# HOROSCOPE

NOVEMBER 3 - NOVEMBER 9, 2022

## ARIES (Mar. 21-April 20)

Get involved in the activities of children. They will teach you far more than you expect. Your emotional partner will push the right buttons this week. Travel could turn out to be more exciting than you imagined. You should check out prestigious clubs or groups that have a cause you believe in.

## TAURUS (Apr. 21-May 21)

Do yourself a favor and leave your plastic at home. Work at home if at all possible. You may find travel to be most rewarding. Overindulgence could cause problems for you with your loved ones. Hassles with close friends or family will put a damper on your day and result in isolation and loneliness.

## GEMINI (May 22-June 21)

Unexpected bills will be impossible for you to pay. Your stability will aid you in getting support from your fellow workers. Double-check before you go out. Confusion at an emotional level will cause you to make wrong decisions concerning your personal life.

## CANCER (June 22-July 22)

Try not to lose your cool, and make your point known. Do a little shopping. You're likely to find a real bargain. Get back into a routine that promises a better looking, more aware individual. Be sure to cover all the necessary groundwork before signing binding contracts.

## LEO (July 23-Aug 22)

Don't draw too much attention to yourself at work. Travel and creative hobbies will be your best outlet. Expect some flak. Travel could bring you the adventure and excitement you require.

## VIRGO (Aug. 23-Sept. 23)

You must try to help. Try to bend but by no means should you give in completely. Your efforts won't go unnoticed; however, someone you work with may get jealous. You will be emotional about family matters.

## LIBRA (Sept. 24-Oct. 23)

Be very careful while in transit or while traveling in foreign countries. Entertainment should include the whole family or a lot of your friends. Finish up any correspondence by early afternoon. You can stabilize your financial situation if you make property investments.

## SCORPIO (Oct. 24 - Nov. 22)

Be careful not to come on too strongly. You will get bored quickly, so make sure that you have scheduled enough activity to hold your interest. You can make personal changes that will enhance your appearance and bring you greater popularity. Take time to catch up on gossip and make plans to do a little adventure travel.

## SAGITTARIUS (Nov. 23-Dec. 21)

You need to do something energetic and different. Try not to lend or borrow money this week. Don't be too confident that coworkers are on your side. Limitations with females could lead to unfortunate circumstances.

## CAPRICORN (Dec 22 - Jan. 20)

Think before you act. You can accomplish a great deal. Social events held in your home will be successful and entertaining for all. You can bet that you'll draw attention to yourself.

## AQUARIUS (Jan. 21 -Feb. 19)

You may want to plan physical activities that will help burn off some of their excess energy. Take positive action. Keep on your toes when dealing with others. Help elders get their personal papers in order.

## PISCES (Feb. 20-Mar. 20)

Minor health problems could result through exhaustion. Difficulties at an emotional level may be likely. Disappointments regarding partners will be subject to the way you react to their personal comments. You will have an interest in foreigners and their cultures.

#### LOWER TOWNSHIP

##### Veteran's Day Parade

Saturday, November 5 - 11 a.m. Show your support and appreciation to our veterans at the Annual Lower Township Veteran's Day Parade. The Parade begins at Township Hall (2600 Bayshore Road) and proceeds North on Bayshore Road, ending at the Villas Fire Department. The Parade features local veterans, US Coast Guard, LCMR High School Band, First Responders, and much more!!

#### DAYLIGHT SAVING TIME ENDS

Daylight Saving Time ends on the first Sunday in November at 2:00 AM. The practice of Daylight saving time (DST) (also known as summer time) advances clocks during the summer months. It causes us to lose an hour for one day. However, the practice allows people to get up earlier in the morning and experience more daylight in the evening. Typically, users of DST adjust clocks forward one hour near the start of spring. Then, they change them back again in the autumn.

#### NATIONAL SCRAPPLE DAY

National Scrapple Day on November 9th recognizes the first pork food invented in America. For those not familiar with scrapple, it is traditionally a mush of pork scraps and trimmings combined with cornmeal, wheat flour, and

spices, such as sage, thyme, savory and black pepper. The mush is then formed into a semi-solid loaf, sliced and pan-fried.

Scrapple is also known by the Pennsylvania Dutch name pon haus, and the immediate ancestor of scrapple was the Low German dish called panhas. Local settlers adapted the dish to make use of locally available ingredients. In parts of Pennsylvania, it is still called Pannhaas, panhoss, or pannhas.

**HERB BUTTER FOR THANKSGIVING TURKEY**

**INGREDIENTS:**

- 1/2 lb Softened, Unsalted Whole Butter
- 1 Tbsp Seasoned Salt
- 1 Tbsp Fresh Minced Garlic
- 1 Tbsp Fresh Chopped Rosemary
- 1 Tbsp Fresh Chopped Thyme
- 1 Tbsp Fresh Chopped Parsley
- 1 Tbsp Fresh Chopped Chives
- 1 tsp Fresh Chopped Sage
- 1/2 tsp. Fresh Cracked Black Pepper

**PREPARATION:**  
Place all ingredients in an electric mixer with paddle attachment. Slowly blend all the ingredients together. Use as needed underneath your turkey's skin. Refrigerate or freeze for future use. Enjoy!  
Hint: This butter works well with all poultry. Always be sure to get the butter underneath the skin.

**SUDOKU**

### Glaring Problems: Autumn Tips For Sparkling Windows

Dust, bug goo, road grime, sap, dog nose smudges, slobber-summer fun turns your vehicle windows into an autumn mess. The first rains smear contaminants across your view.

According to a recent report by the National Safety Council, traffic data from 2020 highlighted October as one of the most crash-prone months of the year. The report also confirmed October days between 4 p.m. to 8 p.m. as one of the most accident prone times. Improve nighttime visibility

Issues noted by NSC included depth perception, color recognition and peripheral vision compromised by dark hours. Glare of headlights from oncoming vehicles was identified as a problem causing temporary blindness for drivers.

How can you reduce glare and improve visibility as autumn darkness descends into traditional commute times?

The first step toward improving visibility begins with removing window residue. Ammonia-based products tend to leave streaks, so experts recommend using glass cleaner intended for automobile surfaces.

Removing contaminants and caked-on bug residue from summer reduces smearing as well as friction with wipers blades. Professional detailers remove the thin film of haze accumulated on exterior and interior surfaces with auto glass cleaner and a microfiber towel.

#### Travel tips

- Fill the window washing tank with fluid or additives designed for bug removal.
- Use your vehicle's climate control system to help reduce moisture, especially in climates with high humidity. The system will help the anti-fogging solution clear glass-surfaces faster.
- Store a container of glass cleaning wipes in your vehicle for travel.
- Add a few microfiber towels to your travel kit. They help reduce streaking when cleaning windows and are effective at picking up contaminants.
- Add a can of de-icer and a squeegee to your winter road kit, especially if you live in colder climates.
- Consider using windshield wiper fluid that contains antifreeze.

Note: Such products are not legal in all areas because they contain environmental contaminants.

## STOMATITIS IN CATS AND DOGS

Submitted By  
Patsy Nelson  
from The Wagging Tail

Sometime ago a customer told me her cat had Stomatitis. I looked it up when I got a chance and printed out some material. It is also an issue with dogs. The following information was obtained from online articles; one from Bridge Park Animal Hospital and the other, Blue Pearl Animal Hospital.

Stomatitis means the inflammation of a cavity in this case the mouth of your cat or dog. This is a serious condition which causes severe oral inflammation and therefore pain. This periodontal disease can intensify and cause the bacteria to enter the blood stream, attacking your pet's vital organs. It is considered a perplexing condition because it is not conclusive in its origin although it seems to be a "hypersensitivity to plaque." What adds to the mystery is the overreaction of the immune system to the presence of tartar and plaque causing considerable "inflammation, ulceration and pain wherever plaque is found," sometimes within the entire mouth. "Imagine having canker sores throughout your whole mouth" every single day.

The most common symptoms \*red inflamed soft tissue visible in the mouth \*ulcerated tissue in the mouth \*obvious discomfort and pain \*extensive plaque on the teeth appearing as a yellow/brown stain on the teeth near the gum line \*excessive saliva and drooling \*puffy areas of fluid in the gums \*loss of appetite and weight loss \*poor coat especially in cats who are suffering too much to want to groom themselves \*foul breath \* gulping food whole because it is too painful to chew.

Other causes of stomatitis can be the result of hormone dysfunction as in diabetes, kidney failure, auto immune problems, reactions to medications: fungal or viral infections, bite wounds. I lost a beautiful, sweet cat named Cole 25 years ago (his picture, lying with his brother Carter, still is tacked above my desk) who got outside and unbeknownst to me was bitten by another cat. The wound was small and hidden beneath his fur. Animals are notorious for harboring health issues until it is dire. And when I finally realized he was ill, it was too late to save him. Pets have been known to develop severe stomatitis after biting on an electrical cord or from eating something toxic like a plant or some chemical.

Stomatitis is very difficult to cure completely. In fact, there really is not cure, just a regimen of controlling the disease. Traditionally pets are treated with steroids and anti-biotics to help ease the inflammation and pain. Brushing and dental cleanings may help. But sometimes the best thing is to remove as many "bad" teeth as possible. Our aged shelter cat, Bay, must have had stomatitis a few years ago. It started with him screaming in pain. I took him to the vet's and had many of his teeth removed, and the pain was alleviated. (Now, as I recently wrote, he has sinus cancer.) Usually vets will remove "all of the premolars and molars (the cheek teeth) and leave the incisors and canines." Initially cats and dogs should be fed soft food until they have healed and then they can be given harder food and treats.

For years, I have been using an oral gel on my dogs. Little dogs usually have more problems with their teeth than large dogs. Zoey, who is seven, has wonderfully mostly white teeth, as she allows me to put the gel directly along her gum lines. With Ebby, my fear-biter rescue, I just let her lick it off my finger and pray that the required withholding of food and water for 30 minutes will do some good. I also add dental rinse to the dogs' and cats' water.

WE WILL BE CLOSED AFTER 1PM TODAY TO DO INVENTORY.

Check out our beautiful Gold Paw Series stretch fleece tops, our warm sweaters, and waterproof jackets. See our adorable kittens, too. And thanks for Helping to Keep a Small Business in Business.
