NJ LIC HEARING AID DISPENSERS –
JAMES L. SAAD, JR. LIC. #171; RICHARD J. SAAD, LIC. #324

Free electronic hearing test will be given at the Cape May County Hearing Aid Dispensary, 204 S. Main Street, Cape May Court House on Tuesday, Wednesday, Thursday & Friday, July 5, 6, 7 & 8. Please call for an appointment. Anyone who has trouble hearing or understanding speech or words clearly is welcomed to have a test using the most modern electronic equipment to determine if their hearing loss is one which may be helped.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people not wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the modern methods of hearing correction can help them hear better. The Free Hearing Tests will be given by factory-trained Hearing Aid Specialists licensed by the State of New Jersey on Tuesday, Wednesday, Thursday & Friday, July 5, 6, 7 & 8.

HOROSCOPE

JUNE 30 - JULY 6, 2022

ARIES (Mar. 21-April 20)

You can come up with solutions to the problems responsible for inefficiencies at work. You will find it easy to learn and excel. If they're really interested, they'll wait. Things are looking good for you, so open your eyes and get to it.

TAURUS (Apr. 21-May 21)

Look for professional guidance if it will help unite the family. This is a turning point. You might find that a coworker has been two faced. Your lover may feel rejected.

GEMINI (May 22-June 21)

You are able to make changes in your home that will be favorable to all involved. Children may be difficult to handle. It's time to make professional changes. You can gain distinction; however, it may be for the wrong reasons.

CANCER (June 22-July 22)

You need to challenge yourself. Sudden trips will take you by surprise. Your involvement in sports or entertainment will lead to new romances. Don't cause a scene, but when you get home let your partner know how you feel and why.

LEO (July 23-Aug 22)

Hobbies will be good for your emotional well being. Take care of yourself or you can expect to suffer from minor illness. Difficulties with female members of your family may result in estrangement's. Overindulgent people will cause disruptions in your life.

VIRGO (Aug. 23-Sept. 23)

Be careful while traveling. Don't blow situations out of proportion or you could find that others will misinterpret what really happened. Don't let relatives make demands of you. Try not to be overly generous.

LIBRA (Sept. 24-Oct. 23)

Don't involve yourself in the emotional problems of those you work with. Use your head and do things to your liking. Spend a quiet day with the one you love. You need to start planning that vacation.

SCORPIO (Oct. 24-Nov. 22)

Don't fall for damaging rumors, and refuse to get involved in gossip. Love can be yours if you get out and about. Don't be angry, but be on your guard. You will reach the most people if you speak out at an organizational function.

SAGITTARIUS (Nov. 23-Dec. 21)

Legal matters that have been pending may be alleviated through compromise. You can make excellent purchases this week. Don't be too quick to judge others. Take advantage of moneymaking ventures.

CAPRICORN (Dec 22-Jan. 20)

You will tend to overeat this week. Look closely at motives and honesty in your personal encounters. You will do extremely well if you get involved in competitive activities this week. Risky financial ventures will result in unrecoverable losses.

AQUARIUS (Jan. 21-Feb. 19)

Overindulgent people will cause disruptions in your life. Your self esteem will come back if you take part in organizational functions that allow you to be in the lime light. You can find out interesting information if you get a chance to talk to people you respect. Be aware that a female you work with may be trying to hold you back.

PISCES (Feb. 20-Mar. 20)

It's doubtful anyone will try to stand in your way or cut you off at the pass this week. Find a way to consolidate. Changes in your home are apparent, and you must be willing to bend if you don't want to find yourself alone. Changes in your domestic scene are evident.

Chill Out at this 57-year-old classic ICE CREAM STAND

Milky Way Ice Cream & Mini Golf

Villas

WHAT *It is truly a local favorite. Located in a quaint bayside town, it is well known and easy to find. They have softserve and hand dipped ice creams. Milkshakes, blizzards, frozen bananas, water ice, and sundaes. The prices are great and their portions are generous.*

WHY *Milky Way Ice Cream and Mini Golf has a true nostalgic feel of the neighborhood ice cream hang out. It's a perfect stop for the family on a hot summer evening for handmade ice cream treats followed by a game of putt-putt.*

THE WILDWOODS CROWN THE KING AND QUEEN OF MARBLES AT THE 99TH ANNUAL NATIONAL MARBLES TOURNAMENT JUNE 23

The Wildwoods concluded the 99th Annual National Marbles Tournament on June 23 with the crowning of the King and Queen of Marbles. Jessica Johnson of Wildwood was crowned "Queen" and Girl's National Marbles Champion, and became the first girl's champion from New Jersey to win the title. Johnson played her teammate, Evelyn Merino, also of Wildwood, in a best of 15-game final match. Todd Kmiecik, of Middletown, Maryland, claimed the boys title against Wildwood's Marco Juarez.

Champion marble shooters from across the country gathered in the Wildwoods to compete in the 99th Annual National Marbles Tournament on Monday, June 20 through Thursday, June 23, all vying for the title of "King" and "Queen" of Marbles.

Players selected from local tournaments held in cities throughout the United States reunited in the Wildwoods, after a two-year hiatus due to the pandemic, for four days of serious marble competition and fun on the island's award-winning beach and nationally recognized boardwalk. The "Mibsters" (male and female marble players ages 8-14) competed for national honors, college scholarships, as well as an array of other prizes and awards during the annual tournament.

More than 1,200 games of marbles were played throughout the tournament at Ringer Stadium, located on the beach at Wildwood Avenue in Wildwood, NJ, with the top eight shooters advancing to the semi-finals competition. Johnson, Merino, Kmiecik, and Juarez competed in a 'Best of 15' series for the championship.

The marbles game in which competitors will participate is called 'Ringer.' It is played by placing 13 marbles in the form of an "X" in a 10-foot circle, with players then alternating shots to knock marbles out of the ring. The winner is the individual who is first to shoot seven marbles out of the ring. For additional information, visit www.nationalmarblestournament.org message or call 412-913-1184. For additional information about the Wildwoods, visit www.wildwoodsNJ.com or call 800-992-9732.

AND SEAFOOD RECIPE**

CARIBBEAN GRILLED SHRIMP OVER PINEAPPLE SLAW

INGREDIENTS:

- 1 LB. Extra Large Shrimp, peeled & deveined
- 2 TBS. Olive Oil
- Caribbean Jerk spice to taste
- Ingredients For Slaw:
- 1 Small Half Head Cabbage
- 1/4 Cup Pineapple Juice
- 1 TBS. Cider Vinegar
- 1 tsp. Honey
- 1/4 tsp. Celery Seed
- 1 Chopped Cilantro
- Salt & Fresh Cracked Black Pepper to taste

PREPARATION:

In a bowl, whisk together; juice, vinegar, honey, celery seed, cilantro, salt & pepper. Next, Chiffonade (shaved, thin slice) cabbage. Toss cabbage in the bowl w/ the dressing. Wrap w/ plastic & refrigerate. Preheat grill to medium high heat. Spray the grill with nonstick spray. Dust shrimp w/ spice. Grill until shrimp is opaque. Remove shrimp to a plate & allow to rest for 5 minutes. Serve slaw on a chilled plate & place shrimp on top. Enjoy A healthier, lighter side summer dish. Enjoy!

Hint:
This slaw contains no mayo. You can add it if desired.

SPARE TIRE: OUT OF SIGHT BUT (HOPEFULLY) NOT OUT OF MIND

Does your spare tire show signs of age—lack of air cracks and thin tread? Take a look before your next road trip.

What should drivers know about maintaining temporary tires? Spare tire guidelines:

- Do not assume your vehicle includes a spare tire. If you are purchasing a new vehicle, ask whether it comes with a spare tire or, if not, whether you can purchase a spare suited to your vehicle.

- Limit vehicle speed to 50 miles per hour when using the spare. The smaller size of some spare tires makes driving at faster speeds hazardous.

- Avoid quick maneuvers and cornering too fast wherever possible. Spare tires simply do not handle as well as full-sized tires. Temporary tires are usually a basic tread pattern and can be used in wet surfaces, but the pattern and size is not built for speed or maneuvering.

- Check your temporary tire for information on mileage. In general, temporary tires should not be driven for more than 50 to 100 miles.

- Do not use temporary tires as a replacement for full-sized standard tires designed for your specific vehicle. They are intended for emergency use only.

- Replace spare tires whenever they show signs of wear or damage (tread wear, bubbles on sidewall, cracks in the rubber).

- Ask your service advisor if it's time to replace your spare tire. Spare tire lifespan varies between six to 10 years.

- Inspect spare tire inflation every time your vehicle's tires are rotated (about every 5,000 - 8,000 miles).

- Check the sidewall of your spare tire for required air pressure. Compact spare tires typically hold more air than traditional full-size spares (as much as 60 PSI). According to tire experts, underinflated or overinflated spare tires may cause tire failure.

- Find out before your next adventure whether your vehicle actually has a spare. Some 30% of new vehicles do not, and your family should put together a backup plan in case of a tire accident.

SECONDHAND AND THIRDHAND SMOKE-DANGEROUS TO PETS (PART 2)

Submitted By
Patsy Nelson
from The Wagging Tail

In last week's article I discussed the harm in general, caused by cigarette smoking. According to the research I found, cigarettes may contain as many as 600 different ingredients and one cigarette emits as many as 7,000 chemicals, ninety-three of which are on the FDA's top list of "harmful constituents in tobacco products and tobacco smoke." The top eleven are "ammonia, arsenic, benzene, carbon monoxide, formaldehyde, hydrogen cyanide, lead, mercury, nicotine, toluene, and uranium-238." The resulting harm of these chemicals can be heart disease, lung and bladder cancer, stroke, hardening of the arteries, asthma, sudden infant death syndrome, and even milder problems like ear infections. Everyone is at risk to secondhand smoke (what is exhaled) and thirdhand smoke, which is sticky and adheres to clothing, walls, carpets, skin, hair, fur, etc., which can linger for months and can be re-released later, back in the air "as gases or ultra-fine particles after reacting with chemicals normally present in the air, like nitrous acid and ozone."

DOGS that already have heart and lung issues are at greater risk if subjected to cigarette smoke. A type of white blood cell called an alveolar macrophage is like a watch dog and detects "invading bacteria, fungi, or viruses and sends out help signals to other cells in the immune system." They help to rid the lungs, in humans too, of "dead or dying tissue and other harmful things, like particles of tobacco smoke, dust, or plant pollen." Dogs with bigger and longer noses will trap more particles in the hair and mucus in their sinuses. Breeds like collies, greyhounds, shepherds, and standard poodles will have a double chance of getting nose cancer. Short and medium-nosed breeds like pugs, French bulldogs, and beagles, have a higher incidence of lung cancer because the dangerous toxins have an easier route to their lungs. Dogs that live with cigarette smoke may also develop more allergies and ear infections.

CATS are fastidious about their fur and lick their bodies much more than dogs. Cats do breathe in secondhand smoke which has been linked to an aggressive mouth cancer called oral squamous cell carcinoma, and then to exacerbate the problem, they groom themselves and ingest the sticky thirdhand smoke particles. Only 10% of cats will survive one year of oral cancer, even with aggressive treatments. And if they develop lymphoma, a cancer of the immune system like non-Hodgkin's lymphoma in people, they may only live another six months.

BIRDS are super sensitive to air pollutants especially cigarette smoke. They breathe in the secondhand smoke and their constant preening causes them to ingest the particles of thirdhand smoke. They also contact thirdhand smoke when they perch on anything that may have thirdhand smoke particles attached to it, a chair, an owner's shoulder, and they like to peck at shiny objects like earrings and preen human hair, thus getting particles on their feet and in their mouth. Birds who live with smokers can develop irritated sinuses, pneumonia, allergies, lung cancer, feather plucking, eye problems, skin abnormalities, heart problems and fertility issues.

GUINEA PIGS or any "Pocket pets" are not immune to cigarette smoke either. They can develop emphysema, pulmonary hypertension (high blood pressure), and decreased weight gain (due to toxic effects on their metabolism.)

PET FISH are harmed by the nicotine in cigarettes which dissolve into the water in the fish tank. Fish thus exposed "can develop muscle spasms, rigid fins, and loss of color," and death.

Nicotine poisoning is a serious concern for pets, even from electronic delivery devices. Check the net.

Thank you to all who voted for us, and appreciate what we strive to deliver to ensure healthy happy pets.
