HOROSCOPE

SEPTEMBER 29 - OCTOBER 5, 2022

ARIES (Mar. 21-April 20)
 Stay calm and focus on things that will help you understand the situation better. Equilibrium in your romantic life is likely if you treat your partner well. Partnerships will be favorable and contracts can be signed. Take some time out.

TAURUS (Apr. 21-May 21)
 You can expect to feel confused about your personal prospects. You're in the mood to party. You need time to put your house in order and sort out what you are going to do about your personal direction. Catch up on correspondence.

GEMINI (May 22-June 21)
 Look into family outings or projects. Time spent with family, children, or good friends will be regenerating and positive. You will have the discipline to make changes you feel are necessary. If you're willing to cut loose you will find yourself in the midst of an exciting encounter.

CANCER (June 22-July 22)
 Close deals that have been up in the air and move on to new ones that appear to be profitable. Your charm will be captivating. You need adventure and excitement in your life. You should consider submitting some of your written work for publication.

LEO (July 23-Aug 22)
 You will be prone to carelessness that could result in accidents. Rest and relaxation will be more favorable than you think. Make sure that all your legal papers are in proper order. Real estate ventures will be to your advantage.

VIRGO (Aug. 23-Sept. 23)
 This could be a difficult day to deal with coworkers. Don't avoid situations that may deteriorate; try to mend them. Your emotional stability may influence the changes taking place in your personal life. Opportunities to travel will be favorable in terms of money-making connections.

LIBRA (Sept. 24-Oct. 23)
 Don't let your partner put you down. Follow through on some of the good ideas that come up, and you could have a real winner of a deal. Do not let the reactions of others get you going. You may want to get a little extra rest. You are prone to infections and fevers.

SCORPIO (Oct. 24 - Nov. 22)
 Minor health problems could result through exhaustion. Try not to donate to organizations if you can hardly afford to take care of yourself. You can come up with ways of earning extra cash. You won't get the reaction you want from your mate this week.

SAGITTARIUS (Nov. 23-Dec. 21)
 Do not expect too much from others. You are best not to retaliate if members of your household are trying to pick a fight. If you're single, get out there and you'll meet someone new. Uncertainties regarding relatives will make situations uncomfortable if you attend a family function.

CAPRICORN (Dec 22 - Jan. 20)
 Direct your energy into physical exertion. Residential moves will be favorable. Your health may have suffered due to neglect or abuse. This is probably causing upset and confusion on the home front. You are able to make changes in your home that will be favorable to all involved.

AQUARIUS (Jan. 21 -Feb. 19)
 Your ability to deal with others will help you accomplish your goals. Get busy making those changes to your home. Go out shopping this week. Lack of cash might be partly to blame for the problems at home.

PISCES (Feb. 20-Mar. 20)
 You will be a real chatterbox this week. You'll be able to break bad habits if you put your mind to it. Emotional upset may prevail on the domestic scene if you have neglected your duties or your mate. You can have an enjoyable time if you socialize with friends.

Humanity has been preparing coffee for many presentations: drinks, candies, medicine, and some ancient civilizations even used it as currency! No matter how you take it, coffee can energize you, warm you up, refresh you, keep you awake, and even catch you up with your loved ones.

CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

BAKED GROUPER WITH PISTACHIO CRUST

INGREDIENTS:

- 4 (6oz) Grouper Fillets, Skin Off
- 2 Tbs Mayonnaise
- 1 Tbs Creole Mustard
- 1/4 Tsp Honey
- 1/2 Tsp Lemon Juice
- 1/4 Tsp Old Bay Seasoning
- 1 Cup Ground Pistachios
- 1/2 Cup Panko Breadcrumbs

PREPARATION:
Preheat oven to 425°. Next, line a sheetpan with parchment paper & set aside. In a small bowl, whisk together mayo, mustard, honey, lemon juice, & Old Bay seasoning. In a shallow lipped dish, mix nuts & breadcrumbs together. Coat 3 parts of each fillet (flesh, tops, sides) with mayo mixture. Now invert fish & place into the nut-crumb mix. Gently press the fillets to get the nut mix to adhere to the mayo-mix coated sides. Remove from the pan. Place on the parchment lined pan, crust side up. So the plain bottom of the fillet will be touching the parchment. Next bake to 140°. Remove from oven to plate & serve. Enjoy!

Important Take-Alongs For Your Autumn Adventure

Get ready for the challenges of autumn driving by keeping a few essential safety items in your vehicle. Here's our list of important take-alongs for a safe, autumn adventure:

- **Wiper Blades:** Windshield wiper blades aren't used for much of the year, so it's easy to forget about them. A fall storm could be the first time you flip on the windshield wipers in months, only to see your windshield coated with a mucky haze of dirt and grime. Wipers can be damaged by sun and exposure to harsh weather, trips to the car wash, road debris, even the ozone layer, drying out the rubber element and causing it to crack and fray. Knowing the make, model and year of your vehicle can help you find the size of replacement blades at your local automotive store or dealer.
- **LED Flashlight:** Superior to traditional bulbs, LED lights provide long-lasting, consistent and powerful beams of light. Some flashlights have multiple modes such as a flashing red signal to alert oncoming traffic.
- **Reflective vest:** Don't be caught stranded on the side of the road without one. A reflective vest alerts other drivers to your presence and can be a life-saving accessory, especially at night or in foul weather.
- **Jumper cables:** These should already be in your trunk, but now's the time to grab a set in case you don't. Those first cold mornings after a long, hot summer can spell death for a battery. Jumper cables can help you restart the car and get to a service center.
- **Portable battery charger:** Portable battery chargers are either powered by lead-acid batteries (same as what's under your hood) or lithium-ion batteries (the ones that in your mobile devices). Models built on lead-acid batteries are bulky and often unwieldy, but typically last longer between charges than their lithium-ion counterparts. The lead-acid versions sometimes include a 120-volt electrical outlet, which increases the device's versatility. Lithium-ion-powered models are the size of a smartphone. They can be stored in the glove box or sit in the center console, charging your mobile devices from a USB port (if it has one).
- **Window cleaning wipes:** Autumn harvest means dusty windows and insect splatter. Windshield wiper blades are a good start but don't clear the entire windshield and rear glass. They also don't help with side windows. Keep a clear view of the road whenever you travel by packing a container of vehicle windshield wipes.
- **Flares:** Pack four, 15-minute flares for emergencies, yours or someone-else's. You never know when you may come across a stranded driver on a darkened road. Flares can help alert oncoming traffic.
- **Reflective warning triangle:** Reflective signs also help alert oncoming traffic if your vehicle is stranded.

UNDERSTANDING PSYCHIATRIC SERVICE DOGS-(PSD)

Submitted By
Patsy Nelson
from The Wagging Tail

Most people think of service dogs as ones that help physically impaired individuals - blind, wheelchair bound, etc. There are many sufferers of post-traumatic stress syndrome, like our veterans, who need the emotional and sometimes physical support of therapy dogs. I first became aware of this when I began to read books by Luis Carlos Montalvan, UNTIL TUESDAY and Tuesday's Promise. A captain in the U.S. Army he served two combat tours in Iraq, receiving two bronze stars and the Purple Heart. Captain Montalvan and his dog Tuesday publicly advocated for benefits of service dogs to veterans and others with disabilities. I watched him on YouTube and became very attached to his story and his endeavors. My heart broke when I learned that he could still not overcome the demons that haunted him and, placing Tuesday in the care of friends, took his life.

PSDs are specially trained dogs that assist people with psychological or learning disabilities. There are three types of service dogs: 1. Psychiatric Service Dogs (PSDs), 2. Medical Alert and Response Service Dogs, and 3. Mobile/Physical Assistance Service Dogs. Each type of service dog is trained to provide a specific task, response, or job in order to assist that individual. Psychiatric Service includes, Anxiety Disorder, Post-Traumatic Stress Disorder (PTSD), Depression, Fear and Phobias, and Autism. (To digress for a moment, last night on Netflix I watched a movie called I USED TO BE FAMOUS about a has-been British rock star who in his 40's and trying to ignite his career befriends a very talented autistic drummer.) Medical Alert and Response dogs help with people suffering from High Blood Pressure, Diabetes Type 2 and 1, High Cholesterol, Panic Attacks, Neurological Distress, and Night Tremors. Mobile and Physical Service dogs aid the Wheelchair Bound, Blind or Seeing Impaired, Deaf or Hearing Impaired, Arthritic, those with Muscular Dystrophy, Multiple Sclerosis, and amputees.

Psychiatric Service Dogs (PSDs) are different than an Emotional Support Animal (ESA.) PSDs have a greater range of public access, even though not all public transportation operators were appreciative of Captain Montalvan's right to have Tuesday aboard. And all PSDs fly free anywhere in the United States and Canada. It is only legal to ask a PSD handler TWO questions to check legitimacy: 1) Does your dog provide a service? And 2) What is your dog trained to do? A handler does not have to identify the affliction nor list or demonstrate any tasks the PSD does. Only three "agencies" may legally ask an ESA dog's handler for documentation: airline employees, landlords, and educational facility administrators.

PSDs are taught skills that enable their handlers to function in everyday life. These include BALANCE ASSISTANCE as in walking while medicated. FIND A PERSON/PLACE when becoming disoriented. GROUND AND REORIENT from an anxiety attack. INTERRUPT AND REDIRECT limiting obsessive compulsive and self-destructive behaviors. NAVIGATION AND BUFFERING acting as a buffer and a guide through stressful environments. REACT/ALERT to specific SOUNDS like smoke detectors or security alarms and any such unusual noises. RETRIEVE MEDICATIONS or ring a bell to remind handler. ROOM SEARCH to quell fears related to hyper-vigilance caused by PTSD. STABILIZE ROUTINES like not oversleeping or forgetting important tasks. TACTILE STIMULATION AND PRESSURE THERAPY like placing a paw on or leaning against or licking the face of a stressed handler. Sometimes even laying across the handler's body. Training a service dog costs between \$25,000 and \$50,000. Donations always needed.

There are vests, tags, ID cards, harnesses, and other gear to help you enter public spaces with your PSD warding off annoying and potentially dangerous approaches by strangers or children. More information can be gained through emailing help@esapet.org or phone 860.489.6550. Non-profit.
