforcement Officers of every rank and file have chosen a

profession that puts their life on the line every day for their communities. They've answered a call to public service that is demanding and often unappreciated.

There are several ways to show your support. Send a note of thanks to your local, county or state police agency. Wear blue, turn your social media channels blue or shine a blue porch light to show your support. Find more ideas at Concerns of Police Survivors and share your support using #NationalLawEnforcementAppreciationDay to share on social media.

FISHING & BOATING EXPO

We've expanded to over 35,000 square feet of exhibit space, which means more boats, more tackle, more boating items, more of the things you want for the upcoming Fishing, Boating and Summer Season. Why travel 150 miles, when you can get the same deals from the same vendors in your own backyard? Get up close and personal with experts and get to know your retailers on a one on one basis. Wildwood Fishing & Boating Expo is pleased to announce a special guest to this years Expo! Captain Dave Marciano from Wicked Tuna will be on hand for the duration of the Expo. Captain Dave will have a booth set-up and will be doing a short seminar and Q&A to follow on both Saturday at 2pm and Sunday at 12 noon. Expo hours are Saturday: 9 a.m.-5 p.m.; Sunday: 9 a.m.-2 p.m. Admission is just \$7; kids under 12 are free. Those under the age of 18 must be accompanied by a parent or legal guardian. The Wildwoods Convention Center is a fully handicapped accessible building. For more information call 609.377.1617 or visit FishingExpoWildwood.com

- 1/4 tsp Old Bay Seasoning
- 1/4 tsp Worcestershire Sauce
- 1/2 tsp Dijon Mustard
- 4 Slices Cooked Hardwood Smoked Bacon
- 4 Slices Tomatoes
- 2 Slices Lettuce
- 2 Toasted Sour Dough Buns
- Kosher Salt & Fresh Cracked Black Pepper to Taste

PREPARATION:

Preheat grill to medium high heat. In a bowl, mix cheese, Old Bay, Worcestershire and mustard. Gently fold in crab to the mix. Grill patties to almost desired doneness. Top the patties with crab topping. Close the grill lid until the cheese is melted. Assemble remaining ingredients into a burger. Enjoy!

National Blood Donor Month – January 2022

According to the American Red Cross, winter is "one of the most difficult times of year to collect enough blood products to meet patient needs." That's because of, among other things, busy holiday schedules and bad weather often resulting in canceled blood drives. Furthermore, seasonal illnesses such as the flu force potential donors to forgo their blood donations.

That's just one of the reasons that National Blood Donor Month, which has taken place each January since 1970, is such an important observance. Donating blood saves many lives and improves health for many people. According to the World Health Organization, "blood is the most precious gift that anyone can give to another person — the gift of life. A decision to donate your blood can save a life, or even several if your blood is separated into its components — red cells, platelets and plasma." Let's learn more.

HOW TO OBSERVE NATIONAL BLOOD DONOR MONTH

- **DONATE** - Not just in honor of National Blood Donor Month, but in the simple spirit of providing the stuff of life to those who need it most. Donate now. Donate again in eight weeks. Repeat.
- **INSPIRE** - National Blood Donor Month can inspire people to donate. And those donations can in turn inspire others to donate, creating an exponential increase in blood donations when and where they're needed the most.
- **LEARN AND REMEMBER YOUR BLOOD TYPE** - What's your blood type? Some examples: O positive donors are needed more often than other blood types. O negative donors are considered "universal donors." AB positive donors are "universal recipients."

5 AMAZING FACTS ABOUT BLOOD DONATIONS

- **Not enough blood for all of us** - According to the American Red Cross, about 38 percent of the U.S. population can donate blood —

but only 10 percent actually do.

- **FILL 'ER UP WITH REGULAR — DONATIONS** - Brookhaven National Laboratory says that people who begin donating blood at age 17 and donate every eight weeks will have donated 48 gallons of blood by age 76.
- **DONATE BLOOD AND GET MEDICAL INFO** - When we donate blood, labs examine the donation for multiple infectious diseases, such as HIV and West Nile virus.
- **DOGS CAN DONATE, TOO!** - Your dog can donate blood, too. Check with your veterinarian and the Humane Society to make sure you know the local rules and regulations for this type of donation.
- **THE MULTIPLIER EFFECT IS HUGE** - Every time we donate one pint of blood, the potential is there to save three lives.

WHY NATIONAL BLOOD DONOR MONTH IS IMPORTANT

- **DONATING BLOOD SAVE LIVES** - Someone needs blood every few seconds in the United States. And more than 4.5 million Americans would die every year without lifesaving blood transfusions. National Blood Donor Month helps us remember these vital statistics.
- **IT'S THE GIFT THAT KEEPS ON GIVING** - The American Red Cross needs 13,000 blood donations every single day to maintain an appropriate blood supply. Fortunately, eligible blood donors can donate blood every eight weeks.

- **IT'S GOOD FOR DONORS, TOO** - The American Journal of Epidemiology reports that blood donors are 88 percent less likely to have a heart attack.

GREATER WILDWOODS TOURISM IMPROVEMENT & DEVELOPMENT AUTHORITY WINS 2021 NEW JERSEY TOURISM EXCELLENCE AWARD

The Greater Wildwoods Tourism Improvement and Development Authority (GWTIDA) received a 2021 New Jersey Tourism Excellence Award from the New Jersey Tourism Industry Association (NJTIA) in the category of Jersey Strong Award.

Accepting the award on behalf of the Tourism Authority was Ben Rose, director of marketing and public relations, Jamie McLaughlin, marketing manager, and Lauren Suit, marketing coordinator during the NJTIA conference on December 1.

The winning 2021 campaign, conceived and executed by GWTIDA and its PR Agency, Suasion Communications Group, was crafted in response to the COVID-19 pandemic's impact on travel and tourism, and focused on the many ways to vacation safely in the Wildwoods, all while keeping visitors' safety a top priority. It focused on a specific market appeal – enticing regional vacationers who were able to visit the Wildwoods via automobile to 'drive on down.' A key aspect that differentiated this from other campaigns in the marketplace is that it promoted value and multi-generational family fun in a colorful, clear and enticing way; and emphasized the destination's numerous one-of-a-kind attractions, where lifelong memories are made, and what separates this New Jersey resort town from other vacation destinations.

"The COVID-19 Response PR campaign is a true testament to how the Wildwoods can face any unforeseen challenges and produce record breaking results to remain a top vacation destination, despite travel and visitor restrictions," said John Siciliano, executive director of the Greater Wildwoods Tourism Improvement and Development Authority (GWTIDA).

As a result of the campaign, the Wildwoods garnered national and regional recognition via well-placed editorial in newspapers, magazines, TV and web placements – with an emphasis on the pandemic precautions the destination took and sanitizing protocols it took to assure visitor safety as the destination gradually reopened.

The campaign's success came from not only attracting millions of visitors to safely vacation in the Wildwoods, but in garnering extensive media coverage as well; with live broadcast segments in the Wildwoods throughout the year focusing on the destinations successful plans, strategies, and proactive approach to responding to the crisis and remaining one of the leaders in New Jersey tourism.

For additional information about the Wildwoods, visit www.WildwoodsNJ.com or call 800-992-9732.

For more information on the NJTIA, please visit www.njtia.org.

ARCTIC BLAST WAKE-UP CALL: WINTERIZE YOUR VEHICLE NOW

Freezing cold temperatures can stress cut a vehicle, as well as its driver. Low temperatures are a harsh reminder to be car care aware. Motorists should invest a little time now to check their vehicles so they have one less worry when arctic temperatures strike. Very cold temperatures reduce a vehicle's battery power so it's important to keep the connections clean, tight and corrosion-free. Batteries don't always give warning signs before they fail completely, so if the vehicle's battery is more than three years old, it's wise to replace it.

Be diligent about changing the oil and filter at recommended intervals. Dirty oil can spell trouble in winter. Check the fuel, air and transmission filters at the same time.

Have the brakes inspected and check the tire tread depth and tire pressure. If snow and ice are a problem in your area, consider special tires designed to grip slick roads. During winter, tire pressure should be checked weekly.

Winter magnifies existing problems such as pings, hard starts, sluggish performance or rough idling, so if you're due for a tune-up, have it done before the temperatures drop again. Also, clean, flush and put new antifreeze in the cooling system and have the exhaust system checked for carbon monoxide leaks, which can be especially dangerous during cold weather driving when windows are closed.

For good visibility, make sure that exterior and interior lights work and headlights are properly aimed.

Also check to see that heaters, defrosters, lights and wipers work properly. Consider winter wiper blades and use cold weather washer fluid. Wiper blades that are cracked or torn, or that chatter, streak and don't properly clean your windshield should be changed.

Keep the gas tank at least half full at all times to decrease the chances of moisture forming in the gas lines and possibly freezing. Lastly, stock an emergency kit with an ice scraper and snowbrush, jumper cables, flashlight, flares, blanket, extra clothes, candles/matches, bottled water, dry food snacks and needed medication.

PPAWS - People & Puppies at Work for Sight

"MEET THE PACK!"

PPAWS Annual Holiday Cookie Party

New puppy alert! Not one...not two...but THREE new puppies for PPAWS at our annual holiday cookie exchange party. Fulton (sable shepherd) is our youngest addition, joining Elliot (Felix x Inga) and Spenser (Lennox x Trudi) in the little puppy club. That means a lot of playmates — (many of them German shepherds) — for these little guys to grow up with. All puppies in attendance had fun picking out a toy from our "Pollyanna" exchange, and the humans enjoyed mounds of food and cookies.

PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise puppies for The Seeing Eye. The Seeing Eye breeds puppies specifically to be guide dogs for the blind. Only dogs that are bred, raised and trained by The Seeing Eye have the right and privilege to be called "Seeing Eye Dogs." PPAWS is always looking for more people to help raise these amazing puppies. If you are interested, contact Peter at (609) 804-8774 for more information.

THE IMPORTANCE OF ORGAN MEAT FOR YOUR DOGS & CATS

Submitted By
Patsy Nelson
from The Wagging Tail

A few weeks ago, Bob shared a video by Dr. Marty, a graduate of The Cornell Veterinary School and a practicing vet for over 48 years. He is also a vet for Oprah Winfrey, Martha Stewart, among other celebs and regular people like me. I watched the video for its length of over thirty minutes, and everything he emphasized, I have been telling my readers for decades. Stay away from by-products, soy, wheat, corn, artificial flavor and color, dangerous preservatives (like in Milk Bones) and food manufactured to benefit big companies like Mars, Smuckers, and Procter and Gamble, to name a few.

But what he emphasized, that I had already been giving to my pets, was organ meats. In my case, I was doing some raw, but always added some dehydrated. According to an article I got off the internet by Jodie Gruenstern, DVM, CVA, organ meats are super foods for dogs and cats. Presently, I am giving my cats dehydrated rabbit, and my dogs a variety of dehydrated protein sources. Giving your dogs and cats some liver, kidney, and heart can help their overall health immensely. These are parts of the prey that would be caught and relished in the wild. It is said that the best diet for a cat is a healthy mouse, as the cat will get the benefit of all the tissue, blood and organs.

LIVER is the most widely used because it is so easy to acquire. But it gets some bad publicity because the liver detoxifies. But the liver does not store these toxins, it merely filters them out. When analyzed post-mortem, the liver has no more toxins than the kidneys or muscles. The benefits of liver include added vitamins A, D, E and K, which are all important fat-soluble vitamins, which means they dissolve in fat and are stored in the liver and fatty tissue until required by the body, helping to keep the heart healthy and blood to clot. Some food sources that provide these vitamins (all for humans, most for pets) are liver, dairy, kale, sweet potato, apricots (I am eating some now) tomatoes, carrots, egg yolk, spinach, and cantaloupe.

HEARTS provide the amino acid Taurine (so does sardines) which is vital to healthy functioning of the heart, but the benefits can be destroyed through heating. The highest level for cats is in the heart muscle of mice! Cats will develop DCM if they lack Taurine in their diet. Heart is the best source of CoQ10, which Bob and I take every morning. Bison, venison and beef hearts are really good sources of CoQ10. Eating heart organ (included in frozen and freeze-dried form) provides iron, zinc, selenium and B vitamins, essential for "energy balance and preventing oxidative stress."

STOMACH, is also called tripe and can really be stinky. Treats, and freeze-dried are available, but the best is raw, or raw frozen. Dogs usually love it and it is a great way to get fussy eaters to eat and it will help disguise medicines or other supplements a pet may need to ingest. Green tripe is full of healthy probiotics, which is vital to a healthy microbiome and immune system.

I will continue with other organ meats next issue. Thank you for helping us and our mini cat shelter. The next few months are crucial for our survival. Please tell your friends about us.

**Thank you to those who support our store.
It is very challenging with all the competition.
We need all the help we can get to stay here for you.**

WALK YOUR DOG MONTH

January is Walk Your Dog Month. Get up off that sofa, get moving, and don't let those sub-zero winter temperatures drag you down. Dogs need plenty of exercise throughout the year and the best way to keep them active in winter is to take them for regular walks. Even a short walk around the block on a cold day makes a big difference. So, begin this year with a pledge - better health for you and your dog!

HISTORY OF WALK YOUR DOG MONTH

Walk Your Dog Month is a perfect time to blend exercise with bonding time for you and your pup. The Association of Pet Obesity Prevention released a clinical study in 2017, stating that 56% of dogs in the United States are obese. That equates to over 50 million dogs across the country.

A statement declared that "The number of pets with clinical obesity continues to increase. Clinical obesity results in more secondary conditions such as arthritis, high blood pressure, kidney disease, and certain forms of cancer. Pets with obesity also have reduced quality of life and shorter life expectancy." Regular walks and exercise can help control your dog's weight and limit the chances of them becoming obese. January may seem like a cold month to be placing emphasis on dog walking, but that's why it is the right time to do it. Your dog needs walking all year round and if you can do it in January then you can do it all the time.
