# HOROSCOPE

APRIL 4 - APRIL 10, 2018

## ARIES • (Mar. 21 - April 20)

Partnerships may be plentiful. Don't let others make you feel guilty or insecure. Everything is moving quickly, just the way you like it. You must steer clear of overindulgent individuals.

## TAURUS • (Apr. 21 - May 21)

You will be relentless when it comes to getting yourself back into shape. Your questions will help you ferret out secret information. Your ability to visualize will help you convince others of the possibilities. It might be best not to spend your money on luxuries this week.

## GEMINI • (May 22 - June 21)

Move into a leadership position if you are determined to do so. Your partner may push buttons that infuriate you. Look into joining groups that can give you hands-on advice about business. You can dazzle members of the opposite sex with your quick wit and aggressive charm.

## CANCER • (June 22 - July 22)

Involve yourself in group endeavors. Your ability to take hold of a situation will surely bring you popularity and leadership. Short trips will prove to be more fruitful than you imagined. You must look into your options.

## LEO • (July 23 - Aug 22)

Unexpected romantic connections can be made if you go out with friends or take a pleasure trip. Travel could bring you the adventure and excitement you require. Focus your efforts on your work. You may want to clear the air where older relatives are concerned.

## VIRGO • (Aug. 23 - Sept. 23)

Take a look at the possibilities of starting a small part time business with friends or relatives. You may find that romance will unfold through business connections. Don't let others try to create unwarranted guilt if you can't meet their demands. Quarrels will erupt if you get into philosophical debates with friends.

## LIBRA • (Sept. 24 - Oct. 23)

Use your obvious talent to work with detail and you can come up with something great. Travel will initiate new friendships or love connections. Finish up any correspondence by early afternoon. You will be quite excitable this week.

## SCORPIO • (Oct. 24 - Nov. 22)

Be careful; you may say something you'll regret later. Someone important may be watching you from afar. Be precise in your communications to avoid any misunderstandings and arguments. Avoid any petty ego confrontations; they could lead to estrangement if you aren't careful.

## SAGITTARIUS • (Nov. 23 - Dec. 21)

Take time to do some writing, whether it's correspondence, poetry, or keeping a journal. Educational courses will be stimulating and successful. Children may be demanding, and entertainment could cost a lot more than you can really afford. You can mix business with pleasure to get favorable results.

## CAPRICORN • (Dec 22 - Jan. 20)

You will be confused about the intentions of someone you work with. You will be able to make financial gains. Don't depend on coworkers to help; they may only hold you back. You may find yourself caught in a triangle.

## AQUARIUS • (Jan. 21 - Feb. 19)

It's doubtful anyone will try to stand in your way or cut you off at the pass this week. Your energetic nature and ability to initiate projects will add to your popularity. Offer love and affection instead of conflict and rejection. If you haven't already, don't be afraid to start your own small business on the side.

## PISCES • (Feb. 20 - Mar. 20)

You can make money, but try not to let it slip through your fingers. Make some notes regarding the changes that you should make. Take a close look at any contracts you've signed in order to be sure exactly where you stand. You may blow situations out of proportion when dealing with the one you love.

In the morning (10:30 am) we will be showing selected independent films submitted from all over the country followed by a lunch break. Our own local *Empanada Mama* will be bringing their restaurant to us, so come prepared to enjoy their menu items without leaving the festival location. In the afternoon we will screen more independent films. After a break for dinner:

Saturday Night Feature:

7:00 – 9:30 pm

Mr. Anthony Bregman, producer of *Eternal Sunshine of the Spotless Mind*, will be joining us for a screening of *Eternal Sunshine* followed by a Q & A panel moderated by our own Stefan Prosky and actor Wil Keenan. Mr. Bregman's latest film was *Collateral Beauty*. His other credits include *Begin Again*, *Sing Street*, *Foxcatcher*, *American Ultra* and *The Circle* and the list goes on. Join us for the opportunity to talk to Mr. Bregman about his craft!

In support of *Let's Hear Your Story*, the Cape May Film Society will have a story booth. Guests will have the opportunity to tell their own stories of triumph in adversity. ## INTRODUCTION OF ELK & BISON INTO PET FOOD

Submitted By  
 Patsy Nelson

According to an article published in the February 2018 issue of PETFOOD INDUSTRY magazine, elk and bison ranches are contributing both to a novel source of protein for dogs and cats, while helping the environment.

Raising cattle causes more ecological damage because of the pollution and resources needed to sustain them. Also, cattle tend to linger at waterways causing erosion and other damages to riparian ecosystems. Bison, on the other hand, tend to drink their fill and meander away. Bison and elk also require substantially less human assistance, and can thrive on grasslands on which cattle cannot. An advantage for elk farmers, too, is that elk can be raised on marginal land that may not be otherwise useful for farming. This then helps to remove carbon from the atmosphere and sequesters it back into the soil, making for both healthy grasslands and healthy soil.

Dave Carter, of the National Bison Association, says, "As more people discover the great taste and nutritional attributes of sustainably raised bison, they want their companion animals to enjoy the experience as well." We sell elk antlers, which are naturally shed, and we sell several dog food items with bison. My dogs eat the beef and bison fresh pet, freeze-dried bison toppers, and bison canned food.

According to Petfood Industry's Dog and Cat Food Ingredient Center database, only seven pet foods, have elk, five dry dog foods, and one each dog and cat treats. For bison, 58 dry or wet dog and cat foods and treats are on the market. In comparison, beef appears in 789 dry or canned dog foods and treats. Two hundred and three dry or canned cat foods and treats feature beef.

**Better Driving Habits Help Family Finances and the Environment - Part 1**  
by Tony Molla

According to the nonprofit National Institute for Automotive Service Excellence (ASE), motorists can help the environment and their own finances by incorporating a few good practices. Regular vehicle maintenance and better driving habits are two simple ways any car owner can go "green" — both for the environment and one's own wallet. Here are a few specific, easy-to-implement tips from ASE:

- **Keep the engine running at its peak performance.** A misfiring spark plug can reduce fuel efficiency as much as 30 percent. Replace filters and fluids as recommended in the manual. A well-tuned engine pollutes less and uses less. Moreover, neglected engine performance problems can cause costly repairs over time.
- **If you do your own repairs, be a good steward of the environment.** Dispose of engine fluids and batteries properly. A single quart of used motor oil can pollute thousands of gallons of water. Antifreeze poured on the ground can poison wildlife and household pets. Check around at local repair facilities to see if they accept used fluids and parts, or call your local government agencies for information on proper disposal and recycling.
- **Keep tires properly inflated and aligned.** If your air pressure is low, you force the engine to work harder and burn more gasoline. Tires that are misaligned also make your vehicle work harder. Consider, too, that poorly maintained tires wear out faster, which means more discards have to be scrapped, recycled, or sent to the landfill.

Stay tuned next week for some additional tips...
