HOROSCOPE

MARCH 23 - MARCH 29, 2023

ARIES (Mar. 21- April 20)

Don't let friends or relatives rule your life. Do a little extra work at home. Let them know what your intentions are. Be prepared for an active but rewarding day.

TAURUS (Apr. 21- May 21)

Don't jump into investments too quickly. Your passionate mood will be well received by your mate. Think twice before you volunteer information. You will enjoy getting together with friends.

GEMINI (May 22-June 21)

Put your thoughts into action. Take a close look at any contracts you've signed in order to be sure exactly where you stand. You may need to make a choice. Someone you live with may cause drastic alterations in your usual routine.

CANCER (June 22-July 22)

Don't jump too quickly if someone tries to make you join in on their crusade. Take advantage of your attributes and lure the mate of your choice. You're in the mood for love. Your temper may get the better of you if a colleague has tried to ruin your reputation.

LEO (July 23-Aug 22)

You could expand your circle of friends if you get involved in unusual activities. Your emotional state will vacillate. Money can be made if you are willing to take a chance. Focus on forming business partnerships.

VIRGO (Aug. 23 -Sept. 23)

Resistance leading to conflict will only make it twice as hard to turn the situation around. Some time spent with that special someone should be your intent. You'll stay out of trouble if you pick projects that will benefit the whole family. Visit friends or relatives you don't get to see very often.

LIBRA (Sept. 24 -Oct. 23)

Try not to get involved in other people's problems. Exercise discipline when it comes to controlling bad habits. Stop telling others about your problems. Try to include the one you love in your plans this week.

SCORPIO (Oct. 24 - Nov. 22)

Try not to be too aggressive or judgmental when talking to your mate. Remember that no one can walk through your door if there's someone standing in the doorway. Watch your tendency to live for the day and to spend too much on entertainment and children; it could set you back. You can get the attention of important individuals but it might not be the time to get them to help or to back your ideas.

SAGITTARIUS (Nov. 23 -Dec. 21)

Trips will be enjoyable, and communication with your lover will clear up any misconceptions. Include the whole family or those you love. Promotions will be yours if you have acted professionally in times of crisis. Your bankbook will suffer and your restrictions will put a damper on your relationship.

CAPRICORN (Dec 22- Jan. 20)

Watch your weight gain due to water retention. Travel will turn out to be far more exciting than you imagined. Try to get out and socialize. Don't be shy; show your abilities!

AQUARIUS (Jan. 21 -Feb. 19)

Try to stay calm and do the best you can. You need to get out and be an observer. You can expect to have some problems with skin, bones, or teeth if you haven't taken proper care of them. If you've taken on a lot of work, be sure to leave some time for yourself and family.

PISCES (Feb. 20-Mar. 20)

Do your own research and be prepared. You will be viewed as a sensitive, compassionate individual and others will ask you for advice. Watch your tendency to live for the day and to spend too much on entertainment and children; it could set you back. Underhandedness regarding legal matters or contracts must be counteracted.

Congressman Van Drew Holds Field Hearing on Offshore Wind Industrialization

On Thursday, March 16, Congressman Van Drew hosted a hearing entitled, "An Examination Into Offshore Wind Industrialization," & was joined by Rep. Chris Smith (R-NJ), Rep. Andy Harris (R-MD), & Rep. Scott Perry (R-PA).

"During today's field hearing we learned what so many of us have been saying all along - this is a rushed, unfair process that has been ignoring the many warning signs we have been seeing," said Congressman Van Drew.

"Our panel of witnesses exposed many of these egregious issues, from harmful effects to marine life, increased energy rates, & the collusion between our federal government & offshore wind companies to get these projects done, no matter the cost".

" I thank our witnesses & the hundreds of concerned citizens that attended & watched this hearing live. I sincerely apologize to all of those who wished to attend the hearing in person, but unfortunately the venue did hit maximum capacity & they made the decision to turn away individuals. I will continue pushing forward with this effort & will continue making the public aware of when additional hearings are taking place. This is an effort that needs the full-weight of Congress & I look forward to continuing this work in Washington, D.C."

NATIONAL CHEESESTEAK DAY – March 24

National Cheesesteak Day on March 24th not only celebrates a fantastic sandwich but it recog-

nizes one of this nation's greater debates; Who created this deliciousness? It's like March Madness for a cheesesteak. Pat's and Geno's square off at 10 AM followed by Chubby's and Dalesandro's at 11 AM. Then Jim's and Tony Luke's at Noon. Basketball fans know how brackets go. Someone is gonna get a bye.

However, the credit is given to a hot dog vendor from the 1930s, Pat Olivieri. According to Philadelphia's tourism site, Pat's King of Steaks sits on its original lo-

cation and is still going strong.

HOW TO OBSERVE NATIONAL CHEESESTEAK DAY

- Invite your friends and head over to your favorite cheesesteak restaurant.
- Get it with cheese (it's cheesesteak day, not steak day) and add the onions, too.
- Make your own cheesesteak. Give a shout-out to the restaurant that makes your favorite cheesesteak.

- 1 CUP CHOPPED CELERY
- 1 CUP CHOPPED CARROTS
- 1/2 CUP CHOPPED FENNEL
- 3 CLOVES GARLIC
- 3/4 CUP WHITE WINE
- 3/4 CUP VERMOUTH
- 1/2 LEMON
- 2 BAY LEAVES
- APPX 4 SPRIGS LEMON THYME
- APPX 4 SPRIGS PARSLEY
- SALT & WHITE PEPPER TO TASTE

PREPARATION:

Heat oil in a stock pot over medium heat. Add in Scallions, Leeks, Celery, Carrots, Fennel, & Garlic. Stir the vegetables until soft but not brown. Pour in alcohol & reduce liquid by half. Add in remaining ingredients & cover w/ water. Bring to a slow simmer for 1 hour. Strain through cheese cloth & use as needed.

Hint: Use white flesh fish (Flounder, Striper, Sea Trout, Tautog, Croaker, etc...).

I like to use stock in chowders & rich seafood sauces mostly. You can drink the stock w/ just some vegetables or add some noodles as well. Enjoy!

Winter Roads Mean Spring Problems For Your Vehicle

Your vehicle and potholes
 So, you hit a pothole, now what? How do you know if your car is out of alignment?
 The symptoms below might indicate poor alignment. If you do have any of the stated issues, it's probably time for an alignment service.

- 1. Your steering wheel is not straight**
 When driving on a flat road, check to see if your wheel is centered and straight. If it isn't, this could mean your wheels aren't aligned correctly and thus your car's alignment is off.
- 2. Your vehicle is drifting or pulling**
 If your car feels almost like it has a mind of its own, like it's drifting or pulling in a certain direction, then the alignment needs to be corrected. If your car keeps pulling in the same direction when you're not actively holding the steering wheel in place, chances are you need a wheel alignment.
- 3. Vibrating steering wheel**
 Does your steering wheel feel like it's shaking or vibrating? While there are several reasons why your steering wheel is shaking, the most common issue is the wheels are out of alignment. It could also be an issue with the suspension. Suspension components, especially in older cars, can come loose causing a vibration when driving.
- 4. Driving feels loose or unstable**
 You know you have an alignment issue if when handling your vehicle it feels loose or unstable as you take turns or even drive straight.
- 5. You hear noises.**
 Listen closely, if you hear squeaking, creaking, knocking, or rubbing when you start driving or go around corners, this may be a sign of steering and suspension issues. These noises come when the tires are dragged on the road instead of rolling on the road. If you hear these sounds and noises, consider it a cry for help from your car.
- 6. Check your tires**
 It's a good idea to inspect your tires immediately after hitting a pothole to check for damage. Look to see if there is a bulge on the tire sidewall or bent wheel rims. The best way to avoid major tire damage when hitting a pothole is driving with properly inflated tires that are in good condition.

PURINA PRO PLAN DOG FOOD

Submitted By
Patsy Nelson
from The Wagging Tail

This is not a very good food, and one which I would not recommend, nor ever feed to my dogs. The first thing to remember is their advertising campaign. It costs tons of money to advertise on television and full-page ads in numerous magazines. And who pays for that? Your pet by eating inferior food products and treats (the entire Purina line.) Purina cannot realistically give you quality healthy ingredients, charge a reasonable price for the products AND cover all their costs. This message pertains to all the grocery, dollar store, and foods sold by stores that only care about the bottom line. It is easy to fool consumers but not so easy to show how they have been fooled. You need to look at and understand the ingredients panel and what is fact and what is fiction. I had a heck of a time just locating the ingredients on Pro Plan as the computer kept redirecting me. Finally, I found a blog called PURINA PRO PLAN INGREDIENTS/RetrieverPro which not only lists, but explains the value of each ingredient. Too many grains, too little actual protein, and an unidentified mystery fat (what animal and from where, containing what diseased or contaminated parts?) Their overall opinion is that "this dog food is garbage."

Purina Pro Plan just had a recall this past February-and then expanded the middle of this month, because of elevated levels of Vitamin D in their Animal and Vet Diets El Elemental, caused by a U.S. supplier. Vitamin D toxicity can cause vomiting, loss of appetite, increased thirst, increased urination, excessive drooling, to renal (kidney) dysfunction. It is recommended that you stop feeding your pet this food immediately, or any substandard food that may be causing such symptoms and contact your vet.

We get plenty of great feedback from customers who have changed from feeding such diets as Beneful, Pedigree, anything Purina, Royal Canin, Nutrish, and Blue Buffalo. This includes crappy treats like Pup-Peroni and Milk Bones original. One of our new employees was complaining that her dog was constantly licking its paws. We encouraged Krystle to switch to Victor, one of our more reasonably priced dog (and cat) food-given a 5 star by Dog Food Advisor. She wrote me a letter and asked that we post it.

"Until I came to work at The Wagging Tail, I was feeding my dog Purina Pro Plan Sensitive Skin and Stomach. She was licking her paws all the time. Patsy and Alli recommended I switch to Victor's. Within less than one week the paw licking has completely stopped. She digests the food better. Her skin has no irritations, and her coat is super shiny. I highly recommend the Victor brand for dogs of all ages and sizes. And I discovered that proceeds from each bag go to Veterans and their war dogs. This company completely has their act together! The price of Victor's is very reasonable. I get an employee discount and you as a customer would get a free bag after 12 purchases, or our Sunday discount for veterans and seniors (55 and over.) I also stopped feeding Beggin' Strips when Patsy and Alli pointed out that they are full of carcinogenic ingredients like sodium nitrate, BHA, and artificial colors and flavors. They also have the fillers wheat, soy, and corn in them, which added to my dog's allergies. Now I give her our Wholesome's Bruno's jerky sticks, among others I am learning about. Between the treats and the Victor, my sweet girl is one healthy, happy pup! Thank you. The Wagging Tail for helping Pixie and me. If my dog's happy so am I." Our foods are 100% guaranteed to improve your pet's health and interest in eating or we take them back with a full refund or exchange. The fact that we have been successfully helping pets for over 36 years can only mean that what we are doing is definitely contributing to happy healthy pets.

Thank you for supporting and expressing your appreciation of The Wagging Tail. Come visit our shelter cats and kittens. Happy Spring.
