## THE WORST INGREDIENTS IN COMMERCIAL PET FOODS TO FEED YOUR PETS

Submitted By  
**Patsy Nelson**  
from The Wagging Tail

Yesterday, Bob, who does most of our food shopping, brought home a free sample bag of attractively packaged dog food called Field Trial. You will notice the three blue circles across the bottom of the bag. The first one says High quality protein to help support muscles. The second circle implies 100% complete and balanced nutrition for adult dogs. The third one shows a sparkling tooth like the food will help bones and teeth. This is to get your attention and to misguide you, because if you turn the bag over and read the first five ingredients and then the bottom three (artificial dyes) you will be viewing the real truth: the bag is full of detrimental crap. At least they did not show a picture of any meat protein, because there aren't any, nor any healthy vegetables. Only chicken flavor. The bag is, however, full of the worst possible items to feed. Not only do some cause dogs to have skin and coat issues, but liver, kidney, heart, and cancer issues. And tumor growths.

1. **WHOLE GRAIN CORN.** It is not corn like you would eat on the cob. It is GMO corn (genetically modified) with hidden sugar. And because it is listed first in the ingredients means that it comprises the majority of what is in the bag. It is highly refined and it has been sprayed with cancer causing pesticides and may have been lying around for a year collecting mold. It spikes your pet's blood sugar levels. Since it is mostly carbohydrates (48% on average). It makes your dog fatter (like the cows that are being fed such corn) and perhaps more hyper.
2. **MEAT AND BONE MEAL.** Don't trust a company that does not list the source of either meat and bone meal or animal fat. According to my source, some food companies may still be implementing the 4 Ds (Dead, Dying, Diseased, or Down-disabled or unable to stand) animals including zoo animals, and Pentobarbital which is used to euthanize usually cats, dogs and horses, has been found in some dog food brands. They ground them up and then cook at a very high temperature called rendering.
3. **SOYBEAN MEAL.** This is usually a fermented, GMO, highly processed low-quality plant-based filler which affects testosterone, estrogen, thyroid and can cause digestive disorders gas and bloating. It contains anti-nutritional factors that may hinder nutrient absorption, and hormonal imbalances due to phytoestrogens.
4. **ANIMAL FAT.** Does not include any Omegas. Does include hidden seed oils which may contain BHA and BHT which are carcinogenic and are banned in Europe.
5. **CORN GLUTEN MEAL.** This again is a by-product meal, very cheap filler, poor absorbent and has no gluten. And can contribute to all issues mentioned above.

There are other misleading ingredients like any meat by-products which are usually the scrapings off the slaughterhouse floor. And animal digest is slaughterhouse waste. I have always said that a dog would eat cardboard if it was sprayed with animal digest.

**HOROSCOPE**

FEBRUARY 19 - 25, 2025

**ARIES (Mar. 21- April 20)**

Energy pivots midweek as Mercury encourages sharper planning around next moves. Talks about authority, goals, or timelines require clearer positioning from you. Adjust pace thoughtfully rather than pushing harder; strategy wins over speed now.

**TAURUS (Apr. 21- May 21)**

Long-view plans evolve as practical details demand stronger structure this week. Conversations tied to education, travel, or commitments turn toward logistics. Refine the blueprint carefully before expanding further outward

**GEMINI (May 22-June 21)**

Shared responsibilities shift tone as Jupiter's influence urges honest review. Financial matters or emotional agreements call for realistic expectations and firm boundaries. Small corrections now prevent larger strain later.

**CANCER (June 22-July 22)**

Partnership themes intensify as direct dialogue reshapes mutual understanding. Practical responsibilities meet emotional sensitivity in real time. Choose clarity over assumption so progress feels balanced and fair.

**LEO (July 23-Aug 22)**

Work rhythms require recalibration as details surface that need attention. Health habits and daily systems benefit from tighter focus and fewer distractions. Streamline priorities to protect stamina through week's end.

**VIRGO (Aug. 23-Sept. 23)**

Creative impulses compete with duty as the Moon highlights personal expression. Responsibilities remain steady, yet inspiration wants equal space. Protect time for enjoyment so productivity stays inspired rather than forced.

**LIBRA (Sept. 24-Oct. 23)**

Domestic matters shift as conversations move from planning into decision-making. Family roles or shared spaces require practical compromise. Define expectations clearly to maintain harmony and ease.

**SCORPIO (Oct. 24 - Nov. 22)**

Important exchanges gain weight as timing becomes critical to outcomes. Information surfaces that changes your perspective slightly. Listen fully before responding to preserve leverage.

**SAGITTARIUS (Nov. 23-Dec. 21)**

Money matters tighten focus as realistic budgeting demands attention. Commitments linked to value and worth require honest reflection. Choose sustainability over impulse to maintain steady growth.

**CAPRICORN (Dec 22.- Jan. 20)**

Personal objectives sharpen as feedback reveals necessary adjustments. Leadership decisions benefit from calm evaluation rather than urgency. Trust methodical progress to reinforce long-term authority.

**AQUARIUS (Jan. 21 -Feb. 19)**

Internal awareness deepens as reflection replaces outward noise. Patterns that drain energy become easier to identify and release. Create quiet space now to strengthen upcoming momentum.

**PISCES (Feb. 20-Mar. 20)**

Collective efforts evolve as clearer roles reshape group direction. Collaboration depends on measured communication and shared accountability. Speak with confidence to maintain balance within the team.

**NATIONAL LOVE YOUR PET DAY**

On February 20th, pet lovers everywhere observe National Love Your Pet Day. This holiday focuses on giving extra attention to our pets and encourages pampering our pets, along with focusing on the special relationship pets hold in our lives. While there are more cats than dogs in the United States, more households have dogs than cats, but not by much.

Pets are not limited to the canine and feline categories. There are quite a few who prefer the companionship of birds, reptiles, fish, or rats. Whoever your pet companion is, we are sure you will enjoy spending a little extra time with them on National Love Your Pet Day and reap the benefits, as well such as stress relief and lower blood pressure.

**NATIONAL MARGARITA DAY**

National Margarita Day on February 22nd rims a glass with salt and serves up a beverage that tastes like the summer sun. Whether you enjoy them on the rocks or blended, this day is for you! Known to be the most common tequila-based cocktail served in the United States, the margarita is a cocktail that consists of tequila, triple sec, and lime or lemon juice. A key ingredient is the freshly squeezed lime juice.

### GIVE YOUR TIRES A LITTLE LOVE, TOO

Tires are easy to forget when they do their job properly. Don't take them for granted in deep winter. See our tire February safety recommendations.

Tires are easy to forget when they do their job properly. Don't take them for granted in deep winter.

See our tire safety tips for safe travels. Do your tires look worn out? Ask our Quick Lane tire experts for recommendations on high quality, affordable tire replacements. See our winter tire care tips. Tire inflation: Even the best tires lose a small amount of air monthly. Cold weather also lowers tire air pressure. Don't wait for a tire sensor to let you know they need a little air. Do a manual check monthly.

There's a wide range of affordable tires no matter if you drive a sedan, truck, off-roader or SUV. Our tire center experts can make sure you have the right tire for your travels and type of vehicle.

Did you hit a pothole or curb in the dark days of winter? Look for bulges, gouges and slits. Tire damage could leave you stranded in a remote area where cell towers don't reach.

Ask our tire experts to inspect your tires and wheels for wear, damage and alignment before your February or March travels.

The tire pros at Quick Lane can help you select the right tires for your make, model and driving habits. We stock leading brands – all at competitive prices that fit your budget.

All-season tires are designed to quickly move water away from the tires to give and deliver a smooth ride. All season tires are perfectly suited for unexpected late-winter rains and deliver long tread life.

All-weather tires offer a bit more grip for areas with occasional snow and also are effective in rainy conditions encountered in late winter. They also offer long tread life similar to all season tires.

Drivers in snow-prone climates where cold weather lingers into spring can benefit from the winter tires. The pliable rubber compounds deliver extra grip in freezing temperatures—extra assurance for driving winding mountain roads and icy city streets.
