HOROSCOPE

MARCH 6 - MARCH 12, 2019

ARIES (Mar. 21 - April 20)

You can continue to make gains if you call a few people who can help you close an important deal. You must not allow them to force you to rush. Concentrate on work or make changes to yourself. Use your head and do things to your liking.

TAURUS (Apr. 21 - May 21)

Take care of yourself or you can expect to suffer from minor illness. Look closely at motives and honesty in your personal encounters. If you can't trust someone, question the connection. Exhaustion combined with overindulgence could result in minor health problems.

GEMINI (May 22 - June 21)

You may find that getting together with colleagues after hours will be worthwhile. You may find yourself in an emotional fix if you interfere in other people's problems. You are best to be accommodating for the time being. Sudden romantic infatuations won't be lasting. It is time to clear your decks.

CANCER (June 22 - July 22)

Your outgoing charm and obvious talent will be admired. Unexpected visitors will be a welcome surprise. Frustrations and limitations could cause anxiety this week. You may experience financial loss if you don't use good judgment.

LEO (July 23 - Aug 22)

If you take on too much of a financial burden you may make yourself ill. Opportunities for romance will flourish through travel. You don't owe anyone an explanation. Do your own thing, you need time to yourself. Think before you act. Unforeseen circumstances will disrupt your daily routine.

VIRGO (Aug. 23 - Sept. 23)

Don't try to twist things around so that they sound more enticing. You can make money through your creative efforts. Your attitude is changing rapidly and your plate is overloaded. You have two choices; Get out on your own, or bend to your mate's whims.

LIBRA (Sept. 24 - Oct. 23)

Get together with people who stimulate you mentally. Social events held in your home will be successful and entertaining for those who attend. You need to look into new philosophies. Emotional upset may prevail on the domestic scene if you have neglected your duties or your mate.

SCORPIO (Oct. 24 - Nov. 22)

Do not push your opinions or try to reform your emotional partner this week. Try to spend more time with children and relatives. Refrain from arguing with your mate. A residential move may be necessary to get a better job.

SAGITTARIUS (Nov. 23 - Dec. 21)

Emotional deception is evident. Opportunities for financial gains through investments and games of chance are likely. Travel opportunities should be your first choice. Try to deal with it quickly; don't dwell on past regrets.

CAPRICORN (Dec 22 - Jan. 20)

Don't give your heart too readily. You might not accomplish all that you want to at home this week. Problems with female members of your family may play on your emotions. Unrealistic promises will only get you in trouble.

AQUARIUS (Jan. 21 - Feb. 19)

Get involved in the activities of children. You may find that your boss is not delighted with your work lately. Sudden changes of heart may cause disruptions in your domestic scene. Discuss your problems and complaints if you wish to rectify them.

PISCES (Feb. 20 - Mar. 20)

Travel will be in your best interest. You could be quite erratic regarding your personal relationship. Your unique approach to life will interest others. Go out with friends.

PPAWS - People & Puppies at Work for Sight
"MEET THE PACK!"
Mutt Strut Donation for Seeing Eye Puppies

The Cape May County Dog Obedience Training Club recently donated \$1,000, part of the proceeds from the 2018 Mutt Strut, to the area's PPAWS group. People and Puppies At Work for Sight is a group of volunteers who raise puppies to become Seeing Eye dogs for The Seeing Eye, the oldest and largest guide dog school in the world.

Until a Seeing Eye dog is ready for training, he or she lives with a puppy raising or foster family that gives the dog love, gentle guidance, and consistent care. One of the few requirements to be a Seeing Eye puppy raiser is to be a part of a local puppy-raising club. PPAWS - People & Puppies at Work for Sight, is a dedicated group of local families from Atlantic and Cape May Counties, which raise puppies for The Seeing Eye.

The CMCDOTC share of the proceeds is used to defray the cost of dog obedience classes offered to the public and training programs for members.

The 2019 Mutt Strut, now in its 13th year, will be held on the Cape May Promenade on Saturday, September 7th with a rain date of Sunday, September 8th from 8am to noon. Mark your calendar now for this fun activity with your dog.

For info on dog training classes, email cmcdotc@comcast.net or visit cmcdotc.com. For info on PPAWS, email ppaws-nj@comcast.net or visit facebook.com/sepuppyraisers. PPAWS is always looking for more people to help raise these amazing puppies. If you are interested, contact Peter at (609) 804-8774.

3. Hit a Pothole? Look for These Warning Signs
Hitting a pothole with your car can do a real number on tires, wheels, steering and suspension, and alignment. The non-profit Car Care Council urges motorists to watch for 3 signs to determine if hitting a pothole has damaged their vehicle.

1. Loss of control, swaying when making routine turns, bottoming out on city streets or bouncing excessively on rough roads are indicators that the steering and suspension may have been damaged. The steering and suspension are key safety-related systems. They largely determine a vehicle's ride and handling.
2. Pulling in one direction, instead of maintaining a straight path, and uneven tire wear, are symptoms of an alignment problem. Proper wheel alignment is important for the lifespan of tires and helps ensure safe handling.
3. Low tire pressure, bulges or blisters on the sidewalls, or dents in the wheel rim will be visible and should be checked out as soon as possible, as tires are the critical connection between the vehicle and the road.

Potholes occur when water permeates the pavement – usually through a crack – and softens the soil beneath it, creating a depression in the surface of the street. Many potholes appear during winter and spring months because of freeze-thaw cycles, which accelerate the process. Potholes can also be prevalent in areas with excessive rainfall and flooding. To learn more, view the "Dangers of Potholes" video at www.youtube.com/watch?v=C7cw1AJPAI0.

ARE ESSENTIAL OIL DIFFUSERS SAFE AROUND PETS?

Submitted By
 Patsy Nelson
 from The Wagging Tail

In the last few months, my husband got on a kick to use essential oil diffusers for me and for him. I had a concern about the pets and so I did some research and one of the essential oils that could be dangerous was tea tree oil. Now I have extended my research.

According to Dr. Tina Wismer, Medical Director, ASPCA Animal Poison Control Center, there are several warnings in relation to essential oils. She said the following:

"Unless pets have respiratory issues, skin exposure is more dangerous than inhalation. Pets can absorb topically applied oils through the skin or ingest them orally when they groom themselves. While there are some products made for pets, like flea control products that contain essential oils, these are low concentrations that are safe for pets, usually .1% to 1%. Use those products only as directed. Cats are much more sensitive to toxins because they have fewer metabolizing enzymes in their liver compared to dogs."

Some companies make dog specific or cat specific products that can be used on both cats or dogs. Unless you verify with the company, never use a dog specific product on a cat. About twenty years, I accidentally put a dog flea preventative on a cat. Hours later, I came home to find her convulsing. Thanks to Dr. Mosson at Parkway Vet, who by graciously meeting me at the clinic (in my stocking feet still connected to their phone line) saved her life.

Dr. Wisner points out that cats are especially sensitive to essential oils, subjecting them to possible gastrointestinal upset, central nervous system depression and even liver damage if ingested in significant quantities. Inhalation of the oils could lead to aspiration pneumonia. The signs that a dog or cat may be experiencing distress are drooling, vomiting, coughing and sneezing. Diffusing oils can be fatal to dogs or cats who have asthma or other serious respiratory conditions.

Various oils have degrees of toxicity. The ones in particular to avoid around pets are wintergreen, citrus, pine, cinnamon, pennyroyal, eucalyptus and tea tree. It is advisable to use your diffuser in a well-ventilated area and not for long periods of time.

(Source: <http://lifehacker.com>)

Another source "Daily Read" lists the following oils to be avoided around cats or dogs and to test by using a few drops for fifteen minute intervals to see if the pet has a reaction. Cats: citrus, grapefruit, lemon, orange, birch, cinnamon, clove, oregano, tea tree, thyme and wintergreen. Dogs: garlic, horseradish, clove, wintergreen, thyme, juniper and anise. Next article will cover safe, beneficial oils.

I am not giving up on my diffuser yet. I have not used any of the above oils. I use peace and calming essential oil. I only use it at bedtime. I keep my door open and fan blowing for good circulation of air. Always, our four dogs sleep with me, two on the bed, one under the bed, one in the closet, and anywhere from two to four cats with at most, two on the bed. There is usually very little room for me!
