# HOROSCOPE

AUGUST 17 - AUGUST 23, 2023

## ARIES (Mar. 21-April 20)

This week will be hectic. Someone you care about may not be too pleased with you. You may be looking through rose colored glasses. Do your own thing without drawing attention to it.

## TAURUS (Apr. 21-May 21)

Investments will not be as they appear this week. Be careful when dealing with investments. Your ability to come up with original ideas will bring recognition from superiors. You will find that social activities will be enjoyable and will promote new connections.

## GEMINI (May 22-June 21)

Be prepared to take care of the issues at hand. Be prepared to overcome frustrations and obstacles at work. Your ability to see other people's points of view will allow you to come to reasonable agreements. Think twice before you agree to take on any new projects.

## CANCER (June 22-July 22)

Romantic opportunities will be plentiful if you go out with friends. Don't let children hold you back from doing things you enjoy. You can make money if you pursue your own business. Secret affairs will come back to haunt you.

## LEO (July 23-Aug 22)

Don't get intimately involved with a coworker. A romantic dinner, followed by a quiet evening with the one who is enticing you, should be most satisfying. Your charm will attract members of the opposite sex. Minor health problems may lower your vitality.

## VIRGO (Aug. 23-Sept. 23)

Relatives may be less than easy to deal with. You may jump from the frying pan into the fire if you make a move this week. You can get your point across and make valuable connections. Look out for yourself this week.

## LIBRA (Sept. 24-Oct. 23)

Sudden changes regarding friendships are likely to occur if you have tried to change others. Lovers will be demanding. You are best to sign your partner up for activities that will be firing. Friends from your past may come back into your life. You have your own family to consider as well. Go after your professional goals.

## SCORPIO (Oct. 24 - Nov. 22)

Avoid boredom by being creative in your endeavors. You can set your goals and make a bee-line for your target. You're in a high cycle for romance. Get them to pitch in, if you need help.

## SAGITTARIUS (Nov. 23-Dec. 21)

If you're looking to do something worthwhile, consider volunteer work. Talk to those in a position of power about your intentions. You should put your efforts into creative projects. Sudden changes could result in estrangements.

## CAPRICORN (Dec. 22 - Jan. 20)

Be cautious of making any residential changes this week. Dig deep to find out how costly a new venture will be before you sign on the dotted line. This will not be the best day for communication or travel. You will feel so much better about yourself if you can control your addictions.

## AQUARIUS (Jan. 21 -Feb. 19)

You will have to help family members sort out unfortunate difficulties. The home environment will be unpredictable this week. You can expect opposition at work. Don't let your competition be privy to information that could be incriminating. Take care of your own responsibilities before you help others.

## PISCES (Feb. 20-Mar. 20)

You'd be wise to control your spending so your debts don't get out of hand. Look into career choices and courses being offered. You need to enjoy the company of those who enjoy the same pastimes. People trying to entice you to join in will be less than trustworthy.

**NATIONAL HAZY IPA DAY | Third Thursday in August**

On Thursday, August 17, we will be taking time to celebrate a

special beer on National Hazy IPA Day. Once an obscure beer style, Hazy IPAs are now among the most popular craft beers in the country. A Hazy IPA is a style of beer that is an offshoot of the modern American-style India Pale Ale or American IPA. Often characterized by their cloudy or hazy appearance, Hazy IPAs provide a wide range of juicy flavor profiles. These flavors are often sweet and more approachable than traditional IPAs.

**NATIONAL PINOT NOIR DAY – August 18**

National Pinot Noir Day on August 18th encourages wine lovers to experience one of the world's most versatile wines. Since Pinot Noir's high acidity along with the lower tannins, it complements food nicely. Wineries around the world produce pinot noir using red wine grapes and primarily the Pinot Noir varietal. The dry wine includes hints of cherry and raspberry, as well as earthy flavors and notes of floral. It's one of the world's favorite red wines, too.

**NATIONAL FAJITA DAY – August 18**

On August 18th, National Fajita Day recognizes the sizzling deliciousness of the savory Tex-Mex flavor found in fajitas.

**NATIONAL SOFT ICE CREAM DAY – August 19**

National Soft Ice Cream Day on August 19th gives us a tasty way to cool off on a hot summer day. Whether you enjoy it in a bowl or on a cone, grab some soft serve and enjoy!

## CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

### SMOKED TUNA SALAD

#### INGREDIENTS:

- 3 (4-6 oz) YELLOWFIN TUNA STEAKS
- 3/4 CUP MAYONNAISE
- 1 TSP DIJON MUSTARD
- 1 TSP CELERY SEED
- 1/4 TSP WORCESTERSHIRE SAUCE
- 1/4 CUP BRUNOISE CUT (SMALL

DICE) CELERY

- 2 TBS BRUNOISE CUT (SMALL DICE) RED ONION

• 1 TSP FRESH CHOPPED DILL

- KOSHER SALT & FRESH CRACKED BLACK PEPPER (TO TASTE)

#### PREPARATION:

In a bowl, whisk all ingredients together, except tuna. Flake the tuna apart with a fork. Stir tuna flakes into mixture with a fork. Be sure flakes are well coated & broken apart. Chill for 30 minutes & serve. Enjoy!

Hint:

You can use any type of tuna for this recipe. I chose Yellowfin because it's a better Tuna than Albacore or less desirable sub-species of Tuna. You can add or take away a little more mayonnaise if needed.

### THE ULTIMATE CAR MAINTENANCE CHECKLIST, PT. 2

**COOLANT FLUID EXCHANGE:** The radiator in your car is a vital component that helps keep your engine cool and functioning properly. Having your coolant system flushed regularly will help get rid of contaminants that can build up inside as well as ensure that your radiator is filled to a proper level. Check your vehicle manufacturer's recommendation to find out how often your coolant should be exchanged.

**SPARK PLUGS:** The spark plugs in your engine ignite the gas and air mixture that ultimately powers your vehicle. If your spark plugs aren't functioning properly, your engine will lose power and won't run at optimal capacity. Have a professional check and replace any faulty spark plugs depending on vehicle mfr recommendations or when you feel a decrease in your engine's power.

**SERPENTINE BELT:** Although may seem like a simple piece of rubber, your vehicle's serpentine belt is essential to keeping your car running by powering peripheral devices such as your alternator, power steering pump, and air conditioner compressor. Visually inspect the belt to ensure that it is free of cracks or other wear and tear. Replace if damaged or according to your vehicle manufacturer's recommendation.

**FRONT AND/OR REAR DIFFERENTIAL:** The differentials are devices that split the torque—or power—from the engine and allow it to send power to the tires. In front or rear-wheel drive vehicles, there is only one differential, but in 4-wheel and all-wheel drive vehicles, there is both a front and rear differential, and possibly even a center differential. Like many parts of your vehicle, the differentials need to be kept lubricated to ensure proper functionality. Have a professional check and change fluid whenever your vehicle manufacturer recommends it.

**SEASONAL CHECK-UPS:** The needs of your vehicle can vary by season and driving conditions. Following are a few suggestions to add to the notes section of your vehicle maintenance checklist.

**REPLACE WINDSHIELD WIPERS:** Windshield wipers need to be replaced about once every year, or whenever the effectiveness is compromised. In winter months, it could also be a good idea to install winter wiper blades for optimum performance. You should also pull your wipers away from the window when parked during the winter to prevent ice buildup.

**BATTERY PERFORMANCE CHECK:** Your car battery is one of the most important components for your vehicle to run. A car battery supplies large amounts of electrical current for the starter, engine and other electronic accessories in the vehicle. Extreme temperatures affect the performance of the battery so regular battery testing will ensure that battery will perform when you need it to.

**CHANGE TIRES:** Depending on where you live and the winter driving conditions you might encounter, you might want to switch your tires in cold, snowy months to a winter/snow tire. When the temperature hovers at or below freezing consistently, the tire compounds in non-winter tires hardens, decreasing traction and handling performance while increasing braking distance. Winter tires are have tread patterns and compounds designed to remain soft in the cold and provide grip in snow, slush, and icy driving conditions.

**CHECK COOLANT LEVELS:** It's also important to check your antifreeze levels in your radiator in winter months to keep your radiator or engine components from freezing. A 50/50 mix of antifreeze to water is generally recommended, but check your owner's manual or with a professional to be certain.

Sticking to a car maintenance schedule, and keeping good records of what you've done, can help extend the life of your vehicle and protect you against breakdowns, expensive repairs, and other unwelcomed surprises.

**'PAWSOME' ADVENTURES AWAIT: THE WILDWOODS,  
 NJ UNLEASH FUN FOR FURRY FRIENDS**

Whether it's a day at the beach, or a week-long vacation, the Wildwoods have beaches, businesses, and accommodations that are pet-friendly.

**Dog-Friendly Beach and Recreational Attractions**

From May through October, four-legged friends have a special, designated beach area at Glenwood Avenue in Wildwood where they are welcomed with open paws. All dogs must be licensed and leashed, except inside the enclosed beach dog park, and owners are responsible for cleaning up after their four-legged friends. North Wildwood beaches allow dogs during the summer season, anytime when lifeguards are off duty (lifeguard hours 9:30 a.m. – 5:30 p.m. through Labor Day).

Tails wag as dogs make their way across the Boardwalk and onto the sand as they approach the 25-foot-tall red Fire Hydrant Sculpture at the beach Dog Park – right at the entrance to the Dog Beach. The Dog Park is completely fenced in, so there is enough room for dogs to run and stretch their legs. It is separated into two sections – one for large breed dogs and the other for small breed dogs. As with the Dog Beach, all dogs entering the Dog Park must be licensed, and owners are responsible for cleaning up after their four-legged friends. Additional dog-friendly recreational attractions throughout the Wildwoods include Sunset Lake, the Sea Wall in North Wildwood, and the Wildwoods Bike Path.

**Dog Friendly Businesses**

Several Wildwoods establishments welcome four-legged patrons to dine outdoors with their families. Morey's Mariner's Pier is home to the PigDog Beach Bar, a laidback atmosphere accessible via Raging Waters Water Park, the beach, and the Boardwalk. MudHen Brewing Company is another Wildwoods eatery accommodating four-legged travelers. In addition to PigDog Beach Bar and MudHen Brewing Company, several other Wildwoods restaurants and eateries allow dogs to dine outdoors with their owners. Please call ahead to the establishments to inquire about their dog policy before dining.

**Dog-Friendly Activities and Events**

The Wildwoods love dogs, and we've picked four summertime national dog holidays to celebrate here with your furry friend:

- International Dog Day – August 26, 2023
- National Dog Week – September 20-27, 2023
- National Pet Week – May 5-11, 2024
- Pet Appreciation Week – June 2, 2024
- All-American Pet Photo Day – July 11, 2024

Several Wildwoods' sightseeing charter boats and fishing/crabbing boats allow you to bring your dog on board. Please remember to outfit your pet with an appropriate life jacket to keep them safe during your day at sea. Your pooch can enjoy a walk on the beach followed by a paddle in the pools of Raging Waters Water Park at Morey's Piers during the Morey's PigDog PuppaPalooza annual event September 9. The day starts with a Doggie Dash – a 1-mile or 5k beach walk/run with your favorite canine – followed by a day frolicking at Raging Waters water park on Mariner's Pier. Throughout the day, the famously dog-friendly PigDog Beach Bar will host "Yappy Hour" specials for you and your "fur"iends. Also, in attendance at PigDog will be Beacon Animal Shelter with items to auction and pups to adopt.

**Dog-Friendly Accommodations**

In The Wildwoods, finding dog-friendly accommodations is a breeze. Please call to confirm that the hotel/motel of interest welcomes dogs.

## COULD YOUR CAT BE SUFFERING FROM IRRITABLE BOWL SYNDROME?

Submitted By  
Patsy Nelson  
from The Wagging Tail

Many of you know from being in The Wagging Tail that we have a cat shelter. We are evaluated periodically by the Health Department to which we pay a yearly fee. We must have our water checked by Cape Environmental Laboratory, LLC, and must submit a licensed veterinarian's letter of supervision. We don't have volunteers and the hourly cost of taking care of nineteen cats and, presently, six kittens can be immense as we feed them the superior food and litter that we sell to the public. Our only donations are from those customers who up to the nearest dollar or throw in some to our cat jar. During the past thirty-seven years (October) I have re-homed over 3,500 cats and dogs. I used to jokingly call myself, "the pet matchmaker of Cape May County."

Lately, we have changed dry cat food and some wet, and I have noticed, when doing the litter boxes, an increased number of runny stools. Most of the feces are normal, but others are alarmingly not. It has occurred to me that some of the cats may be suffering from IBS. The Homepet line makes remedies in the form of drops which can be put directly in a pet's mouth, or in food or water. There are ones for skin and coat, cough, nose relief, liver rescue, anxiety, and worms, among others. I am using the Nose Relief on an older cat we rescued from a man who died, and it has worked wonders on her mucous, as well as increasing her appetite. The one for diarrhea is called Digestive Upsets, which also includes issues with constipation and vomiting. So, we will start today adding to the water, as we don't know which couple of cats are suffering.

The difference between IBS and IBD is that IBS is sudden and severe inflammation of the gastrointestinal tract, which we are now witnessing. IBD is inflammatory bowel disease, a syndrome indicating long term (chronic) inflammation of the "mucosal lining of the intestinal tract." IBD may have a hereditary factor, or it could be from a bacterial imbalance, food allergies or intolerances. I had a long-time battle because of undiagnosed lactose intolerance (until about 5 years ago,) and gluten which I have removed voluntarily from my diet. And I am feeling so much better. Now if I could only forgo sugar!

Symptoms of IBS in cats are diarrhea, which may have mucus, (not present in our cats' stool,) apparent pain with defecation (have not seen) abdominal bloating (some noticeable) abdominal pain (have not checked) nausea, vomiting (occasionally without hairballs). "There may also be signs of lethargy, loss of appetite, gradual weight loss with persistent stress." The only two possibilities I see as potential causes for our cats to have IBS may be diet changes and added kittens to the open living arrangement in our shelter. We do usually keep kittens separate from most mature cats. Other causes for cats in general may include "travel, boarding, hospitalization, trauma/injury or alteration of the cat's daily routine or living environment (new home, new baby, new pet)" or "from a dietary intolerance or allergy, or a change in the normal function of the bowel."

Cats diagnosed with IBS and other ailments, are offered veterinarian formulas that contain ingredients of which I am not a fan. Nor am I a fan of the companies that produce these "healthy diets." The Fromm Family Foods Company (making food for 5 generations) has a food that is excellent for cats with an IBS issue called HASENDUCKENFEFFER, with rabbit and duck, and higher in fiber. It is reasonably priced (unlike vet med foods) and 100% guaranteed. The Rawz company offers wet food for cats that would also be helpful as in rabbit, rabbit with pumpkin, and duck with duck liver. Also add a probiotic supplement to assist your cat in improving and maintaining gut function. I am going to apply to home and store cats. (If your cat is suffering with bladder and kidney issues, the Fromm Company offers Chicken ala Veg or Duck ala Veg and the Weruva Company offers a wide range of wet food options.)

THANK YOU FOR HELPING TO KEEP A SMALL BUSINESS IN BUSINESS AND FOR YOUR WONDERFUL FEEDBACK ABOUT OUR EXPANSIVE SELECTION OF QUALITY FOOD AND ACCESSORIES.
