HOROSCOPE

OCTOBER 1-7, 2026

ARIES (March 21 – April 20): Momentum builds as you head into October, giving you a chance to make real progress on something important. Take the initiative instead of waiting for others. A promising development later in the week could confirm you're moving in the right direction.

TAURUS (April 21 – May 21): A practical decision early in the week helps bring some welcome stability. Trust what has worked for you before, but leave room for a little spontaneity. The weekend could bring an unexpected invitation or reason to celebrate.

GEMINI (May 22 – June 21): Conversations take an interesting turn this week, and your ability to think quickly works in your favor. Share your ideas and reconnect with someone you haven't heard from lately. A surprise message could lead to exciting plans.

CANCER (June 22 – July 22): October begins with an opportunity to put a lingering concern behind you. Focus on what you can change rather than what you can't control. A relaxing weekend with familiar faces helps restore your energy and perspective.

LEO (July 23 – August 22): You're especially noticeable this week, so use the extra attention to your advantage. Take the lead, make your intentions clear and don't underestimate your influence. Someone's unexpected response may leave you feeling especially confident.

VIRGO (August 23 – September 23): Clearing your schedule and handling unfinished business early will make the rest of the week much easier. Stay organized, but don't overthink every decision. A spontaneous weekend plan could be exactly the change of pace you need.

LIBRA (September 24 – October 23): Your social energy is running high, making this a great week for connections, conversations and new experiences. Put yourself out there and enjoy the attention. Someone may surprise you by showing more interest than you expected.

SCORPIO (October 24 – November 22): Something happening behind the scenes may finally begin moving in your favor. Stay patient and resist the temptation to force an outcome. By the weekend, new information could give you a much clearer picture of what comes next.

SAGITTARIUS (November 23 – December 21): Your adventurous side wants something different this week, so break away from the usual routine. A last-minute plan or unexpected opportunity could lead somewhere memorable. Follow your curiosity and see where it takes you.

CAPRICORN (December 22 – January 20): A productive week gives you an opportunity to make noticeable progress toward a larger goal. Focus your energy where it will have the greatest impact. Once the important work is handled, give yourself permission to enjoy the weekend.

AQUARIUS (January 21 – February 19): A fresh idea or unexpected conversation could change the way you look at something important. Stay open to possibilities that weren't part of your original plan. The weekend may bring an opportunity worth exploring further.

PISCES (February 20 – March 20): Your instincts are especially useful this week, particularly when it comes to people and relationships. Pay attention to what isn't being said as much as what is. A meaningful conversation could bring clarity and strengthen an important connection.

TAKING YOUR PET TO THE VET HAS BECOME MUCH MORE EXPENSIVE

Submitted By
Patsy Nelson
formerly of The Wagging Tail

I have lived in the Cape May area since the 70's. I used to take my pets to Dr. Belloff on Route 47. That building became a tattoo destination. Just recently it was torn down never to be looked upon again by those of us who remember the good ole days. The days when seeing any doctor meant fair prices and compassionate service. There are a few left who give us more than five minutes and don't charge us or our insurance companies a small fortune.

I have been going to Parkway Veterinarian Hospital since Dr. Hirsch opened his office on Route Nine. In fact, when I took one of my cats to see him in Somers Point, he told me he would shortly be opening a practice in Cape May County. When I was owner of The Wagging Tail I took my cats from the store to Parkway Vet, as well as my own pets (rather than to Dr. Logan's Veterinary Hospital in Rio Grande) because they helped me take care of our kittens at more reasonable prices and requirements. And I gave them innumerable referrals. Those days are gone. One of the cats we adopted from The Wagging Tail about 13 years ago was not feeling well; lying around, crying out when picked up, off her food. By the third day I called for an appointment and luckily got one with my favorite, Dr. Grant. After checking her temperature, weight, and heart, and a shot to increase her appetite, blood was drawn and we soon found out that nothing was indicative of a problem. Four hundred and two dollars later we left the office. Holy cow. How does the average person take care of their pets? I have always advised my customers that once their puppies or kittens have completed their initial shots, NOTHING ELSE is necessary except for rabies inoculations, maintaining flea and tick prevention, and heartworm prevention (dogs.) Unless there is a problem. Ebby was a problem in 2025, January and June; she cost me a total of seven thousand dollars to fix her knee and ACL.

Most of the Veterinarians in Cape May County have not succumbed to buy-outs by big corporations like Mars Candy Company which is now the biggest owner of previously stand-alone vet practices, operating under the names Banfield, VCA Animal Hospitals and BluePearl. NVA, a large pet hospital network with private equity is another. Some vet practices who have sold out will keep their original names to protect their customer base. And even with hospitals that are still privately owned, payment is required up front or the pet receives zero service, no matter how grave the pet's condition may be. And there does not seem to be a reluctance to do all manner of tests while the grieving parents (like my two great nephews with their two cats) are bilked for $10,000 they had to borrow or put on a credit card.

I put in order of customer satisfaction and price fairness, the vets who are still privately owned: Animal Clinic of The Wildwoods (mostly emergency care,) Cape Vet in C.M.C.H., Ocean View Animal Hospital Route 9 and 83, and South Paw Animal Hospital on Route 9, in the center of C.M.C.H. Check with friends about reliability and tendency to require unnecessary testing.

Articles are also on my Facebook page, Patricia Robinson Nelson. I would love your comments. Email me at patsyrob1@gmail.com with concerns. THANK YOU!

This restaurant deserves five stars all around! The service was great. The atmosphere is quaint. But the food is definitely spot on. Everything from the appetizers right through to the dessert was amazing. No complaints had by anyone at the dinner table, and we went with a big group. I would definitely recommend if you're looking for a more luxurious meal.

FALL INTO FUN, SAFE ADVENTURE THIS AUTUMN, PT 3

Replace halogen bulbs if your vehicle uses traditional lighting elements.

Consider: Halogen bulbs can lose more than 30% of their brightness every year during normal nighttime driving (about 400 hours). The newest bulbs last longer and offer significantly better road visibility.

Get electrical problems diagnosed if lights flicker or fail repeatedly.

Other important maintenance checks

These additional maintenance checks keep your vehicle in peak condition as it transitions from summer travel to autumn:

Review scheduled maintenance: If summer travel has added significant mileage to your vehicle, your next scheduled service is due sooner than expected.

Replace key fob batteries: Weak batteries are easy to overlook until they leave you locked out or unable to start your vehicle.

Scan for diagnostic trouble codes: Have your vehicle scanned for stored fault codes, even if no warning light is illuminated.

Inspect mud flaps and splash guards: Replace damaged parts to protect the paint and underbody from road debris.

Assess steering components: Long highway trips and uneven terrain can accelerate wear on steering components. Have the steering system checked if you notice changes in handling.

Check wheel lug nuts: Ensure these components are securely fastened, especially if your tires were recently rotated or replaced.

Check radiator fins: Remove bugs, dirt and road grime from radiator fins to improve airflow and keep engine running at the proper temperature.

Test power accessories: Operate power windows, mirrors, locks and the sunroof to make sure they are all functioning properly as autumn weather arrives.

Inspect drive belts: Summer heat can cause drive belts to crack, fray or glaze. Replace worn belts before they fail.

Remove unnecessary cargo: Clear out leftover summer gear and other unnecessary items to reduce vehicle weight and help improve fuel efficiency.

Restock your emergency kit: Replace used supplies and add autumn essentials such as a rain poncho, reflective vest and waterproof flashlight.

Check weatherstripping: Inspect the seals around the doors, trunk and sunroof for cracks, or signs of wear to prevent water leaks during autumn rain.

CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

GRILLED COUNTRY GOOSE BREAST

INGREDIENTS:
- 2 Fresh Goose Breast, Skin Off
- 1/3 Cup Red Wine Vinegar
- 1/4 Cup Pomegranate Juice
- 2/3 Cup Olive Oil
- 2 Cloves Minced Fresh Garlic
- 1 Minced Shallot
- 1 TBS. Fresh Chopped Thyme
- 1 TBS. Fresh Chopped Rosemary
- Kosher Salt & Fresh Cracked Black Pepper To Taste

PREPARATION:
Pour vinegar & pomegranate juice into a bowl. Slowly whisk in oil until emulsified. Add in remaining ingredients except goose. Pour marinade into an air-tight bag. Place breasts into bag & seal tight. Refrigerate for 8 hours. After 8 hours remove breasts from bag to a sheetpan lined with a wire rack. Preheat grill to medium high heat while the excess marinade drains from the breasts. When the grill is ready, place breasts on the grill with the outer side of the breast down first. After you achieve nice grill marks, flip the breasts & continue cooking on the other side until you have reached an internal temperature of medium rare. Remove to a cutting board & allow to rest for five minutes. Slice, plate & serve. Enjoy!
