## HEARING TESTS SET FOR SENIOR CITIZENS

CALL 465-9199 or 1-800-290-3277

CAPE MAY COUNTY HEARING AID DISPENSARY

204 S MAIN ST • CAPE MAY COURT HOUSE

609-465-9199 • 1-800-290-3277

NJ LIC HEARING AID DISPENSERS -

JAMES L. SAAD, JR, LIC. #171; RICHARD J. SAAD, LIC. #324

Free electronic hearing test will be given at the Cape May County Hearing Aid Dispensary, 204 S. Main Street, Cape May Court House on Monday, Tuesday, Wednesday, Thursday & Friday, August 1, 2, 3, 4 & 5. Please call for an appointment. Anyone who has trouble hearing or understanding speech or words clearly is welcomed to have a test using the most modern electronic equipment to determine if their hearing loss is one which may be helped.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people not wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the modern methods of hearing correction can help them hear better. The Free Hearing Tests will be given by factory-trained Hearing Aid Specialists licensed by the State of New Jersey on Monday, Tuesday, Wednesday, Thursday & Friday, August 1, 2, 3, 4 & 5.

Jenny (Rohr)	(Jill) Hennessy	Secrets
Siobhan (Quays)	(Lauren E.) Banks	Corruption
Chris (Caysen)	(Matthew) Del Negro	Investigation

# HOROSCOPE

JULY 28 - AUGUST 3, 2022

### ARIES (Mar. 21-April 20)

Do you really want to start something with someone you can't reason with? Don't overlook that fact that someone you care about may be hiding something. Listen, but don't make any rash decisions. Don't argue with family.

### TAURUS (Apr. 21-May 21)

Someone you care about may not be too well. Don't jump into investments too quickly. Spend some time with the one you love. Pleasure trips will be satisfying. Personal problems may be hanging over your head but don't confront the situation.

### GEMINI (May 22-June 21)

Minor health problems will flare up if you don't take care of yourself. You can help sort out problems that friends are facing. Get involved in groups and organizations that are of a distinguished nature. Your boss may not be in the best of moods this week.

### CANCER (June 22-July 22)

Relatives may be less than easy to deal with. Uncertainties regarding your love life will surface if you have neglected your mate. Difficulties at an emotional level may be likely. Get involved in worthwhile endeavors and meet new friends.

### LEO (July 23-Aug 22)

You're in the mood for love. You will be moody and react poorly to issues concerning your mate. Your confidence will stabilize your position. Be prepared for an active but rewarding day.

### VIRGO (Aug. 23-Sept. 23)

You may find yourself interested in more than one person. You could be attracting individuals who are anything but good for you. It will do you some good. You can get your point across if you don't beat around the bush.

### LIBRA (Sept. 24-Oct. 23)

Take time to do something nice for yourself. Take your time. You can enjoy doing things that include children. Property deals look good.

### SCORPIO (Oct. 24 - Nov. 22)

Don't settle for less than the best. Take time to find out all you can. You could have a tendency to spend too much on your home or entertainment. You should get involved in competitive sports this week.

### SAGITTARIUS (Nov. 23-Dec. 21)

You can make changes to your domestic scene that will benefit all who reside there. Don't blow situations out of proportion. Do your job and don't ask for favors. A better diet, exercise, or a change to a relaxed atmosphere could be ways to soothe your nerves.

### CAPRICORN (Dec 22 - Jan. 20)

Opportunities for romance may develop through dealing with groups that have a purpose. Sudden changes regarding your circle of friends could prove interesting and stimulating. Try to calm down and listen to your partner's complaints. Compromise may be necessary. Be sure not to burn any bridges.

### AQUARIUS (Jan. 21-Feb. 19)

Your ability to ferret out secret information will lead you to an inside scoop on an amazing financial deal. Move forward if you want to turn your life around. Your obviously unique way of doing things has caught the eye of someone in a higher position. Try to be patient and understanding.

### PISCES (Feb. 20-Mar. 20)

You may be out of sorts if you have been extravagant or have let children or friends take advantage of you financially. You can make major decisions regarding your professional direction. Don't let coworkers get wind of your ideas or they might try to take credit for your hard work. Take care of any medical problems if they've been troubling you.

**WHAT'S HAPPENING THIS WEEK AROUND THE CAPE**

**THE WILDWOODS**

Discs Will Fly as World's Largest Ultimate Tournament Returns to the Wildwoods' Beaches July 30 & 31

The annual Beach Ultimate Tournament, the largest co-ed beach

Frisbee tournament in the world, celebrates 30 years in the Wildwoods on Saturday, July 30 and Sunday, July 31.

Beach Ultimate, originally known as Ultimate Frisbee, is a non-contact team sport played with a flying disc. It mixes the best features of sports such as soccer, basketball, American football and netball into

a simple yet fascinating and demanding game. Points are scored by passing the disc to a teammate in the opposing end zone. Other basic rules are that players must not take steps while holding the disc, and interceptions, incomplete passes, and passes out of bounds are turnovers.

A normal game is played until one team achieves 15 scores. A score is similar to a touchdown because to score, someone must catch the Frisbee in the end zone. Competitions will be held from 9:30 a.m. – 5 p.m. on Saturday and from 10 a.m. – 5 p.m. on Sunday. Over 100 fields will stretch along the beach from Surfside Pier at 26th Street to the Wildwoods Convention Center. Admission is FREE to spectators. For additional information or to register for the tournament, visit [www.WWBeachUltimate.com](http://www.WWBeachUltimate.com).

All Seafood Cooked to Order

**HISTORIC COLD SPRING VILLAGE**  
735 SEASHORE RD., N. CAPE MAY  
DOWN ON THE FARM WEEKEND  
Saturday and Sunday, July 30th & 31st: 11:00am-4:00pm  
Sponsored by Smeltzer & Sons  
Experience life on an Early American farm through hands-on activities and exhibits, which will include collections of antique and modern farming equipment and tools. Visitors can tour the historic Corson-Gandy Barn, c. 1880. Guests can visit the Village, pigs, chickens, and calves. Children may also participate in farm chores at the agricultural barn complex throughout the day.  
The Friends of Historic Cold Spring Village will also host the Annual Dog Show on Saturday beginning at noon at the Gazebo.  
The fee has been reduced 50% for one handler and one dog to \$6.00. Any guest with a 2022 membership is admitted free of cost. Register your pet beginning at 11.00am. There is no fee to register this season. Donations welcome.

### CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

**CITRUS VINAIGRETTE FOR CHILLED SEAFOOD SALAD**

**INGREDIENTS:**

- 1 Tbsp Fresh Squeezed Lemon Juice
- 1 Tbsp Fresh Squeezed Lime Juice
- 1 Tbsp Fresh Squeezed Orange Juice
- 1 tsp Champagne Vinegar
- 1 Tbsp Honey
- 1/4 tsp Dijon Mustard
- 3 Tbsp Extra Virgin Olive Oil
- 1 Tbsp Red Onion, Brunoise Cut (Small Dice)
- 1 tsp Fresh Minced Garlic
- 1 tsp Fresh Chopped Parsley
- Kosher Salt & Fresh Cracked Black Pepper (To Taste)

**PREPARATION:**  
 Pour juices, vinegar, honey, mustard, onion, garlic, parsley, salt and pepper into a bowl. Slowly whisk in oil until emulsified. Serve with any chilled seafood over a bed of greens. Enjoy!

### SUMMER HEAT: HOW TO PREVENT BRAKE PROBLEMS ON NEXT ROAD TRIP

Here are some critical brake reminders for your travels during the summer of 2022:

- Beware of signs that your vehicle's brake system needs some attention. Do you hear squeals or feel vibrations when brakes are applied? Does the brake pedal feel spongy or drop all the way to the floor?
- Check for leaks of the brake reservoir. Also known as the master cylinder, the reservoir is located beneath the hood and needs to be inspected periodically for worn out seals.
- Check for leaks from pistons and other brake caliper components near the wheel well.
- Inspect brake hoses for cracks and brittleness. The hydraulic system requires fluid and a pressurized system to function properly. Leaking or damaged brake lines degrade system performance.
- Ask your advisor if it's time for fluid brake replacement. Old, contaminated fluid needs to be replaced periodically. See owner's vehicle manual guidelines.
- Do not ignore warning lights on the dashboard or messages on your display screen. They must be addressed immediately to prevent possible brake system failure.
- Avoid aggressive driving, which places unnecessary strain on brakes and accelerates brake system wear.
- Get quality brake replacement parts. They last longer and perform better.
- Test the parking brake. It is easy to overlook when you're having your vehicle serviced for regular oil changes and tire rotation.
- Make a habit of getting an inspection of your vehicle brake system during every oil change or tire rotation (about every 5,000-7,000 miles).
- If you are towing a vehicle, test your brakes with the trailer loaded before leaving town.
- Have a friend check brake lights on your vehicle and trailer. Pump the brake pedal to make sure all brake lights are operating properly.
- See your vehicle owner's manual for vehicle-specific recommendations.

**PART TWO ABOUT HEARTWORM DISEASE DOGS, CATS, AND FERRETS WHY WORRY ABOUT HEARTWORM**

**DISEASE?**

Submitted By  
Patsy Nelson  
from The Wagging Tail

The first article can be read on our Face Book page, or you can obtain a copy at The Wagging Tail. For dogs it is a very serious concern and here in New Jersey and along the Atlantic coast it is highly prevalent. Heartworms are carried by a mosquito that had bitten a dog already infected with heartworms which are then transmitted to the mosquito who then passes the microfilariae into the bite site of another dog. Giving your pet heartworm preventative, either by injection or chewable tablet, can save your dog's life, and you a great deal of costly treatment in order to eradicate heartworms in your pet's heart, lungs, and attached blood vessels, which in a full blown "worm burden" can look like a bowl of spaghetti. Melarsomine dihydrochloride is an arsenic-containing FDA approved drug used to kill heartworms in dogs. It is injected deep into the back muscles for dogs with "stabilized class 1, 2, and 3 heartworm disease. Treatment can be potentially toxic to the dog's body and can cause serious complications, such as life-threatening blood clots to the dog's lungs." It is imperative to get a blood test at your vet's if you have not been consistently giving the preventative, have changed the type of preventative, or have not begun a program.

Cats, both indoor and outdoor, can also get heartworms after being bitten by an infected mosquito, but they are not considered a natural host like a dog is and they are not prone to the same extent of infection. The worms do not thrive well in a cat's body. While heartworms can live in an untreated dog for five to seven years, in a cat it is usually three to four years. And the number of worms in a cat, called the worm burden, is relatively low-one or two-while in a dog the burden could get as high as 250. Even so, because of a cat's small size one or two worms is considered a lot. It takes about a month longer for heartworms in a cat to mature than it does in dogs. "Only 20 percent of cats with heartworm disease have microfilariae in the bloodstream, compared to 80 to 90 percent of dogs with heartworm disease." And in cats the presence is short-lived. Blood-testing a cat for heartworms is not reliable. Vets must rely on x-rays and an ultrasound of the heart, as well as visible symptoms. Some cats will not show any symptoms and just suddenly die. And any symptoms, like "vomiting, decreased activity and appetite and weight loss" may be misconstrued for other ailments. Also, infected cats may suffer from an intense respiratory dysfunction as immature heartworms die releasing toxins into the bloodstream. This is called (HARD) or heartworm associated respiratory disease, indicated by "trouble breathing, increased respiratory rate, and cough." It can easily be confused with bronchitis or asthma. Just one dead heartworm can kill a cat. The FDA has not approved any drug to treat heartworms in cats and an ultrasound may leave risky surgery as the only possibility. I never even considered heartworm a threat to my cats and was never advised to put them on any preventative treatment. The conundrum now is the reliability of testing before starting a treatment. At this point in their older lives, I may just have to cross my fingers.

Ferrets are more susceptible to heartworms as dogs are, but their symptoms mimic more a cat's. Again, blood testing is unreliable so an x-ray of the lungs and an ultrasound of the heart would need to confirm an infection. Ferrets can benefit from using Advantage Multi for Cats (imidacloprid and moxidectin) as a preventative measure.

It is very rare, but humans can also get Heartworm Disease by being bitten by an infected mosquito, but we are not a natural host, so the larvae die before becoming adult worms. Yuck! Visit the American Heartworm Society's website at [www.heartwormsociety.org](http://www.heartwormsociety.org) for more information

Thanks for voting us BEST PET STORE OF THE JERSEY SHORE, and for helping to keep a local small business in business. At The Wagging Tail, our mission is healthy, happy pets.
