MORE INFORMATION ABOUT THE LONE STAR TICK

Submitted By
Patsy Nelson
formerly of The Wagging Tail

Last week I wrote an article entitled Alpha-Gal Syndrome. I received notification on Tuesday the 18th from the Cape May County Health Department that my recent blood test confirmed this illness. I had never heard of it before. Around the same time an article appeared in The New York Times, as my niece informed me, about The Lone Star Tick and Alpha gal syndrome, because this tick is spreading rapidly in the Northeast. About two months previously I had removed the partial head of a tick from my waistband leaving an extremely itchy red bump. Finally, with encouragement from others, I went for a Lyme test and found out why I was getting weird hives and rashes and feeling generally unwell and in pain (especially my knees.) I am already lactose intolerant, so I need not worry about ingesting cow milk, but now I can have NO RED MEAT. (I prefer chicken and fish anyway.) Leaving Thursday for a cruise. My 80th! Eating will be a challenge since I am off gluten too- making and taking my own birthday cake. Really.

The lone star tick aggressively stalks for prey. Other ticks are more passive hunters. Adult females have a noticeable white mark "lone star" on its back. See picture. Males have scattered white flecks. These ticks are getting more prevalent in New York (especially Long Island), Pennsylvania, New Jersey, Delaware, Maryland, and high numbers are seen in Virginia, Tennessee, North Carolina, Georgia, and Oklahoma, among others. There is a lone star map on google. They prefer heavily wooded areas, dense brush, and dense undergrowth and areas near water and tall grass. The early colonists unknowingly controlled ticks by removing so many trees and brush to build new settlements. Now, with more trees, etc., ticks are increasing. The busiest times for activity are during the spring and early summer months, like when I got bitten.

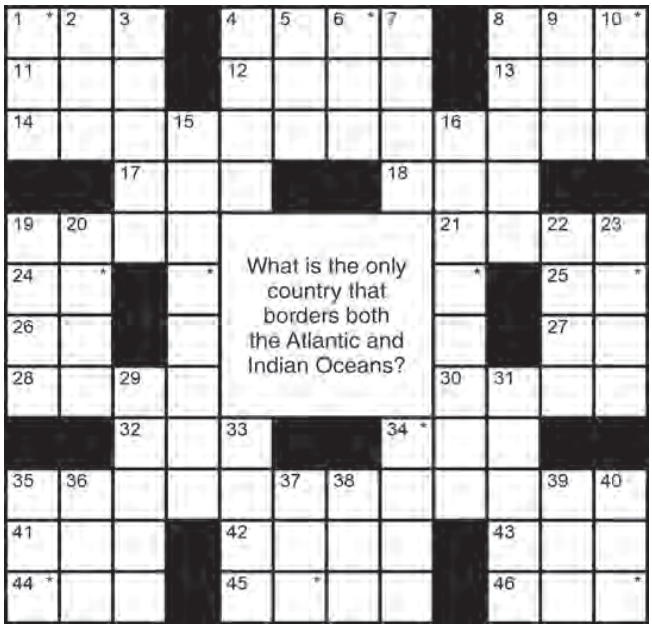

There are five known health risks from the lone star tick. *Alpha-gal syndrome which causes minor to severe (even fatal) reaction to red meats and dairy triggered by sugar molecules in the tick's saliva. *Ehrlichiosis: A bacterial infection resulting in fever, fatigue, and muscle aches. *Tularemia: A rare, serious bacterial disease. *STARI: A rash illness that creates a bullseye pattern like Lyme disease, though the lone star tick does not carry Lyme disease itself. *Heartland and Bourbon viruses: Emerging viral illnesses. These are potentially deadly viruses mostly attributed to the lone star tick. The Heartland Virus was first discovered in Missouri in 2009. Mostly seen in the Midwest and the South but spreading. The Bourbon Virus was first discovered in Bourbon County, Kansas, in 2014. It is extremely rare but recently found in N.Y.

Dogs: can contract Ehrlichiosis from lone star ticks; fever, low energy, and joint pain. Cats: Can contract cytauxzoonois (bobcat fever) fast moving frequently fatal parasitic disease. Both can suffer from tick paralysis due to neurotoxins in the tick's saliva.

Articles are also on my Facebook page, Patricia Robinson Nelson. I would love your comments. Email me at patsyrob1@gmail.com with concerns. THANK YOU!

HOROSCOPE

SEPTEMBER 3 - 9, 2026

ARIES (March 21 – April 20): Momentum picks up, making this a great week to tackle something you've delayed. Trust your instincts and keep things simple. A positive development by the weekend confirms you're on the right track.

TAURUS (April 21 – May 21): A steady approach works in your favor while others rush. Focus on what matters and ignore distractions. Something enjoyable later in the week gives you a well-earned chance to relax and recharge.

GEMINI (May 22 – June 21): An interesting conversation or connection could open an unexpected door. Stay curious and ask questions. A last-minute change of plans may lead to something even better than expected.

CANCER (June 22 – July 22): An uncertain situation begins to make sense. Notice the small signs and trust your instincts. By the weekend, you'll feel more confident about a decision or direction you've been considering.

LEO (July 23 – August 22): Extra confidence helps you move an idea forward or finally speak your mind. Others will notice your energy. A compliment, invitation or unexpected opportunity could give your week an encouraging boost.

VIRGO (August 23 – September 23): Clear distractions and focus on what you want to accomplish. Your eye for overlooked details gives you an advantage. Handle them early and you'll have more time to enjoy the weekend.

LIBRA (September 24 – October 23): A change of scenery or routine could be exactly what you need. Stay open to unexpected invitations. A little spontaneity may lead to a memorable conversation or new connection.

SCORPIO (October 24 – November 22): Persistence starts paying off with something that's taken longer than expected. Keep moving without worrying about immediate results. News or a conversation may reveal you're closer to your goal than you thought.

SAGITTARIUS (November 23 – December 21): A new experience, spontaneous plan or different approach brings the change of pace you've wanted. Stay flexible—the most interesting part of your week may arrive unexpectedly.

CAPRICORN (December 22 – January 20): Something complicated becomes easier once you give it your attention. Take it one step at a time. Early progress leaves you feeling lighter and more relaxed by the weekend.

AQUARIUS (January 21 – February 19): An unexpected idea or conversation could lead you in an exciting new direction. Don't dismiss the unconventional. Experiment a little—you may find opportunity where you least expect it.

PISCES (February 20 – March 20): Creativity is strong, so make time for what inspires you. Follow your own pace rather than others' expectations. Your rhythm could lead to a productive week and especially enjoyable weekend.

AIRFEST 2026 ANNOUNCES FOUR DAYS OF AVIATION, ENTERTAINMENT, FAMILY ACTIVITIES & MORE

With AirFest 2026 just around the corner, Naval Air Station Wildwood (NASW) Aviation Museum will welcome visitors to Cape May Airport for four days of historic aircraft, aviation displays, live entertainment, military and emergency vehicles, educational exhibits, family activities, food and more, Thursday, September 3 through Sunday, September 6, from 10 AM to 4 PM daily. Historic aircraft remain at the heart of AirFest. This year's flight line is headlined by the Tunison Foundation's C-47 "Placid Lassie," an authentic D-Day combat veteran, and the Military Aviation Museum's flying Messerschmitt Me 262 reproduction. Other scheduled aircraft include the Commemorative Air Force Capital Wing's TBM Avenger "Doris Mae," Aero L-39 Albatros, Stinson OY-1 Sentinel "Gayle Ann," and Fairchild UC-61 Forwarder "Miss Cherrie II," along with the Beechcraft T-34 Mentor, rare Fuji LM-1, SNJ/AT-6 Texans, a South African Air Force-marked Harvard/T-6, Yak-52TD, PT-26 Cornell, Nanchang CJ-6, and additional visiting aircraft. The Aero Club of Pennsylvania and EAA Fly-In will also return to AirFest, bringing an assortment of privately owned aircraft flown in by pilots from across the region. Part of the fun is never quite knowing what may fly in; past fly-ins have featured everything from a Beech 18 and Republic Seabee to Yaks, Cubs, and other unique aircraft. Public-safety organizations will also have a strong presence throughout AirFest, with visiting aircraft and crews from AtlantiCare Medevac, the New Jersey State Police, Cape May County Mosquito Control and the New Jersey Forest Fire Service. Law-enforcement and emergency-service agencies will bring specialized personnel, vehicles, and equipment, including SWAT personnel, the Lower Township Police Department's UAS/drone unit, fire and emergency apparatus, and additional public-safety displays. Visitors can also look for a special appearance by Smokey Bear. AirFest will also showcase aviation and STEM education through participating organizations, including the New Jersey Wing Civil Air Patrol, FAA William J. Hughes Technical Center Aviation STEM program, and additional military, aviation, educational, and community groups offering hands-on displays and presentations. Beyond the flight line, guests can explore military vehicles and historic equipment, speak with living-history reenactors, watch historical tabletop wargaming demonstrations, and meet visiting authors. Families will find plenty to enjoy as well, including free face painting and caricatures, chalk art by Samantha Dahlstrom, Paddle boats, opportunities to climb aboard participating fire trucks, and more. History and entertainment will fill Historic Hangar #1 throughout the event. Ted Schwartz's 1940s-style radio show will feature music from the era along with presentations about World War II and the history of Naval Air Station Wildwood. The Magnolia Sadies Vintage Dancers will bring the music, dance, and style of the 1940s to life, while live music will feature the John Walter Cape Community Band, Maddie Hogan, and Animal House. Guests should come hungry, with a variety of food trucks and vendors available throughout AirFest. Free parking will be available throughout AirFest, with shuttle service around the Cape May Airport complex available Saturday and Sunday. AirFest is primarily a ground-viewing and static-display event, giving visitors the opportunity to see aircraft up close and meet pilots and crews. Admission is $18 for adults and $14 for children ages 3–12, with NASW Aviation Museum members, active-duty military, and children ages 2 and under admitted free.

unforgettable days! Held at Historic Hangar #1 at Cape May Airport, AirFest brings together an incredible lineup of operational historic aircraft, military vehicles, fire trucks, aviation and public-safety displays, living-history reenactors, museums and historical organizations, STEM exhibits, authors, vendors, food trucks, live entertainment, family activities, and more.

Unlike a traditional air show, AirFest is primarily a ground-viewing and static-display event, giving visitors the opportunity to see aircraft up close, meet pilots and crews, learn their stories, and explore the museum's collection of 28 aircraft and helicopters.

Family Friendly | Free Parking | Indoor & Outdoor Activities | Full Museum Admission Included

NATIONAL CHEESE PIZZA DAY

On Saturday, September 5th, National Cheese Pizza Day says, "Hold the toppings!" That's right, cheese is all you need when celebrating this pizza holiday. Whether the pie is homemade or ordered in, make it cheese only. Add a variety of cheeses to your pie to celebrate. Smokey gouda or a little gorgonzola might mix it up. If you like a little cheddar, mild or sharp shredded across the top will do. Debates prevail over thin or thick crust. However, that debate is for another day. The cheese holds the spotlight on this occasion. In fact, thin-crust doesn't even have a day. How did that happen? However, deep-dish does.

NATIONAL BEER LOVER'S DAY

On Monday, September 7th, National Beer Lover's Day celebrates the grains, hops and brewing methods across many eras. Beer and the process of brewing beer may predate known history. As varied as the methods, grains, and flavors, beer continues to change and evolve. Virginia colonists brewed beer. William Penn included a place for brewing beer within the Pennsylvania colony. It can still be visited at Pennsbury Manor today. The first President of the United States recorded a recipe for brewing beer in his notes. Samuel Adams holds a place in both beer and tea history in this country. There were a few beer lovers and patriots among the nation's founders.

This restaurant deserves five stars all around! The service was great. The atmosphere is quaint. But the food is definitely spot on. Everything from the appetizers right through to the dessert was amazing. No complaints had by anyone at the dinner table, and we went with a big group. I would definitely recommend if you're looking for a more luxurious meal.

SCHOOL-READY MAINTENANCE AFTER SUMMER ROAD TRIPS, PT 1

Summer heat and driving places extra stress on your vehicle's engine and tires. Is your vehicle ready for the extra demands of back-to-school activities?

"There is always a lot to do before school starts and making sure your vehicle is running efficiently should be at the top of that 'to-do' list," said Nathan Perrine, executive director of the Car Care Council.

According to a survey conducted by the Car Care Council, eight out of 10 vehicles fail at least one component of a standard inspection. That's one reason Perrine put together the council's "Five Point Check-Up," a maintenance and safety guide for parents and college students who rely on their vehicle for transportation.

Perrine recommends a pre-fall vehicle check-up and offers the following list of suggestions.

Tires and Wheels

August is filled with last-minute family road trips before Labor Day and preparations for the back-to-school season.

A tire and wheel inspection prep your vehicle for long-distance travel and months of school drop-offs.

Check tire pressure: Summer heat and fluctuating temperatures affect tire pressure. Inflate tires to recommended specifications.

Inspect tread wear: Many highway miles and heavy load can cause tire wear. Replace tires with significant tread wear.

Wheel alignment: If your vehicle pulls to one side or the steering wheel is off-center have the alignment checked and corrected to prevent premature tire wear.

Brake Performance

Summer traffic, mountain roads and a fully loaded vehicle puts added strain on your vehicle braking system.

Before daily school commutes, ensure your brakes are ready to handle frequent stops around school zones and busy intersections.

Inspect brake pads: Replace worn brake pads for dependable stopping power.

Check brake fluid: Ensure the brake fluid is clean and at the recommended level for reliable braking performance.

Listen for unusual noises: Squealing or grinding sounds may indicate worn brake components that require attention.

Air Conditioning

Even with summer winding down, hot August afternoons can continue well into September in many regions of North America.

A well-functioning air conditioning system is crucial for comfort and reduces driver fatigue during school runs.

Confirm cooling performance: Make sure the air conditioner delivers cold air consistently.

Replace the cabin air filter: A clean filter improves airflow and reduces contaminants inside the vehicle.

CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

BLOOD ORANGE HONEY GLAZED SALMON

INGREDIENTS:

- 2 (6oz.) Fresh Salmon Fillets, Skin Off & Deboned
- 1 TBS. Vegetable Oil
- 1 TBS. Unsalted Butter
- 1/4 Cup White Wine
- 1/4 Cup Honey
- 1 TBS. Brown Sugar
- 1 TBS. Blood Orange Juice
- 1 TBS. Fresh Minced Rosemary
- 1 tsp. Fresh Minced Ginger
- Kosher Salt & Fresh Cracked Black Pepper To Taste

Garnish:
- Blood Orange Wheel

PREPARATION:

Preheat oven to 375°. Preheat a medium size nonstick pan over range top on medium high heat. While the pan is tempering, dry your salmon fillets w/ a paper towel. Season the fillets w/ salt & pepper & set aside. After the pan tempers add in oil & butter. When the butter is almost melted add the fillets flesh side down into the pan. While the fillets are searing, line a sheet pan w/ parchment paper & pour the wine in. After the salmon gets a nice sear on the flesh side, flip the fillets over to blood line side or where the skin would have been. While the salmon is searing you can make the glaze. In a small bowl, whisk together blood orange juice & sugar. Next, add in the honey. After the mix is smoother looking, finish w/ Rosemary & ginger. Now your salmon fillets should be seared nicely & you can transfer them to the parchment lined pan w/ the flesh side facing up & bloodline down. Brush the glaze on the salmon heavily on the top & be sure to get the sides. Bake to desired doneness. Remove from oven & allow to rest for a minute or two. Plate & garnish w/ blood orange wheel. Enjoy!

Hint: If you want your salmon rare, brush glaze on top after you flip the salmon in the nonstick sauté pan & do not bake. When the salmon gets a nice sear on the bottom, add the wine & allow it to dissipate. You can serve this over salad, with rice, couscous, etc.. You can also use regular orange if you can't get blood orange.
