# HOROSCOPE

DECEMBER 12 - DECEMBER 18, 2018

### ARIES • (Mar. 21 - April 20)

Use your inventiveness to find solutions. Be careful not to hurt someone's feelings. Make changes to your living quarters that will please the whole family. They will not have the patience to wait for you to complete things that they've asked you to do.

### TAURUS • (Apr. 21 - May 21)

You'll be tempted to spend extravagantly this week. You will probably have to defend your mate. You may be emotional if you allow your lover to take advantage of your good nature. Don't let jealous friends put you down, making you insecure about your capabilities.

### GEMINI • (May 22 - June 21)

Love can be heightened if you sit down and discuss your future plans. You can come into money that you don't necessarily work for. You can have a working relationship with children if you exercise patience and understanding of the dilemmas they face. Take care of yourself or you can expect to suffer from minor illness.

### CANCER • (June 22 - July 22)

Watch your weight gain due to water retention. Be sure to spend time helping children with projects that are too difficult for them to accomplish alone. Avoid letting children and friends borrow. Get involved in worthwhile endeavors and meet new friends.

### LEO • (July 23 - Aug 22)

Don't allow your personal problems to interfere with your professionalism. Don't be shy; if you want to spend more time with a special person, make a commitment. Be careful how you handle friends and relatives, they may take things the wrong way. Recognition will be yours if you meet your deadline.

### VIRGO • (Aug. 23 - Sept. 23)

Try to enlist the support of your coworkers first. Opportunities for new and exciting relationships will be yours if you get out and join groups. You can change your living arrangements. Romance may be likely if you travel.

### LIBRA • (Sept. 24 - Oct. 23)

Uncertainties about your personal life are probable. You can make favorable real estate offers this week. Sit back and observe, regardless of how hard that might be. Use your intellectual approach to get the best results.

### SCORPIO • (Oct. 24 - Nov. 22)

Try not to argue about trivial matters. Home improvement projects will run smoothly. Do not get involved in joint financial ventures. Things at home may be somewhat rocky.

### SAGITTARIUS • (Nov. 23 - Dec. 21)

You may not be happy if members of your family are not pulling their weight. Don't be too quick to blame others for your bad mood. Romantic opportunities are evident. Problems with financial investments could make you nervous.

### CAPRICORN • (Dec 22 - Jan. 20)

Balance is required if you want stability. Look into attending seminars that can expand your perception. Friends from your past may come back into your life. Spend time with youngsters this week.

### AQUARIUS • (Jan. 21 - Feb. 19)

Club memberships or donations could be expensive and prove unnecessary. You can find out interesting information if you get a chance to talk to people you respect. Make changes in your domestic scene. Throw yourself into your work.

### PISCES • (Feb. 20 - Mar. 20)

Your mate will appreciate your honesty. Your lover may cost you financially. Networking will be a necessity. Drastic changes regarding your personal attitude are evident.

The group was formed by Timmons in Los Angeles, California, although all of its members originate from Ohio. Unlike most boy bands, they formed independently and were later picked up by a record label, rather than being assembled by a label or a producer. They have sold over 10 million records worldwide and achieved eight top 40 singles in the U.S. The group reunited for a one-time performance at Mixtape Festival in Hershey, PA in August 2012. After the performance, the reunion expanded into a new album and a spot on "The Package" tour in 2013.

Formed in 1969, War is a musical crossover band which fuses elements of rock, funk, jazz, Latin, rhythm and blues, and reggae. Their album *The World Is a Ghetto* was the best-selling album of 1973. The band transcended racial and cultural barriers with a multi-ethnic line-up. War was subject to many line-up changes over the course of its formation, leaving member Leroy "Lonnie" Jordan as the only original member in the current line-up; four other members created a new group called the Lowrider Band.

**3. Car Care Council's Free Car Care Guide:  
A Great Stocking Stuffer**

How about a holiday gift idea that is free, can help save money and shows how much you care? The Car Care Council's 80-page Car Care Guide makes a great stocking stuffer for any driver on your holiday shopping list. "Our popular Car Care Guide is a thoughtful gift that shows the drivers on your list that you care about their safety," said Rich White, executive director, Car Care Council. "The guide fits perfectly in any glove compartment, is a valuable reference and is available at no charge by visiting [www.carcare.org/car-care-guide](http://www.carcare.org/car-care-guide). The Car Care Guide offers useful vehicle maintenance and fuel saving tips to help your special driver 'be car care aware' and save money in the new year and beyond."

In addition, the non-profit Car Care Council recommends other inexpensive stocking stuffers related to vehicle safety, such as tire pressure gauges, ice scrapers, emergency kits and windshield wipers.

"These small and relatively inexpensive items can play a big role in vehicle safety and reliability, especially when it comes to winter driving when road conditions can be hazardous and unpredictable," said White

## MILK THISTLE: THE HERBAL WONDER

Submitted By  
 Patsy Nelson  
 from The Wagging Tail

Milk Thistle is a unique herb, known in Latin as *Silybum marianum*, containing a natural compound called silymarin. Silymarin nourishes the liver like no other nutrient known. The liver acts as the body's filter constantly cleansing to protect you or your pet from toxins. Over time, these toxins can accumulate in the liver. Milk Thistle's potent antioxidant properties and rejuvenating actions help keep the liver strong and healthy. In my recent article about seborrhea skin issues, I mentioned that a blogger was successfully using Milk Thistle along with proper shampoos, and diet.

Milk Thistle is a flower, a member of the aster family, and various parts of the plant have been used medicinally for thousands of years. The well-respected Strathmore Paper Company, which in the past even printed invitations for the White House, uses it as their logo. It has widely been used for human advantage, especially for cirrhosis and viral hepatitis. Recent research has noted remarkable results in pets, but it is not "well-defined scientifically."

According to Dog Health by LowchensAustralia.com, this should be in every pet owner's medicine kit. Dr. Russell Swift, a graduate of the University of Florida Veterinary Medicine, who also completed the Homeopathic Master Clinician program writes, "I have used this herb in virtually any type of liver problem. It has saved many pets from what appeared to be a fatal condition. The liver is responsible for breaking down and eliminating most toxic chemicals. These include drugs, preservatives in food, artificial flavoring and coloring agents, flea sprays, dips and shampoos, environmental chemicals, chemicals found in tap water, household cleansers, air pollution, tobacco smoke and poisonous plants. Hundreds of scientific studies have demonstrated that milk thistle can protect the liver from potent toxins such as poisonous mushroom, heavy metals and alcohol."

According to Dr. Wendy C. Brook, Educational Director, VeterinaryPartner.com, "Milk thistle may also be used as an adjunct detoxicant in any condition that is currently treated with toxic drugs. For example, if heartworms are a problem in your region, the USDA-approved monthly heartworm preventatives (e.g. Heartgard™, Interceptor™) may be given with Milk Thistle to protect the liver." As we are all subjected to many toxins on our planet, Milk Thistle can be beneficial to both humans and pets as a dietary supplement."

In general, there is much we can do, as I do for myself and my pets, by using bottled water, nothing edible that has artificial ingredients, only highly respected food companies, natural shampoos, and flea sprays. But since I do use Heartgard™ on my dogs and flea and tick preventative on both my cats and dogs, I am going to use this as protective measure.

Dr. Swift recommends a standardized (70 or 80% silybin) product. For humans a 100-150mg either in dry herbs or liquid, three times daily. A thirty-pound dog should get 30% of the human amount, and a ten-pound cat would get 10%. "Medicinal herbs should NOT be used continuously for extended periods of time. I suggest 5 days on then 2 days off for six months. Skip 1 week and begin again. It could be used one week each month as a little extra protection in otherwise healthy pets."

On doing research on the availability of Milk Thistle for pets, there are many choices. If I find one that suits me, I may bring it into the store as one of our supplements. Today I ordered Milk Thistle by SafeBay. I'll let you know how well it works.
