# HOROSCOPE

DECEMBER 22 - DECEMBER 28, 2022

## ARIES (Mar 21-April 20)

You are ahead of your time, and trying to stay in one spot could be asking too much. If you haven't already, don't be afraid to start your own small business on the side. Sudden romantic connections may be short lived. You will be able to catch up on overdue paper work.

## TAURUS (Apr 21-May 21)

Your emotional state will vacillate. Uncertain changes regarding your personal life are evident. Travel and entertaining conversation will be informative and uplifting. Try not to be too harsh with loved ones; there will always be two sides to an issue.

## GEMINI (May 22-June 21)

It's time to get yourself back on track. Make sure that you take time to remember those you love. Your creative ability will surface, giving you good ideas for ways of making money. Involvement in groups of interest will bring you in touch with important individuals.

## CANCER (June 22-July 22)

Hard work will payoff if you refrain from expressing your opinion to superiors. You will also encounter individuals who can help you further your goals. Check your personal papers and make sure everything is in order. Your mate may want to pick a fight but if you're persistent with your affections their anger should dissipate.

## LEO (July 23-Aug 22)

Lighten up your serious attitude. Your diplomatic nature will help you in straightening out unsavory situations. Being unappreciated by your boss could make it hard to do your work effectively. New interests are preoccupying your time.

## VIRGO (Aug 23-Sept 23)

Your added discipline will help you complete the impossible at work. You may have a problem dealing with elders. Talk to those in a position of power about your intentions. Your trendy style and unique way of doing things will entice new acquaintances.

## LIBRA (Sept 24-Oct 23)

Your ability to see other people's points of view will allow you to come to reasonable agreements. You should be able to get a lot done. Family outings should include visiting friends or relatives. Family outings will make you feel secure and happy.

## SCORPIO (Oct 24-Nov 22)

You will inspire confidence in others. You will upset your partner if you have spent money on things that aren't necessary. Try not to get backed into corners. Insincere gestures of friendliness are likely to occur.

## SAGITTARIUS (Nov 23-Dec 21)

You can make reasonable bids on real estate or large items for your home. You will be best suited to doing things around the house or inviting friends over for a visit. Sudden changes regarding your domestic scene are probable. Much can be accomplished if you compromise.

## CAPRICORN (Dec 22-Jan 20)

Go with the flow and don't let the unsettled atmosphere get on your nerves. Sports, physical fitness programs, exercise in general will make you feel better and show some pretty quick results. Your reputation will be affected. Don't think the worst if you hear something negative about your partner.

## AQUARIUS (Jan 21-Feb 19)

Take precautions while traveling; you don't have to get anywhere that fast. Relationships will be erratic this week. You will enjoy interacting with those who come from different backgrounds. Concentrate on your job.

## PISCES (Feb 20-Mar 20)

Travel will be favorable. Resist overspending on luxury items. Take the initiative and go after your goals. Interaction with colleagues will only be upsetting. Travel and creative hobbies will be your best outlet.

116 W 1<sup>ST</sup> AVE - NORTH WILDWOOD

Hi, my name is Rachael Stanton. Myself along with my husband, brothers and sister, Aaron, Dallas (Tiffany), Tabitha (Bill), Teddy (Courtney), Doug and Corey are raising money for our father Mark Bohn. Some may know and others do not, but our father was diagnosed with Colon Cancer recently. This has shattered our world but we know everything will be okay in the end. Mark is a loving husband to our mother Cyndi, amazing father of 6 and a incredible Poppy to his 16 grand children. Family is everything to our father. We are asking for help because he does not have health insurance and is the head of his house. If you know our father he will help any one in need. He will take his shirt off his back and never ask anything in return. He also helps coach rec wrestling and has for many years out of the greatness of his heart. Hundreds of children look up to our father over the years and still do. The kids mean everything to him and he plans on still being there as much as he can handle during treatment. He is one to never ask for help but we have told him he has to put his pride down and let his community that he helps so much return the favor. While medical bills have already started, he is trying to keep his business going too. He is owner of DMB Plumbing. Though right now he is working still, when treatment kicks in he will have to slow down. Our mother also owns A Piece of Cake and she will have to be by our fathers side during this journey. Our biggest worry is helping our parents with the medical bills and the house. Any thing donated or a simple share means the world to all of us and helps tremendously. We thank everyone for help during this time.

## NUTRITION, WEIGHT LOSS & FITNESS

### A NEW YOU

A new year often means setting resolutions. Where they may motivate you, often they send the message of “only for now.” Life changes are forever. Embracing a healthier mindset will bring you to a better place long term with setting goals. Choose a specific goal. Every year, millions of adults resolve to “lose weight,” “be more productive,” or “get in shape” during the next year. Limit your resolutions. Put time into planning. Start with small steps. Avoid repeating past failures. Remember that change is a process. Get support. Renew your motivation.

Try to live by these few steps and before you know it, you’ll be making the resolutions reality!

- Regularly review your goals and progress.
- Continue to set new goals.
- Keep the momentum up.
- Find mentors, for example, someone you look up to who is experienced in the habit you want to change.
- Surround yourself with positive people.

### Tips To Keep Your Ride Gleaming Throughout The New Year

Tips for winter car upkeep

1. Feel the paint surface of your vehicle. Is it "bumpy"? Use a synthetic "clay bar" or "clay pad" to remove embedded contaminants—winter road grime, road salts and calcium chloride used to de-ice roads, sap and soot. If the surface feels bumpy, use the clay bar to level the paint smooth—making wax application easier and faster.
2. Clean both sides of wheel surfaces. Visit a local automated car wash—the sprayers are perfect for removing brake dust, road salts and grime. Bring along a wheel brush, wheel cleaner and eye guards to protect against splashes or mist.
3. Wax your paint and wheel surfaces to add a layer of protection against road salts and grime. Quick detailer products and waterless wax are easy to use when washing your vehicle outdoors is not an option.
4. Vacuum carpets and the trunk area frequently—at least once a week—and cover them with all-weather mats. Eliminate allergens and grime by hosing off all-weather mats.
5. Apply a fabric guard on carpeted surfaces and cloth seats. Use products designed for automobile interiors to prevent spills and moisture from wet shoes from soaking into fibers and causing mold.
6. Clean both sides of all glass surfaces to improve visibility during long winter nights. Outgassing from cabin fabrics causes a thin film to form on the inside of window surfaces. Ammonia-free glass cleaner designed for vehicles can cut through the haze and won't harm window tint, Tosie said.
7. Protect seats from moisture and sediment. Use an upholstery cleaner and conditioner. Look for products that work for leather and vinyl surfaces.
8. Use microfiber towels to apply cleaners and protectants to vehicle surfaces. Spray the product on the towel, not directly on the vehicle. This process eliminates overspray onto adjacent surfaces and helps reduce the amount of product required.
9. Clean headrest areas to remove stains, accumulated sweat and hair oils. The latest upholstery cleaners may be used on multiple surfaces such as leather, vinyl and rubber.
10. Wipe off coffee and soda spills quickly to reduce odors and help prevent mold.

## BRRR... IT'S COLD OUTSIDE AND YOUR PETS FEEL IT TOO!

Some pet owners do not realize the importance of sheltering their dogs from the bitter winds that rip through Cape May County or the freezing rain that soaks their coat and skin. Some "tough it out" customers have said their dog is just fine or that it loves the cold weather and snow. Kids love the snow but would we allow them outside to play in a tee shirt? I am repeating myself for the umpteenth time how it breaks my heart to see a short-hair dog (really any dog) that lives in a heated home being taken for a walk on cold pavement or asphalt "naked" while their parent is all bundled up with hooded jacket, boots and gloves. I am not saying that your dog necessarily should be dressed in boots, although if you could (I know Ebby would not like me playing around with her paws), that would be ideal. I am beseeching you to consider your dog's joints and muscles, especially young puppies, older dogs, and those recuperating from an injury or illness. A pet living in a heated home does not grow a natural winter coat of their own. Even the mushers in Alaska, where the dogs live outside, add jackets and boots when they are working the sleds.

Sometimes I hear, "My dog only stays out for a few minutes to go to the bathroom." Those few minutes could become many more minutes if you get distracted or busy, or the dog finds something interesting outside to pursue. But I'd like to see you go out with your naked dog while he does his business, wearing your pajamas. I have my dogs covered in the Gold Paw fleece series cozy stretch top - indoors as they are trimmed short - and I put a jacket over that when they go out. They each have two jackets, one heavier than the other, for really cold weather or snow. I fought all last winter to get something on Ebby, the fear-biter I rescued, to no avail. Thus, I let her coat grow and monitored her time outside. This past spring, I got her used to a soft Velcro harness that fitted to her waist. She would be rewarded with a walk around the circle with Zoey. She became so excited and trusting that we were able to transition to sweaters and jackets. She absolutely hated to have rain on her and gave me a very difficult time getting her out. I had to use a slip lead and literally drag her out with me until she'd go potty. Then dry her off as much as she'd let me... Now, covered, she happily goes out in any weather.

Pictured is Pebbles in her Weatherbeeta jacket. She also has a leopard Gold Paw top.

We have well-made weather-resistant jackets by Weatherbeeta and a selection of other coats and sweaters. They are quality and long-lasting. You get your money's worth. Although we would like your business as a small community enterprise, I encourage you to scout out other shops or thrift stores just to get your pet some protection and sustain his healthy joints. It will make your life easier, as well, when you don't have to use time and towels to dry off your wet dog, or smell that wet dog odor! Every sweater or coat we sell is at least \$10 less than you would pay online.

We wish you all a very merry holiday and many thanks for your patronage!

Note: We have shortened our hours to 5pm daily for the winter.
