NJ LIC HEARING AID DISPENSERS --
JAMES L. SAAD, JR. LIC. #171; RICHARD J. SAAD, LIC. #324

Free electronic hearing test will be given at the Cape May County Hearing Aid Dispensary, 204 S. Main Street, Cape May Court House on Monday, Tuesday, Wednesday, Thursday & Friday, Oct. 31, Nov. 1, 2, 3 & 4. Please call for an appointment. Anyone who has trouble hearing or understanding speech or words clearly is welcomed to have a test using the most modern electronic equipment to determine if their hearing loss is one which may be helped.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people not wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the modern methods of hearing correction can help them hear better. The Free Hearing Tests will be given by factory-trained Hearing Aid Specialists licensed by the State of New Jersey on Monday, Tuesday, Wednesday, Thursday & Friday, Oct. 31, Nov. 1, 2, 3 & 4.

HOROSCOPE

OCTOBER 27 - NOVEMBER 2, 2022

ARIES (Mar. 21-April 20)
 You need some rest. Try to curb overindulgence this week. Get involved in activities that will bring you knowledge about foreign land, philosophies, or cultures. Your temper could be short if someone criticizes your efforts.

TAURUS (Apr. 21-May 21)
 Sign up for courses that will help you understand yourself better. Resist the temptation to gamble. Risks will not be profitable. Try to channel your energy into professional endeavors. Focus on your own domestic problems.

GEMINI (May 22-June 21)
 Investments that deal with property will be lucrative; however, upsets with family members may be likely. Try looking into new ways to make extra money. Get promises in writing or you will be disappointed. Don't be too eager to cut those who have disappointed you from your life.

CANCER (June 22-July 22)
 Stop those bad habits. Take whatever time you can to get to know each other all over again. Keep the promises you've made or you can expect to be in the doghouse. You can make money if you are careful not to let it trickle through your fingers.

LEO (July 23-Aug 22)
 Don't be too quick to let friends and relatives know what you're up to. You may have a problem dealing with elders. Empty promises will cause confusion. Difficulties with female members of your family may result in estrangement's.

VIRGO (Aug. 23-Sept. 23)
 You must use discretion when talking to others. Gambling should not be an option. You should look into making some physical changes, such as new hair color or toning up your body. You could find yourself having problems with coworkers and employers. You can win if you're open and up front with your boss.

LIBRA (Sept. 24-Oct. 23)
 You can make new friends and experience new things if you do a bit of traveling. This will not be the time to give too much to your children. Be careful not to hurt the ones you love. You'll stay out of trouble if you pick projects that will benefit the whole family.

SCORPIO (Oct. 24 - Nov. 22)
 You may find that your quick wit and charm will help you in obtaining allies. Lovers may prove unworthy of your affection. You need time to think things through. Losses are likely if you aren't careful where you leave your valuables.

SAGITTARIUS (Nov. 23-Dec. 21)
 Plans to make physical improvements may lead to psychological changes, too. Problems on the home front might be a little disconcerting. Communication will be your best bet. You will have to face each issue separately and in person.

CAPRICORN (Dec 22 - Jan. 20)
 You will have no trouble getting things to fall into place. Visit those less fortunate than your self; be sure to help them with their personal problems. You may have difficulties with in-laws or family members. You should catch up in correspondence.

AQUARIUS (Jan. 21 -Feb. 19)
 Listen to the complaints of others. Travel, although enticing, will cost more than you expect. You are best to avoid such unsavory circumstances, especially if you're in a group situation. You might not be as reserved on an emotional level as you'd like.

PISCES (Feb. 20-Mar. 20)
 Love can be heightened if you sit down and discuss your future plans. Your obviously unique way of doing things has caught the eye of someone in a higher position. Be sure that the person you're drawn to is not already involved. A lot can be accomplished if you organize your time.

20 Halloween Driving Safety Tips

Here is a list of 20 other dangers to keep in mind when driving on Halloween:

1. Drive safely by obeying all traffic laws. Avoid aggressive driving, especially in residential areas, because some children may be walking on the road.
2. Drive slowly, and below the speed limit, while being vigilant of trick or treaters who may run out into the street, especially small children who are not easy to see in the dark.
3. Slow down around bushes and parked cars because children may run out in front of you.
4. Avoid texts and calls more than ever because of the uncertain foot traffic of trick or treaters. You'll need to react quickly if a small child runs out into the street. Keep your eyes on the road.
5. Pay particular attention at crosswalks and intersections, where children may be crossing the street.
6. Be careful when passing stopped cars because children may dart out of that car onto the road.
7. Drive defensively due to the high number of drunk drivers on the road. Don't worry about the people behind you; Halloween is one day when driving below the speed limit is okay.
8. When it gets dark out, be aware that children in dark costumes may be difficult to see.
9. Make sure you're wearing your prescription distance glasses, if you have them, to make sure you can see children who are at a distance.
10. Avoid drinking alcohol because The National Highway Traffic Safety Administration reports that 41 percent of casualties were hit by a drunk driver on Halloween night.
11. If you're set on drinking Halloween night, hire an Uber or find a designated driver before you go out.
12. Be watchful of pedestrians crossing in the middle of the street instead of designated crossing zones.
13. More than ever, make sure to use your turn signals and hazards to communicate with other drivers on the road.
14. According to the Insurance Institute for Highway Safety, driving at night is three times more dangerous than driving during the day so drive slowly.
15. If you're driving children for trick or treating, make sure they buckle up after each stop.
16. Let the children in the car out in safe areas, like a curb. Use your hazards to let drivers behind you know that there is a child pedestrian getting out of the car.
17. If at any point you need to back up your car, have someone get out and check behind you, even in your own driveway. A small child may be lurking there and is not visible in your mirrors.
18. Turn on your headlights before it gets dark, so your car is most visible. You can even make your car more visible by putting a battery-powered jack-o-lantern on your dash.
19. Keep the radio off and roll down windows to hear signs of pedestrians that are not visible.
20. If you're dressed in a costume, make sure that it does not impair your vision or interfere with your driving. It's also important to have adequate car insurance in case something does go wrong. There are, after all, more fatal crashes on Halloween than any other time of year.

RECENT VISIT TO RED BANK VETERINARY HOSPITAL IN MARLTON, NJ

Submitted By
Patsy Nelson
from The Wagging Tail

Nearly two months ago I wrote an article on IDIOPATHIC VESTIBULAR DISEASE, as my cat Carly was diagnosed with the ailment at Parkway Vet Hospital here in Cape May Court House. In that article I described Idiopathic Vestibular Disease as one which affects both dogs and cats and can occur at anytime without warning. It is not that common, is not in itself fatal, and may disappear in a matter of weeks. Symptoms are most severe in the beginning and lessen over time, unless there is an underlying more serious cause, like a tumor, cancer, or very bad infection. Symptoms may include rapid eye movements left to right, a pronounced head tilt, staggering and stumbling, falling over, continuous circling in one direction, standing with legs spread apart, unwillingness to eat or drink, vomiting, sleeping on hard surfaces.

Vestibular disease originates with a disturbance to the pet's vestibular system within the brain, located deep in the inner ear adjoining the cochlea and at the lower end of the brain at the top of the spinal cord. The fluid in these areas shifts with the pet's movements and sends signals to the brain which tell the pet the position of its head relative to gravity. If something causes a change to the signals the pet loses its sense of balance.

On September 6th I took Carly to see Dr. Hirsch at Parkway for a second visit. Two weeks earlier he had checked her over and because she seemed to be otherwise eating, drinking and handling herself without distress, he gave her a second two-week antibiotic plus a steroid shot. He also suggested that if she did not respond measurably, I should consult a neurologist at Red Bank. In the meantime, Bob and I went on our trip to an army reunion in Moosic, Pa. On Sept. 20th we tested positive for Covid (from someone at the reunion,) a week later I was diagnosed with pneumonia, and a week later I fell and fractured my wrist and elbow (although I had to go back two weeks later to Urgent Care to ask them to evaluate my elbow which was not done at the time of my fall.) IF SOMETHING DOES NOT SEEM RIGHT IT PROBABLY ISN'T. With all of this going on and my general malaise, I could not see driving to Marlton and back by myself (Bob disagreed with my going,) the appointment was changed three times. My friend Rosanne came to the rescue and said she would go with me.

With Alli's help we put a 24-inch metal crate in the back of my fabulous Buick Encore fiesta red SUV! We added a blanket and a small litter pan so she would not have to spend too many hours in a cramped carrier. I also put a harness and a leash on her just in case she tried to escape when changing her from one enclosure to another. The ride up was stressful for Rosanne and me as I could not figure out how to get my GPS to talk to us and it was hard deciphering the directions, and we hit a snag of traffic on the AC Expressway and were anxious about being late. We were fifteen minutes late, but we kept Red Bank abreast of our travel woes. Rosanne figured out the GPS problem while Carly was examined. Leaving Marlton at 3:30, we just missed the worst of the traffic, ate at Applebee's and had great conversations. Red Bank was fabulous. The last time I was there it was during the winter and Covid and my dear Parker had cancer of the Spleen, liver, and gall bladder. I had to wait in the cold in my car for hours. This time we were taken immediately. The hospital is fabulous, the woman neurologist has super credentials and loved Carly. She ruled out any brain issues and instead of encouraging me to spend \$2,000 on a cat scan or \$3,000 on an MRI, she suggested six more two-week rounds of antibiotics which I could have done at Parkway. She was inclined to believe it was a deep inner ear infection. I got out of there with a \$280 bill and an optimistic feeling. Follow ups will be \$85 a visit. Very doable. I was more than pleased and glad I followed my own instincts to at least get that second opinion. Thank you, Dr. Hirsch.

Check out our beautiful Gold Paw Series stretch fleece tops, our warm sweaters, and water-proof jackets. See our adorable kittens, too. And thanks for Helping to Keep a Small Business in Business.
