HOROSCOPE

FEBRUARY 10 - FEBRUARY 16 2018

ARIES • (Mar. 21 - April 20)

Unrealistic promises will only get you in trouble. Don't forget to let your mate know how much you care. Uncertainty regarding your mate may emerge; reevaluate what you see in each other. Do not yield to children or relatives when they really don't deserve it.

TAURUS • (Apr. 21 - May 21)

You may find it difficult to communicate with someone at work. Your leadership ability will enhance your reputation. Your willingness to help others can and will lead to fatigue if you don't learn to say no. Leave your checkbook and credit cards at home.

GEMINI • (May 22 - June 21)

You may have a tendency to put on weight. Don't blame others for your own stubbornness. Voice your opinions and contribute to the debate. You may find it difficult to communicate.

CANCER • (June 22 - July 22)

Limitation could set in if you've been spending too much. You are best to do something energetic with friends instead. Try to think things through. You can't win and they won't listen.

LEO • (July 23 - Aug 22)

Don't let your partner start any arguments. Passion should be redirected positively. You can make successful moves. You may be offered opportunities that will result in a higher earning potential. Extravagance will be a problem.

VIRGO • (Aug. 23 - Sept. 23)

You will get out of shape easily if you don't keep on top of things. You must act quickly. Don't confide in anyone for the time being. You should catch up on correspondence.

LIBRA • (Sept. 24 - Oct. 23)

You can make rewarding connections through the organized groups you associate with. Get together with friends for some competitive physical activities. If you're preoccupied, be careful while operating a vehicle or any kind of equipment or machinery. Your emotional partner will push all the right buttons this week.

SCORPIO • (Oct. 24 - Nov. 22)

Try a barbecue or a day at the beach. You need some rest. You may need to make a few alterations to your living arrangements. Pleasure trips will be favorable and bring about romance.

SAGITTARIUS • (Nov. 23 - Dec. 21)

Look into the cost factor, but don't try to get backing yet. Someone you care about may not be too well. You may meet that special person if you attend fundraising functions. You must make sure that all your personal documents are in order.

CAPRICORN • (Dec 22 - Jan. 20)

Use your head and do things to your liking. Your ability to see other people's points of view will allow you to come to reasonable agreements. Get involved in jobs that require creative input. You can win points with both peers and superiors. Sudden romantic encounters will set your head spinning.

AQUARIUS • (Jan. 21 - Feb. 19)

You will have a tendency to exaggerate, which will lead to major confrontations with loved ones. Traffic will be busier than you anticipated, so try to get a head start if you have made plans to travel. Opportunities for love will develop while traveling or while attending religious functions. You may find your nights sleepless due to bad dreams.

PISCES • (Feb. 20 - Mar. 20)

Be professional, and you will advance much more quickly. Financial limitations will not be as adverse as they appear. Help elders get their personal papers in order. You are apt to meet someone special on your journey.

THE WAGGING TAIL THANKS YOU

Submitted By
Patsy Nelson

A customer recently asked me, "What is this vicious rumor that you are going out of business?" If there is such a rumor, I am not inclined to think of it as "vicious" but rather a natural presumption based on the letter I put on Facebook and which we give to every customer that comes in the store.

It has made a difference to let every possible visitor to The Wagging Tail know that we are in jeopardy. But based on the overwhelming response and support that I have been so lucky and grateful to receive, we may end up on the winning side of this predicament.

The Cape May Star and Wave sent a reporter to interview me and he did quite a big article The Wagging Tail's impact on the pet community. Thank you again to them. Shortly after, I received a two-page type written letter from a woman who used to live here before moving to Philadelphia. Her name is J. Payne; if you know her, please thank her for me as she did not leave her address. It is amazing that she took so much time to give me her opinions on what to do to better our store. Some of her ideas I have already implemented (like keeping the cats off the counter!) and others I continue to mull over.

I don't like to admit that starting my 7th decade on this earth, pushing through a lot of pain that comes with years of lifting and "older age," I don't have the energy I once did. But I started last night to make some changes, with the help and creativity of my granddaughter, Stephanie. We will continue to do this today and every day forward until The Wagging Tail is an easier place to shop and a more prosperous business.

On another note, as February is National Pet Dental Month, we have many great products and suggestions for you to keep your pet's teeth clean and thereby significantly improve overall health. Like raw frozen bones and oral gels. We have free samples coming and just as always, we are ready to guide you in improving your pet's diet.

3. Winter Lights and Wipers Safety

During winter weather, lights and wipers play a major role in safe driving, as the chance of an accident increases if you can't see or be seen, according to the non-profit Car Care Council. "With fewer daylight hours in winter, it's important to make sure your vehicle's lights and wipers are working properly so your visibility is not compromised and you can be seen by others," said Rich White, executive director, Car Care Council. "From the driver's seat, you may not notice a light that isn't working, so inspect all of your car's lights and replace those that are out. Also, inspect and replace wiper blades so you can see clearly when wet weather hits."

Lights are normal wear items that require periodic inspection and replacement. The lighting system provides nighttime visibility; signals and alerts other drivers; and supplies light for viewing instruments and the vehicle's interior. In addition to replacing dimming, rapidly blinking and non-functioning lights, keep headlights, tail lights and signal lights clean. External dirt and debris can dim operational lights from being seen by others. Also, make sure that your headlights are properly aimed. Misaimed headlights blind other drivers and reduce your ability to see the road.
