HOROSCOPE

JANUARY 11 - JANUARY 17, 2024

ARIES (Mar. 21- April 20)
For ages you've put off dealing with certain tedious but essential matters. However, now your ruler Mars is positioned in the cautious and thorough Capricorn and, in fact, is accenting these. The secret? Ask somebody who has a knack for tackling such matters to lend a hand. You'll be glad you did.

TAURUS (Apr. 21- May 21)
Every New Moon brings a fresh perspective. While, often, it's on life itself, the current one is in the down-to-earth sign of Capricorn, so is accenting certain practical issues. Explore every option, including those that seem unrealistic. Once you've learnt more, you'll realise this isn't just wise, it's essential.

GEMINI (May 22-June 21)
Usually, you're the first to discover, and explore, new ideas, activities or potential plans for the future. However, judging by the current fast-paced planetary activity, you're better off leaping in, and seeing what happens next. Once you're involved, you'll realise how much you're enjoying every twist and turn.

CANCER (June 22-July 22)
For ages you've been battling changes as unsettling as they'd be unwelcome. The real problem is others are unable to recognise this, so can't understand why your feelings are so intense. Forget about explanations. Get them involved. What they learn while facing those issues will result in a major change in their point of view.

LEO (July 23-Aug 22)
You don't think of yourself as stubborn and, mostly, you aren't. On the contrary, as an inquisitive if not restless fire sign, you thrive on new ideas, meeting people and going to new places. Now, however, you need to keep certain arrangements as they are. If you try to reorganise them, you'll soon learn the reason why.

VIRGO (Aug. 23 -Sept. 23)
True, your planet, Mercury, is no longer retrograde, ending the mix-ups you've been facing. Despite that, life's minor obstacles aren't about to vanish entirely. The secret? Approach these with patience, and be inquisitive. Many of these discussions will be as worthwhile as they are unexpected.

LIBRA (Sept. 24 -Oct. 23)
When your ruler Venus moved into the inquisitive sign of Sagittarius in late December, you began a cycle of discussion, discovery and yet more discussion. This continues. However, now that you're better informed, you also know what to say, to whom, and when and better yet, you're getting your message across to others.

SCORPIO (Oct. 24 -Nov. 22)
You think of it rarely, but as a Scorpio, you're far more intuitive than others. Not only do you sense what will work and what won't, you have a sense who is trustworthy and who isn't. The problem? Explaining this isn't easy. Actually, if asked, you're better off avoiding discussion, and simply changing the subject.

SAGITTARIUS (Nov. 23 -Dec. 21)
Every once in a while, you realise that, in the enthusiasm of the moment, you committed to certain arrangements that are as demanding as they are dull. Yet, you rather enjoy the challenge, enough that you're thinking of tackling more. Don't even think of it. You've plenty of other things to do.

CAPRICORN (Dec 22.- Jan. 20)
Being cautious when it comes to making your own plans comes naturally to you. While that's an admirable characteristic, others think and function from an entirely different point of view, and are often surprised at your thoroughness. Simply remind them of their commitments, day by day.

AQUARIUS (Jan. 21 -Feb. 19)
As an inquisitive air sign, you enjoy the company of those who are happy to share their experiences of the world around them and what they've learnt from it. The problem? They sometimes mistake your interest for a desire to get involved. Explain, kindly but firmly, you're intrigued, nothing more.

PISCES (Feb. 20-Mar. 20)
Judging by the clash between the communication planet Mercury and your ruler Neptune, minor mistakes could well blow up into major issues. Unsettling as this is, events are giving you a good excuse to untangle these ongoing misunderstandings once and for all. The sooner you talk these over, the better.

ANNUAL POLAR BEAR PLUNGE TO BENEFIT SPECIAL OLYMPICS NEW JERSEY RETURNS TO THE WILDWOODS SAT, JAN 13

Get ready for a beach day in January! Dig out your bathing suit and join in the fun! Special Olympics New Jersey returns to the Wildwoods to kick off 2024 with a chilling plunge into the Atlantic Ocean during the annual Polar Bear Plunge on Saturday, January 13, 2024 at 1 p.m. on the beach behind the Wildwoods Convention Center. The Polar Bear Plunge in the Wildwoods is a FREE event for spectators to watch, but plungers pay donations in tiered levels. Early Bear plungers must raise a minimum of \$100 to participate in the event by November 30, 2023. Now I'm Ready Bear plungers must raise a minimum of \$110 by December 31, 2023. The Better Late Than Never Bear plungers must raise \$120 minimum by January 12, 2024. Registration for the Almost Missed It Bear plungers will be available on-site the day of the event for a minimum donation of \$125. All plungers are encouraged to dress up in costume, break out the plunge props, make banners and signs, and most importantly, have FUN! Immediately following the plunge, participants and children under the age of 12 can enjoy a free lunch inside the warm Wildwoods Convention Center. The Polar Bear Plunge Wildwood is so much more than an icy swim in the ocean. Special Olympics New Jersey provides year-round sports training, competitions, leadership opportunities, and health screenings to thousands of athletes. All these programs and services are always completely FREE, thanks to fundraising events like the Polar Bear Plunge in the Wildwoods. The Polar Bear Plunge is a family-friendly event benefiting the athletes of Special Olympics New Jersey. There are incentives based on the total funds raised, and there will be special recognition for the top three people who raise the most money, as well as the top three highest fundraising teams. Check-in will take place from 10 a.m. to 12:45 p.m. inside the Wildwoods Convention Center. The plunge is at 1 p.m. with lunch immediately following. The New Jersey Law Enforcement Torch Run, along with the New Jersey Fraternal Order of Police, which is sponsoring the Polar Bear Plunge in the Wildwoods, is comprised of law enforcement officers who volunteer and are dedicated to raising funds and awareness for Special Olympics New Jersey. Each year the Law Enforcement Torch Run hosts major fundraising events across the state, along with hundreds of local events, and raises more than \$4 million for the athletes of Special Olympics New Jersey. Year after year, the Polar Bear Plunge at the Wildwoods Convention Center continues to grow in popularity and is just one of the many FREE events to attend in the Wildwoods. Beat the winter blues by showing support for a worthy cause and come join in the excitement of the January Polar Bear Plunge.

SOUPS FOR HEALTH

Because soup is rich in fiber (if you get the ones packed with veggies) and contains a high amount of water, it's going to help you feel full and stay full. So use soup to help reduce your calorie intake, and eat other foods that supplement the soup like a salad or a meat. Soup broths have the fewest calories, as they also have the fewest ingredients. Other soups low in calories include chicken noodle, egg drop soup, vegetable soup, and wonton soup. Different recipes affect the caloric content of any of these soups.

Soups are an excellent bet for weight loss. In addition to being our best aides on a nippy day, soups help fill us up because of their high water content. Since it is so high in water, your soup makes for a yummy low-calorie appetizer. Unlike juicing, soups also help retain essential fibers of all veggies that are used.

Lose belly fat with these soups!

LIFE-SAVING TIPS TO SHARE WITH YOUR YOUNG DRIVERS

Heavy rains, sleet, driving snow? Winter can be a nail-biter for experienced drivers. According to the National Safety Council, teen & young drivers are particularly at risk since they generally lack experience of navigating inclement roads. They are not familiar with the risks of winter travel. Some preparation can help young & new drivers reduce their chances of becoming involved in a crash & help lower their risk of injury. For starters, NSC suggested having a winter driving conversation with your teen. Explain to teens about the dangers you have encountered, what they can expect, & help them make safe decisions. NSC offered the following tips to discuss with your teen & young drivers.

Prepare for Inclement Weather:

Preparation for winter driving begins with an emergency road kit. If you live or drive to an area with snow, include a snow shovel. Also make sure to bring an extra phone charger/brick, especially if you are traveling in areas where you may be stranded without power.

Winter-specific maintenance items every young driver should understand:

- Test your Battery, battery power drops as the temperature drops.
- Make sure the cooling system is in good working order.
- Have winter tires with a deeper, more flexible tread put on your car. If using all-season tires, check the tread on your tires & replace if less than 2/32 of an inch.
- Check the tire pressure; tire pressure drops as the temperature drops.
- Check your wiper blades & replace if needed. Look for frayed edges, hardened rubber, & scraping across the windshield. If you live or drive to cold regions, add wiper fluid rated for below freezing temperatures.
- Clear away ice & snow before every drive.

Avoid Unnecessary Errands:

Simple errands can turn into accidents in a hurry during a storm. Remind your teen & young drivers to avoid travel unless necessary.

- Keep the pantry full of supplies early.
- Take a few minutes to consider whether change of plans may be a better decision than forging ahead.
- For important trips, leave extra time & try to leave early in the day. Roads are generally clearer when the sun has had a chance to warm roads compared to driving in evening hours.
- Driving to a destination during a snowstorm, especially far from home, does not provide the safest environment for learning how to navigate winter driving. If they do encounter this, advise them to drive slowly even if in a hurry.
- Advise your teen to keep plenty of distance between their car & the vehicle in front of them. NSC advise 8-10 seconds of distance between vehicles during a storm.

CONSUMER REPORTS OF SICK & DYING DOGS & CATS LINKED TO PURINA

Submitted by Patsy Nelson
from The Wagging Tail

Should that be surprising? Not to consumers who read the ingredient panels on the back of bags and have the curiosity and perseverance to analyze what all the jargon is revealing or hiding. And just because the food may say FDA approved, it is not necessarily a beneficial product. Remember how for over two years the FDA denounced grain-free foods as having a connection to Dilated Cardio Myopathy (enlarged hearts in dogs) and then finally declaring that they had NO CONCLUSIVE EVIDENCE. Some breeds are genetically prone to DCM. A yearly check-up can monitor a possible problem. Or just give your dog extra sardines to ensure the dog is getting enough taurine.

The other day I came across another Purina full-page ad in Reader's Digest and it inspired me to relay the recent uproar over Purina Pro Plan, a food which I have often blasted as well as all Purina Products in general, and why so many vets irresponsibly recommend them to their clients when there are more reliable and healthier product available. MONEY TALKS is the only answer I can come up with. This ad which I picture here misleads the consumer in so many ways. They lead one to believe that Purina sources all their products in the USA: under the map-Always Crafted in the USA. Does "crafted" make you think of artisans or beer? What a clever Purina ad campaign. The dictionary states that crafted means skilled in deception or evasion!

It cannot be confirmed that Purina is experiencing a problem because a RECALL has not yet been announced. But since the beginning of the new year, numerous pet owners reported sick or dead pets that had been eating Purina Dog Food, in these cases Pro Plan. One source stated that they had received messages about "82 dogs, and 14 cats" that were sick and "10" deaths. And Purina has a history of not always being cooperative with full disclosure. The Facebook group Saving One Pet @ A Time is documenting all complaints they receive (according to the blog I read.) Or check out www.PetsumerReport.com. This number has already increased to 151 sick dogs and cats and 51 deaths.

Ingredients are supposed to be listed in order of the most to the least in the amount you should find in the bag. The first ingredient in the Purina SKU in this ad is Whole Grain Corn. That means you would be feeding your dog a lot of corn, which is not easily digestible and a great cause of allergies, along with Corn Gluten Meal, Soybean Meal, Whole Grain Wheat and or artificial colors (some of which are banned in European countries which act responsibly toward humans and their pets.) No respectable pet food company would taint their food with any of the above ingredients. Or put in meat and bone meal from unnamed animal sources. Nor would they include any by-products or Animal Digest (which is the undigested food inside the stomach of the destroyed animal carcass.) Dogs, however, find this quite appealing and would even eat cardboard if sprayed with Animal Digest.

More about this concern with Purina Pro Plan as events develop. If your cat or dog is eating Purina Products and becomes sick report it to consumer affairs and see your vet immediately.

Voting for your favorite restaurant, auto mechanic, nail salon and of course pet store, begins Jan. 17th. Go to thebestofjerseyshore.com.

WHERE'S THE CHICKEN ?

Thank you for being a continued customer even in these hard financial times. Better to feed better than spend on remedies or vet bills.
