# HOROSCOPE

FEBRUARY 28 - MARCH 6, 2018

- 
**ARIES • (Mar. 21 - April 20)**  
 Don't involve yourself in the emotional problems of those you work with. Don't overspend on items for your home. Think twice before you say something you might regret later. Don't play on your partner's emotions.
- 
**TAURUS • (Apr. 21- May 21)**  
 Get out and rub shoulders with people in high positions if possible. Someone you live with will get angry if you are neglecting your duties. Get involved in fitness programs that will bring you in contact with new friends. You will not be able to trust someone you work with.
- 
**GEMINI • (May 22 - June 21)**  
 You should spend your day trying to get things completed at work. You have your own family to consider as well. Go after your professional goals. Do your job and don't ask for favors. Your emotional state will vacillate.
- 
**CANCER • (June 22 - July 22)**  
 Romantic opportunities may not be as they appear. You should expect to have changes in your home. Much can be accomplished if you compromise. Dream a little this week.
- 
**LEO • (July 23 - Aug 22)**  
 You will find that valuable knowledge can be gained if you are willing to listen. Try to ease any disappointment by making amends. Be sure to use your charm and diplomacy when dealing with potential new clients. Trips will be favorable for business as well as pleasure.
- 
**VIRGO • (Aug. 23 - Sept. 23)**  
 Try to deal with the problems of those less fortunate; however, don't allow them to make unreasonable demands. You can ask for favors but don't take them for granted. You will easily charm members of the opposite sex. Real estate investments will payoff.
- 
**LIBRA • (Sept. 24 - Oct. 23)**  
 You should regain some of your self esteem if you get involved in organizational functions. Think about your budget before booking a trip. Follow your gut feeling regarding your business ventures. Dig deep, ferret out any hidden concerns before you sign your life away.
- 
**SCORPIO • (Oct. 24 - Nov. 22)**  
 Pamper yourself this week. Your tendency to overreact could get you into trouble. Put your energy into your work or money-making ventures rather than into your emotional life this week. For best results get out of the office and do your job en route.
- 
**SAGITTARIUS • (Nov. 23 - Dec. 21)**  
 Get busy on projects that improve your own image; you'll have the discipline to succeed. Take the time to help those less fortunate. Opportunities to get involved in self improvement projects will be rewarding. Don't be a pest or a troublemaker this week.
- 
**CAPRICORN • (Dec 22 - Jan. 20)**  
 You should consider submitting some of your written work for publication. You'll be prone to tears if your mate is harsh with you this week. You will find yourself tied to the phone. The home environment will be unpredictable this week.
- 
**AQUARIUS • (Jan. 21 - Feb. 19)**  
 You can make extra cash if you act on a hunch. Praise will be yours if you have been pursuing your goals. You can make it up to them later. Spend some time with people who can shed some light on your personal situation.
- 
**PISCES • (Feb. 20 - Mar. 20)**  
 It's time to let loose. After all, they may have valuable information to pass on. Be sure to organize events that will keep the children busy. You will have to be careful not to fall into traps set by jealous colleagues.

# THE OSCARS®

After last year's error heard 'round the world, with "La La Land" declared best picture – instead of the movie actually specified in the envelope, "Moonlight" – ABC late-night host Jimmy Kimmel returns for the second consecutive year to preside over the network's broadcast of the 90th Oscar ceremony Sunday, March 4. Presented again from Hollywood's Dolby Theatre, the event is sure to reflect the new consciousness about sexual misconduct that has rocked the entertainment industry in recent months. However, Kimmel also wants the occasion to be the fun that it's always been for movie lovers.

"I think it's important to make the people in the room laugh," he reasons, "and if the people in the room laugh, the audience at home will at least... you know, we've been conditioned to react to a laugh track since probably the '50s. And I think it's important for the audience at home to hear people laughing, maybe even more important than making them laugh themselves." - By Jay Bobbin

## CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

### LOBSTER with SHERRY CREAM SAUCE over FETTUCCHINE

**INGREDIENTS:**

- 6-8 oz Cooked Fettuccine
- 1 (1-1/4 lb) Cooked, Cleaned & Chopped Lobster
- 1 Tbsp Butter
- 1 Shallot (Minced)
- 1 Tbsp All-Purpose Flour
- 1/4 cup Sherry
- 1/2 cup Lobster or Shrimp Stock
- 1 cup Heavy Cream
- 1 tsp Old Bay Seasoning

- 3 Saffron Threads
- 1-2 Tbsp Grated Parmesan Cheese
- 1 tsp Fresh Chopped Tarragon
- 1 Dash of Worcestershire Sauce
- Salt & Fresh Cracked Black Pepper to Taste

**GARNISH:**

- Fresh Shaved Parmesan
- Truffle Oil

**PREPARATION:**  
Melt the butter over medium-low heat. Add minced shallot and cook until translucent. Mix in flour, stirring constantly for about 1 minute. Raise heat to medium, add sherry and cook until it is blended smoothly. Next add stock and saffron a little at a time while stirring. Mix in cream, Old Bay and Worcestershire sauce. When the sauce gets up to temperature, add in cheese and tarragon stirring constantly. Season with salt and pepper and mix in lobster meat. When the meat is hot, mix in pasta and serve in a bowl with garnish on top. This dish is pricey and rich but, try it at least once a year when it is cold. Heavenly! Serves 1-2 people.

**3. ARE YOUR BRAKES TRYING TO TELL YOU SOMETHING?**  
 If your brakes are trying to tell you something, you should pay attention. A properly operating brake system helps ensure safe vehicle control and operation and it should be checked immediately if you suspect any problems.

"While an annual brake inspection is a good way to ensure brake safety, motorists should not ignore signs that their brakes need attention," said Rich White, executive director, Car Care Council. "Knowing the key warning signs that your brakes may need maintenance will go a long way toward keeping you and others safe on the road."

The Car Care Council reminds motorists to look for the following warning signs that their brakes need to be inspected:

- Noise: screeching, grinding or clicking noises when applying the brakes.
- Pulling: vehicle pulls to one side while braking.
- Low Pedal: brake pedal nearly touches the floor before engaging.
- Hard Pedal: must apply extreme pressure to the pedal before brakes engage.
- Grabbing: brakes grab at the slightest touch to the pedal.
- Vibration: brake pedal vibrates or pulses, even under normal conditions.
- Light: brake light is illuminated on your vehicle's dashboard.

Because brakes are a normal wear item on any vehicle, they will eventually need to be replaced. Factors that can affect brake wear include driving habits, operating conditions, vehicle type and the quality of the brake lining material. Be sure to avoid letting brakes get to the 'metal-to-metal' point as that can mean expensive rotor or drum replacement.

## Common Signs of Stress in Your Dog

Mostly from AKC Family Dog Magazine

Submitted By  
Patsy Nelson

• **WIDE, DARTING EYES** When you see the eye whites, something is not right.

• **HUMPING** Frequent humping of other animals, pillows, toys, furniture or your legs can be a signal that your dog is stressed. Of course, some dogs who are not neutered may do this, or dogs with excessive hormones, but is also can be stress related. My miniature poodle Cody, was neutered at six months: that was years ago before I knew under the right circumstances I could wait until my male dog was three, as I did with Parker. Anyway, when my border-collie-mix female came home from the groom shop smelling of a particular cologne, he could not help but hump over her side. Upon seeing this behavior, his six-month older brother, Calvin, would go over and start humping Cody. I don't think that these behaviors can count as stress induced.

• **OBSESSIVE LICKING** If your dog seems fixated on licking objects, himself, or you, he may be doing it as a desperate attempt to relieve anxiety. I have many customers who have a problem with their dog licking itself. Sometimes it is allergies. Sometimes it becomes a habit. Sometimes, as with Parker, it is mostly love making, especially with me. But it is wise to rule out anxiety by trying a calming solution.

• **SHAKING** This sign could also mean that your dog is cold or in pain. It could also mean, as with my Shih Tzu, Rosie, that she has to go poop. At any rate, if your dog does this, find out the cause and avoid or desensitize the pet, or see a vet.

• **STILLNESS** A dog that suddenly freezes in an uncomfortable situation is not "being patient." That is his way of saying, "back off." Watch your dog's body language, and that of any strange dogs which you encounter.

• **YAWNING** Often mistaken for sleepiness, yawning can also be a signal that a dog is frustrated or becoming anxious. I have watched Parker do this when we go to doggie class.

• **PACING AND PANTING** Like people, dogs may act restless or distracted when stressed. Panting, also a sign of excitement, exertion and feeling hot, could be attributed to emotional discomfort. Only you can be the judge of that.

Did you know? A recent study found that extreme stress can make dogs' muzzles go gray prematurely.
