# HOROSCOPE

JANUARY 13, 2022 - JANUARY 19, 2022

### ARIES (Mar. 21-April 20)

Visit friends or relatives you don't get to see very often. You can offer your help to others but back off if they appear to be offended by your persistence. Trips should be your choice. Avoid lending money or belongings to friends.

### TAURUS (Apr. 21-May 21)

Physical activity will help defuse your frustration. If you put your energy into physical outlets you will avoid confrontations. Secret affairs will only lead to deception. Try to ease any disappointment by making amends.

### GEMINI (May 22-June 21)

Concentrate on getting ahead financially and let your personal life settle down for a while. Don't jump too quickly if someone tries to make you join in on their crusade. You should be raising your self esteem and confidence in order to promote your work. Just be yourself.

### CANCER (June 22-July 22)

Try to stay calm and understand both sides of the situation. Don't overspend or give too freely to others. Keep your thoughts and opinions to yourself and you won't get dragged into an unsavory debate. You will be up and down emotionally.

### LEO (July 23-Aug 22)

Trips will be exciting. You need to get out and challenge yourself. You need activity. Don't spend more than is necessary on travel or friends.

### VIRGO (Aug. 23-Sept. 23)

Try to be honest when dealing with your mate. You need to start planning that vacation. You could be your own worst enemy if you overreact to something you're told. Real estate investments will payoff.

### LIBRA (Sept. 24-Oct. 23)

Residential moves look hectic and sudden changes in your life are likely. Your partner may push buttons that infuriate you. Travel will be good if you are seeking knowledge. You need to enjoy the company of those who enjoy the same pastimes.

### SCORPIO (Oct. 24-Nov. 22)

Your suggestions for fund raising events will be well received. Older family members may try to make demands that are impossible for you to handle. Children might be on your mind. Don't hesitate to make special plans just for two. Travel will be to your advantage; however, it might be expensive.

### SAGITTARIUS (Nov. 23-Dec. 21)

Pamper yourself; the self esteem it brings you will be most gratifying. You can look into new jobs but don't count on getting help from someone who may have promised you assistance. Equilibrium in your romantic life is likely if you treat your partner well. Travel for business or pleasure.

### CAPRICORN (Dec 22- Jan. 20)

Speak of your future goals, intentions, and commitments. Group endeavors will provide you with entertainment. Don't depend on coworkers to help; they may only hold you back. Be cautious while traveling; minor accidents are evident.

### AQUARIUS (Jan. 21-Feb. 19)

Changes in your home environment are likely. Avoid extravagance or risky financial schemes. Pamper yourself; you deserve it. You will be overly generous with children this week.

### PISCES (Feb. 20-Mar. 20)

Your unique approach to life will interest others. You will learn a great deal about yourself if you go somewhere secluded. Past partners may try to come back into your life. Romantic opportunities are evident.

## Martin Luther King's Birthday – January 15, 2022

On January 15, we celebrate the birthday of civil right's leader, Martin Luther King. When we hear his name, we most often think of his legendary "I Have A Dream" speech, the civil rights movement, and, sadly, his assassination. When we celebrate his birthday, let's take a few moments to look into the personal story of the man himself.

#### HISTORY OF MARTIN LUTHER KING'S BIRTHDAY

Martin Luther King, Jr. was born January 15, 1929 in Atlanta, Georgia to Reverend Martin Luther King, Sr. and Alberta Williams King. King's given name at birth was Michael King, which was also his father's original name, but after a period of gradual transitioning by the elder King, he changed both his and his son's names in 1934.

King was a middle child, between older sister Christine King Farris and younger brother A.D. King. He sang with his church choir at the 1939 Atlanta premiere of the film "Gone with the Wind" and enjoyed singing and music. When King was a child, he befriended a white boy whose father owned a business near his family's home. When the boys were six, they started school: King attended one for African Americans and his friend went to one specifically for white children. Their friendship ended because the boy's father didn't want his son playing with a black child.

In 1955, Dr. King received his Ph.D. in systematic theology at Boston University, with a dissertation titled "A Comparison of the Conceptions of God in the Thinking of Paul Tillich and Henry Nelson Wieman." While pursuing his doctoral studies, King worked as an assistant minister at Boston's historic Twelfth Baptist Church with Reverend William Hunter Hester, who was an old friend of King's father and a huge influence on the young man. Also in 1955, Claudette Colvin, a fifteen year-old black schoolgirl in Montgomery, and a few months later Rosa Parks both refused to give up their seats on busses to white men. This led to the Montgomery bus boycott, urged and planned by Edgar Daniel Nixon and led by King. His role in

the bus boycott transformed him into a national figure and the best-known spokesman of the civil rights movement.

#### MARTIN LUTHER KING JR. STATISTICS

- **29 ARRESTS** - According to the King Center, the civil rights leader went to jail 29 times. He was arrested for acts of civil disobedience and on trumped-up charges, such as when he was jailed in Montgomery, Alabama in 1956 for driving 30 miles per hour in a 25mph zone.
- **15 YEARS OLD** - Martin was a smart child, so smart that he skipped the 9th and 12th grade before enrolling at Morehouse College in 1944, the alma mater of his father and maternal grandfather. King originally did not intend to follow the family vocation of becoming a preacher until the Morehouse president convinced him otherwise. He was ordained before graduation.
- **3 GRAMMY NOMINATIONS** - When you think Dr. King, you probably don't think Grammy award winner and chart topper, but the affluent speaker released albums of his sermons and speeches, receiving 3 Grammy nominations and winning the award posthumously in 1971.

#### WHY MARTIN LUTHER KING'S BIRTHDAY IS IMPORTANT

- **HE HAD A DREAM** - More than just a speech, Martin Luther King, Jr. had a dream that he hoped would someday become a reality. He pushed to end segregation and hoped to create a world where people were seen as people, not as the skin color they were born with.
- **HE INSPIRED A NATION** - King wouldn't be able to change the world on his own, but his words ignited the spark inside the hearts of every activist at the time waiting for the right moment to make a difference. As a leader, he inspired countless people to fight for equality.
- **WE WOULDN'T KNOW SOME OF OUR BEST FRIENDS WITHOUT HIM** - Odds are, you have a pretty diverse friend group made up of people from different religions, backgrounds, and ethnicities. Without the efforts of Dr. King and people like him, you would never have gotten the chance to have these friends in your life!

**SOME DAYS OF INTEREST THIS WEEK:**

**NATIONAL DRESS UP YOUR PET DAY**

National Dress Up Your Pet Day on January 14th provides a special day to celebrate with your pet and show off their fashion style. Pets do become part of one's family. Whether you take a visit to the groomer or take it a step further and dress up in matching outfits, be sure your pet companion is safe and comfortable.

**NATIONAL BAGEL DAY**

Toast up your favorite flavor on National Bagel Day. On January 15th, don't forget to pick your favorite schmear, too. Make it for breakfast, lunch, snack, or all of the above! This kosher carbohydrate brings complex flavors to the deli and sandwich bar. We love our crunch-on-the-outside-chewy-on-the-inside bread. So they're a staple in our freezers and as a winter pick-me-up.

**NATIONAL STRAWBERRY ICE CREAM DAY**

Each year, National Strawberry Ice Cream Day on January 15th

celebrates one of the choicest flavors of ice cream. All flavors of ice cream are recognized on July 1st. Strawberry ice cream is made by blending either strawberries or strawberry flavoring with eggs, cream, vanilla, and sugar. Food coloring is often used to give it the pink or light red hue. During James Madison's second inauguration in 1813, strawberry ice cream was served. It's also one of the three flavors found in Neapolitan ice cream along with vanilla and chocolate. Other variations of strawberry ice cream include strawberry cheesecake ice cream and strawberry ripple ice cream.

At Veterans & Patriots Thrift Store (located at 3305 Bayshore Rd. in N. Cape May, NJ), we have no payroll and no one gets a penny. After we pay our rent, electric, A/C, heat and other bills, 100% of the balance of money goes to those in need. We also help support other charities in Cape May County. If you know someone in need, please call us at (609) 884-6701. Thank You and God Bless You! ~ Bud Lutner, CMDR, VPCMC

## EIGHT IMPORTANT MAINTENANCE TIPS FOR JANUARY TRAVEL

When it comes to winter driving, it pays to be diligent. Snow, ice, sleet and freezing temperatures mean potential pitfalls for motorists traveling this winter, and that's why it's important to be prepared.

### 1. Check All Exterior Lights

"The first step to safe winter driving is making sure other motorists can see you and you can see them," says Tony Molla, industry expert and former executive at Automotive Service Association.

### 2. Peek Under The Hood

When you get your next oil change, request an inspection of the various belts and hoses. Other simple but important details that matter when driving in the cold include a check of the vehicle's electrical system, climate control system, charging system and starter.

### 3. Check Your Battery Before Traveling

Corrosion accumulated during summer months can create problems in winter months. Also, vehicle battery power often drops anytime there's a dramatic change in temperature—hot to cold or cold to hot.

### 4. Fill Your Washer Fluid

Keep your reservoir of washer fluid topped off at all times, particularly when you'll be driving in winter conditions..

### 5. Have Your Brakes Checked

On icy, slick winter roads, functional brakes can save your life. Don't leave any chance for them to fail when you need them most.

### 6. Avoid Alignment Problems

Does your vehicle pull to one side or the other? It may need an alignment adjustment.

### 7. Keep Up On Oil Changes In January

Clean oil helps your engine operate more efficiently, and synthetic oil can make it easier to start your engine in cold weather.

### 8. Inspect Your Tires & Switch If Needed

"If you plan on driving in snow and ice filled regions of the country, it's worth investing in a good set of winter or all-weather tires," Molla said.

In contrast, all-season tires are designed for rainy weather and places where the sun shines frequently.

## THE AMAZING GREYHOUND

Submitted By  
Patsy Nelson  
from The  
Wagging Tail

I got interested in this article, specifically about Baloo, pictured here with his Lamb Chop toy, featured in Droll Magazine, and written by Patrick Leone. Baloo used to be a professional athlete until he was retired from greyhound racing, so he has a tattoo number and letter in one ear and a registration number given out by the National Greyhound Association by which legalities and standards can be upheld in his other ear. Greyhounds belong to one of the oldest recorded breeds-depicted in ancient Egyptian art and mentioned in the Bible-and always bred with the same result in mind-SPEED. Baloo can go from "zero to 45mph in less than 30 feet and maintain that speed for a quarter-mile or more." Greyhounds were initially trained to hunt small fast prey in the desert. Also, when racing they were after a "rabbit," so it is necessary to be on alert when walking Baloo that he does not think someone's little dog is prey. When I was in my teens, I remember visiting family in Florida, and greyhound racing was a big sport, like betting on horse racing. Now there are limited states where it is still legal- Arizona, Florida, Iowa, West Virginia, and Texas. With the onset of Covid-19, and the general waning of interest, many tracks have closed, and therefore, there are many more greyhounds available for adoption. Generally, greyhounds don't start racing until they are around eighteen months of age and have shown good racing form and speed. During their racing career they live entirely on the track premises and race about three times a week. There are many physical traits that greyhounds possess that enable them to have such great speed. Greyhounds weigh about the same as the average Labrador, 60-70 pounds, but they stand about five inches higher, which makes their graceful conformation akin to a ballet dancer. Greyhounds have long skinny legs and an aerodynamic head, a deep narrow chest enabling necessary breathing ability, elongated feet for acceleration, a long spine for balance and flexibility, and a long thin tail which "acts as a rudder, efficiently adjusting speed." They also possess specialized "fast-twitch" muscles making for powerful short bursts of energy. Greyhounds have the largest heart of any other breed of dog, "and in a 30 second sprint, a greyhound's heart will pump their total blood volume throughout the body up to five times." Greyhounds have more red blood cells, which means more oxygen, than any other breed, and therefore they are used most frequently as canine blood donors. Greyhounds have a double suspension gallop giving them the fastest gait of any land mammal. "In a single stride, each paw touches down at a different time and all four paws leave the ground twice." The only other mammals that are similarly adept are the cheetah, but they tire within fifteen seconds, and the three-pronged antelope which can maintain a gallop for miles before resting. I had a customer-friend who was a die-hard greyhound rescuer. She usually had three or four at a time. But being a greyhound adoptee takes a special kind of dog lover. Because they lived with a pack of their own, and in special circumstances, they need to learn what it is like to be a house dog, and even to recognize they are part of a whole world of canines, alike as well as different from them. They need to learn how to enjoy the different comforts of home-life (they did get pampered on the track with whirlpool baths and massages.) It takes a lot of patience, but the rewards are great. Ebby, my foster/rescue, has endeared herself to me and to Bob, although Bob is not comfortable playing with her as I am, and she still growls if I hug her neck too tightly. I finally designed a way to blanket her, but she still gets aggressive. Maybe with more time, she will acquiesce. I took her off the prosaic because it made her retreat more and eat less. I am only doing CBD oil for now. We have great, all-weather coats, for snow, cold rain and wind, and to keep those muscles and joints warm. And, of course, our popular Gold Paw fleece cover-ups for all day wear.
