# HOROSCOPE

MAY 2 - MAY 8, 2018

## ARIES • (Mar. 21 - April 20)

New projects may lead you into a dead end. You are best to be accommodating for the time being. Sudden romantic infatuations won't be lasting. Uncertainties regarding relatives will make situations uncomfortable if you attend a family function. You need to start planning that vacation.

## TAURUS • (Apr. 21- May 21)

You may find that your quick wit and charm will help you in obtaining allies. Double check your work and be sure that your boss is in a good mood before you do your presentation. Debates will stifle passion and result in estrangement. Try to stay calm and understand both sides of the situation.

## GEMINI • (May 22 - June 21)

Your charm will be captivating. Make changes around your house and plan to do some entertaining. Be tolerant, but don't let any one take you for granted. You can make some favorable changes to your looks.

## CANCER • (June 22 - July 22)

You're in the mood to spend money. Don't spend too much in order to impress others. You should be looking at ways to spoil yourself. Be wary of those who have overly strong convictions.

## LEO • (July 23 - Aug 22)

You can learn a great deal more if you listen rather than rant and rave. Opportunities to upgrade your living standards will come through your lover or through joint financial investments. This is a great day to spend with family. Invite friends over rather than spending money on lavish entertainment.

## VIRGO • (Aug. 23 - Sept. 23)

Don't let your mate talk you into going somewhere you'd rather not go. Deal with the needs of children and get into groups that deal with self awareness. You're best not to get involved in joint financial ventures. You may find out that someone is trying to undermine you.

## LIBRA • (Sept. 24 - Oct. 23)

Past partners may try to come back into your life. Your mind will be wandering to exotic destinations. Look into alternatives that would better suit both your needs. Be creative in your pursuits.

## SCORPIO • (Oct. 24 - Nov. 22)

Travel could turn out to be more exciting than you imagined. Put your money into a safe place that will ensure a profit if you let it sit long enough. Older relatives may be a burden. A lot can be accomplished if you organize your time.

## SAGITTARIUS • (Nov. 23 - Dec. 21)

You may find that someone you live with may be irritable; you're best to leave them alone. Finish up any correspondence by early afternoon. Children's needs could be more costly than you anticipated. You may find that someone you really cared for in the past has come back into your life.

## CAPRICORN • (Dec 22, - Jan. 20)

You are best to do your research before taking on such a venture. You can make it up to them later. It is time to clear your decks. Loss is evident if you don't consider all the angles.

## AQUARIUS • (Jan. 21 - Feb. 19)

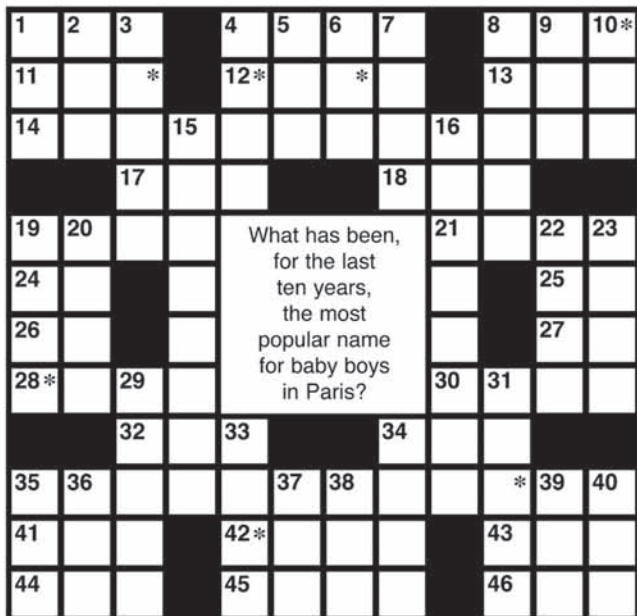

Do not over expand if you have your own business. Sit tight. Helping children may be rewarding and challenging. Taking on too much won't help the situation. You should put a little extra effort in at work.

## PISCES • (Feb. 20 - Mar. 20)

A change in position could be better than you thought. Romance will be yours if you get out and do things in large groups. Go out with friends or family. You won't be well received by superiors or by your spouse.

### What is Cinco de Mayo Really About?

In 1861, Mexico was experiencing financial difficulties, resulting in its default on its debts to several European countries. France, England and Spain sent naval forces to Mexico to collect the debt. England and Spain came to terms with Mexico on the debt. France, under Napoleon's leadership, choose to force the issue. France's 6,000 troops attacked a poorly equipped 2,000 troops from Mexico, but France lost 500 men, while Mexico lost 100. The French retreated on May 5th, leading to the celebration. While the war continued until the United States brought assistance 6 years later, the defeat was a symbolic victory for Mexico.

While many people in the United States believe Cinco de Mayo is Mexico's Independence Day, that holiday actually occurs in September. In Mexico, the September date remains the more important one and has larger celebrations. One theory about the importance of Cinco de Mayo in the United States is that the people who left Mexico after the battle continued celebrating the date in their new home, according to About.com.

## WILDWOOD EVENTS

### Tournament of Bands Indoor Championships ~ Thursday-Sunday May 3rd-6th

The National Judges Association Tournament of Bands Atlantic Coast Indoor Championships will be held at the Wildwoods Convention Center Thursday, May 3 through Sunday, May 6.

The Tournament of Bands will feature performers ranging from middle school through college level and encompass marching bands, indoor guard, majorette, percussion and dance teams – as well as jazz bands. Over 220 competitive scholastic and independent units from nine states in the mid-Atlantic region will compete in the four-day competition.

A variety of unique styles are incorporated into each performance, which get more creative every year. All classes will be judged on: Quality of Sound, Balance/Blend, Interpretation, Musicality, Rhythm, Solos/Improvisation and Repertoire. Gold, Silver and Bronze awards will be presented to the winners of each group in each class.

The Tournament of Bands is one of the largest educational competitive band organizations in the country. Founded in 1972 by the National Judges Association, it has grown to more than 400 active school and independent organizations. As part of their commitment to education, scholarships totaling more than \$100,000 have been awarded to graduating senior students to attend colleges and universities throughout the United States.

The event hours are Thursday, May 3 from 9am-10:30pm; Friday, May 4 from 8am-11:30pm; Saturday, May 5 from 8am-11:30pm; and Sunday, May 6 from 8:30am-4pm.

For additional information or to purchase tickets, call 609-849-8553 or visit [www.njatob.org](http://www.njatob.org).

**3. Don't Let the Check Engine Light Turn You Off From Making Needed Repairs**

The top 10 check engine light repairs from the annual CarMD Vehicle Health Index reinforces what the Car Care Council has been saying for years. Motorists who ignore the check engine light get less miles per gallon and could face costly repairs down the road. "Many people fear that when the check engine light comes on, it is going to mean several hundred or more dollars in repairs, so they ignore the light and hope the problem goes away," said Rich White, executive director, Car Care Council. When the check engine light is illuminated, it usually means that the vehicle system, such as the ignition, fuel injection or emission control, is not operating properly, even if the vehicle appears to be running normally. The top 10 most common check engine light repairs are as follows.

- Replace O2 sensor(s) • Replace ignition coil(s) and spark plug(s)
- Replace catalytic converter • Inspect fuel cap and tighten or replace as necessary
- Replace evaporative emissions (EVAP) purge control valve • Replace mass airflow (MAF) sensor • Replace ignition coil(s) • Replace evaporative emissions (EVAP) purge solenoid • Replace fuel injector(s) • Replace thermostat

"Following a recommended maintenance schedule and addressing small problems before they become bigger ones will help extend the life of your car and minimize check engine related repairs," continued White.

## THE BENEFITS OF YOGURT FOR PETS

Submitted By  
Patsy Nelson

Recently a customer was having issues with her pet's gastrointestinal tract. Her vet had her using a prescription diet. I suggested that she start giving her dog plain yogurt mixed in with the natural packets or cans of pureed pumpkin that The Wagging Tail sells specifically to aid in a dog or cat's digestive health.

It is amazing to think that people have been eating yogurt for thousands of years. Around 6000BC, people of central Asia began storing the milk from their animals in containers made from the stomach of such animals. The milk naturally curdled and fermented, aided by the natural enzymes in the stomachs.

Ghenghis Kahn, founder of the Mongol Empire, required all of his soldiers to eat yogurt as he believed it instilled bravery in his men.

In the early 20th century, a Bulgarian medical student named Stamen Grigorov discovered bacillus bulgaricus, a lactic acid still found in today's yogurt cultures.

The first yogurt factory was established in France in 1932 - Dannone (Danon) Yogurt.

Adding yogurt to your pet's diet provides him with a valuable source of protein and calcium, along with magnesium, potassium, vitamin D, K2 enzymes, essential fatty acids and whey. It also contains probiotics to help support the gastrointestinal system and boost immunity. If your pet has been prescribed antibiotics, just like us humans, the probiotics in yogurt help to restore the beneficial flora diminished or destroyed by the antibiotics thanks to the strains of good bacteria found in this superfood.

As a word of caution, only feed your pets natural, pure, plain yogurt without any added flavors or sugar and certainly not with any sugar substitute such as xylitol, which is toxic to pets.
