THE IMPORTANCE OF ORGAN MEAT FOR YOUR PETS

Submitted By
Patsy Nelson
from The Wagging Tail

Before I begin, I just want to mention the "exciting" rainstorm of Tuesday night. I hope no one sustained any damage because of the winds. We have very happy trees, plants, and lawns this morning, and perhaps it washed to oblivion the overwhelming population of ants.

Some time ago I watched a video by Dr. Marty when he was developing his products of freeze-dried raw dog and cat food. Now his food is advertised on television, which is helpful to acquaint the public with good quality food-if the consumer is not charged to cover the costs of such advertising. The food is already at the high-end cost wise. I used to feed Small Breed to both Zoey and Ebby until I realized that Ebby has a sensitivity to sweet potatoes. I bought freeze-dried raw Turkey (with nothing added) which I add to Ebby's dinner. I also give them each night light cooked frozen food mixed with some Fromm and Honest Kitchen dry. Whatever I am doing seems to be working as their poops are usually perfect. Organ meats are super foods for dogs and cats. I don't like to handle raw, so I stick to a variety of dehydrated protein sources.

LIVER is the most widely used raw because it is so easy to obtain. Some people shy away from liver because it is known as a detoxifier, but the toxins are not stored in the liver which merely filters them out. Analysts have found that there are no more toxins stored in liver than in the kidneys or muscles. The benefits of liver include vitamins A, D, E and K, which are all important fat-soluble vitamins, (they dissolve in fat) and are stored in the liver and fatty tissue until needed elsewhere in the body. They help to keep the heart healthy and for blood to clot. Some food sources with all of us, but only some for pets, are liver, dairy, kale, sweet potato, apricots, tomatoes, carrots, egg yolks, spinach, and cantaloupe.

I feed assorted freeze-dried HEARTS as a treat or sliced thin as a topper. Hearts provide the amino acid Taurine (like sardines) which is vital to a healthy functioning heart, the benefits of which can be destroyed by heat as in cooking or frying. The highest level for cats is from the heart muscle of mice. The very best diet for cats is a healthy mouse. Heart organ meat is the best source of CoQ10, especially from bison, venison, and beef. Eating heart organ (whether in frozen or freeze-dried form) provides iron, zinc, selenium, and B vitamins, essential for "energy balance and prevention of oxidative stress." STOMACH lining, also called tripe, is sourced from ruminant animals (have four stomach chambers) such as cattle, sheep, goats, or deer and is best fed raw, or raw-frozen. It is also available in cans, and freeze-dried treats. One favorite is green tripe. It is nutritionally dense with digestive enzymes, essential fatty acids, essential amino acids, proteins and packed with vitamins and minerals. Tripe has been common to man and animals for centuries. I will delve into that more in a later issue. Beware, it can be negatively odiferous to us, yet dreamy smelling to our pets.

Articles are also on my Facebook page, Patricia Robinson Nelson. I would love your comments. Email me at patsyrob1@gmail.com with concerns. **THANK YOU!**

HOROSCOPE

JULY 23 - 29, 2026

ARIES (March 21 - April 20)

Your confidence opens doors this week. Take the lead on a project or speak up with a new idea. Avoid impulsive spending, and make time this weekend to relax with family or friends.

TAURUS (April 21 - May 21)

Steady progress beats rushing ahead. A misunderstanding clears up through honest conversation, bringing relief. Financial matters improve with patience, and carving out a little personal time helps you recharge.

GEMINI (May 22 - June 21)

Your social calendar is full, creating opportunities to make valuable connections. Stay organized so you don't overcommit. A creative idea or hobby brings unexpected satisfaction by the weekend.

CANCER (June 22 - July 22)

Focus turns toward finances and long-term goals. Trust your instincts when making important decisions. Someone close may seek your advice, and your thoughtful perspective will be greatly appreciated.

LEO (July 23 - August 22)

Happy Birthday, Leo! It's your time to shine. Celebrate your accomplishments while setting exciting new goals. An opportunity you've been hoping for may finally arrive, boosting your confidence.

VIRGO (August 23 - September 23)

A slower pace helps you regain focus. Organizing your home, schedule or finances pays off. Small improvements now create lasting results, leaving you energized and ready for what's next.

LIBRA (September 24 - October 23)

Friendships and teamwork bring positive momentum. An invitation or chance encounter reconnects you with someone important. Cooperation leads to success, and a difficult decision becomes much easier by week's end.

SCORPIO (October 24 - November 22)

Your dedication earns recognition this week. Career opportunities or praise could boost your confidence. Balance work with personal time, and an honest conversation strengthens an important relationship.

SAGITTARIUS (November 23 - December 21)

Adventure is calling, even close to home. Say yes to trying something different or exploring a new opportunity. Travel plans, learning experiences or exciting conversations leave you feeling inspired.

CAPRICORN (December 22 - January 20)

Financial planning takes priority, helping you feel more secure. Consistent effort produces noticeable progress, especially at work. Honest communication strengthens partnerships and keeps everything moving in the right direction.

AQUARIUS (January 21 - February 19)

Relationships require patience and flexibility. Listening carefully prevents misunderstandings and strengthens important connections. A last-minute invitation or unexpected change turns out better than you originally imagined.

PISCES (February 20 - March 20)

This is a productive week for checking tasks off your list. Prioritize your health and avoid overextending yourself. A thoughtful gesture from someone unexpected reminds you to appreciate life's little moments.

THE WILDWOODS TO HOST ANNUAL BABY PARADE WEDNESDAY, JULY 29, PRECEDED BY THE BABY WADDLE

The Wildwoods Baby Parade, a Wildwoods tradition since 1909, will take place Wednesday, July 29, 2026. The event is preceded by the Wildwoods Loves Waddlers Baby Waddle Contest on Tuesday, July 28, 2026. A fun event for infants, toddlers, and spectators alike, the Wildwoods Baby Waddle will take place at 9:30 a.m. on the grassy circle in front of the Wildwoods Convention Center. This event encourages young participants of walking or crawling age to show off their speed-crawling or "waddling" techniques to win fun prizes. The contest is open to any speed-crawling babies 15 months and younger, and any waddling toddlers 24 months and younger. The event will have two categories – The Crawl and The Waddle. Participants will be placed in the center of a colorful 45-foot-diameter circle and encouraged by their parents to crawl or waddle to the edge. The first in each category to crawl or waddle outside of the circle will be declared the winner and will receive a family of four pack to Morey's Amusement Piers and Water Parks. Registration for the Baby Waddle is FREE. Pre-registration is strongly encouraged and available here, closing at 12 p.m. on Monday, July 27. In-person registration takes place at 9 a.m.- 9:30 a.m. on the day of the event. The first 40 entries will receive a special gift for participating. The rain location is inside the Wildwoods Convention Center. On Wednesday, July 29, the Wildwood Civic Club presents the 116th Wildwoods Baby Parade, a Wildwoods tradition since 1909. The parade will begin at the Wildwoods Convention Center at 6 p.m. and proceed 10 blocks north on the Wildwoods' Boardwalk to Cedar Avenue. The announcements of the winners and presentation of awards, handed out by Queen Oceana and her Court, will be conducted at the Cedar Avenue Boardwalk extension across from Morey's Mariners Landing Amusement Pier immediately following the parade. Pre-registration is strongly encouraged and available here until the day prior to the event. Day-of registration will take place before the parade from 4:30 p.m. – 5:15 p.m. at the Wildwoods Convention Center. No entries will be accepted after 5:30 p.m. Judging will occur while participants are lined up for the parade from 5:00 p.m. to 5:45 p.m. The parade steps off at 6 p.m. sharp. Participation in the Wildwoods Baby Parade is FREE and open to all children under 12 years of age. Parents can register their child in the following categories: Cutest Baby Boy (under 12 months, undecorated stroller), Cutest Baby Girl (under 12 months, undecorated stroller), Individual Best Dressed, Best Themed Group, Small Float (decorated wagon or stroller), and Large Float. Please note, motorized or battery-operated vehicles are not permitted in the parade. The top three winners in each category receive a cash prize! For more information about the Wildwoods Baby Waddle and Baby Parade, please call 609-729-9000 or visit www.facebook.com/wildwoodsbabypara. For additional information about the Wildwoods, visit www.WildwoodsNJ.com or call 800-992-9732.

*This restaurant deserves five stars all around!
The service was great. The atmosphere is quaint.
But the food is definitely spot on. Everything from
the appetizers right through to the dessert was
amazing. No complaints had by anyone at the
dinner table, and we went with a big group.
I would definitely recommend if you're
looking for a more luxurious meal.*

DRIVING TIPS FOR HOT DAYS, HOT NIGHTS ON THE ROAD, PT 1

Heavy summer traffic, long-distance driving and extreme temperatures can push your cooling system and brakes to the limits.

As a result, a pre-trip inspection is essential to reduce the risk of sudden breakdowns or canceling your trip.

Here are some safety suggestions to consider before your trip.

Cooling System Performance

Summer heat places tremendous strain on your engine's cooling components. How and where you drive can increase load on your vehicle's cooling system. Among the leading causes of engine overheating include: high ambient temperatures, Stop-and-go vacation traffic, long highway drives, towing and uphill driving.

Avoid problems with overheating by inspecting major components of your vehicle's cooling system before your next road trip:

- System performance. Does your temperature gauge read higher than normal? Notice steam coming from under the hood? Are there coolant puddles when your vehicle is parked? Does your AC blow hot air in slow moving traffic?

- Leaks or radiator cap. A loose cap or small leak can cause your engine to overheat. A pressure test helps spot issues quickly before they escalate into bigger problems.

- Coolant. Check coolant level and make sure it is a bright, clean color—free of rust, sludge and debris.

- Hoses and belts. They are under extreme heat and pressure. Old hoses may crack and leak and an inopportune time far from home.

- Cooling fans and water pump. Check for damage, obstructions and performance. Your vehicle's water pump cycles coolant through the engine. Worn out bearings, leaky seals and corroded impeller blades diminish flow. The problems can lead to vehicle engine overheating and permanent engine damage.

Brake System Safety

Increased passenger loads, extra cargo and frequent stops place additional wear on your vehicle braking system. They also make your braking system less responsive when you push the pedal.

Do you hear squealing or grinding noises when you brake? Does the steering wheel vibrate when you're slowing down or stopping? Is your brake pedal spongy or goes down too easily? Is your vehicle taking longer than usual to come to a complete stop?

Ask your service advisor to inspect the following before you hit the road:

- Brake pads. Ensure the thickness is sufficient for safe driving. Ask your service advisor to check for uneven wear, which may indicate braking or alignment issues.

- Brake rotors. Inspect for cracks, grooves or warping which can affect braking performance. Measuring rotor thickness keeps it within safe specifications.

- Brake fluid. Moisture contamination can weaken braking performance and stopping power. Get the fluid level topped up if below the recommended range.

CHRISTMAS IN JULY BRINGS SANTA, MUSIC, AND FAMILY FUN TO AVIATION MUSEUM

Cape May Airport, Lower Township, NJ – Break out the flip-flops, Hawaiian shirts, and festive spirit! Naval Air Station Wildwood (NASW) Aviation Museum invites visitors to celebrate Christmas in July on Saturday, July 25, from 10:00 AM to 4:00 PM inside Historic Hangar #1. Visitors of all ages can enjoy a day filled with tropical holiday fun, including live music by Rich Angelucci and free face painting from 11:00 AM to 3:00 PM, a model train display, colorful chalk art by Samantha Dahlstrom, and a visit from Santa Claus from 10:00 AM to 2:00 PM. Santa's legendary sleigh will also be parked among the museum's historic aircraft for a special one-day static display. Powered by Christmas magic and capable of traveling around the world in a single night, it may just claim the title of the fastest aircraft in the hangar, even surpassing the museum's very own F-14 Tomcat! Several festive photo areas will be set up throughout the museum, giving families the perfect opportunity to take photos with Santa, capture a memorable summer holiday picture, or get an early start on this year's Christmas card while surrounded by aviation history. Hippy Kitty Coffee will be joining the celebration, offering freshly prepared coffee and festive drinks for purchase. At the same time, Victory Scoops, the museum's aviation-themed ice cream parlor, will offer sweet treats and refreshments for the entire family. Guests are encouraged to wear their favorite Hawaiian shirts, festive accessories, or summertime holiday attire and help spread a little early Christmas cheer. Christmas in July is included with regular museum admission. Join us for this one-of-a-kind summer celebration where aviation history, sunshine, and the spirit of the holiday season come together inside Historic Hangar #1!

Naval Air Station Wildwood Aviation Museum is located inside historic Hangar #1 at Cape May Airport. The site once served as a World War II dive-bomber training center and is dedicated to the 42 aviators who perished while training at NAS Wildwood between 1943 and 1945. The museum is open daily from 10 AM to 4 PM. Funding has been made possible in part by the New Jersey State Council on the Arts/Department of State, a Partner Agency of the National Endowment for the Arts.
