## ADDRESSING BEHAVIORAL PROBLEMS (TO BE CONTINUED)

Submitted By  
Patsy Nelson

Owner of The Wagging Tail 1987 - 2025

\*TRYING TO TAKE SOMETHING AWAY that a dog has in its mouth can be a dangerous proposition. Especially if the dog has not been thus trained. To the dog any RESOURCE such as food, toys, resting places, even your attention can result in dominant aggression. Your dog considers you to be below him in the power structure of his world. That must change. Even rescue dogs can benefit from you demonstrating your dominance as the ALPHA in your relationship. (I must do that with Ebby who came to me as a 4-year-old REACTIVE fear-biter.) Start by giving your dog commands for every activity. He must sit or down before he gets to go outside, get a treat, go for a walk, have a meal, or be on the couch with you. Concerning the dog's guarding a stolen object, start by offering him something special (cheese, cooked chicken) for which he would be willing to release the object. Show him the treat until he drops the object then give the treat while simultaneously-quickly but quietly taking the released one with your other hand. Praise him with "Good boy." Repeat this about ten times a day for a week. Then just a few times a day for consistency. Some trainers may recommend practicing with the dog taking something he would favor less like a wooden dowel so "the giving up" would be easier and graduating to more desirable things. After you feel that the dog is responding well, start randomly giving a treat reward, but continue with good boy remarks and a gentle pat. Another tool that I think is exceptional is the GENTLE LEADER. If you have never used one, it would certainly help, especially if your dog pulls when walking. Sizing is important and consistency in use. The Gentle Leader gives you immediate Alpha status. It goes well with the other training which should be continued at least intermittently to reinforce respect. If you need some guidance for success with The Gentle Leader, I would be happy to help. Just email me at patsyrob1@gmail.com. Dog obedience classes would help you and your dog (CMCDOC.)

\*Does your dog growl or bare her teeth when she is in bed with you and is disturbed in some way? (Bob has his own bedroom as he snores and prefers not to sleep with the dogs.) Zoey protests verbally but rarely and she sleeps up by my head, sometimes against my shoulder. Ebby used to snap at my feet if I accidentally pushed her. I immediately sent her off the bed. (She has four other spots in my bedroom where she plays "musical chairs" during the night.) I am no longer concerned; she just leaves on her own if I move around. When dogs sleep with you, they are often at an even or higher level than you which increases their dominant aggression. It may become necessary to permanently banish them from the bed. Ebby has benefited by my kindly asserting my dominance over her and using the tools above. She must have had a hard first four years. She gets a lot of positive reinforcement to be on her best behavior, and she gets many of her "good" clues from Zoey.

Articles are also on my Facebook page, Patricia Robinson Nelson. I would love your comments. Email me at patsyrob1@gmail.com with concerns.

# HOROSCOPE

APRIL 9 - 15, 2025

## ARIES (Mar. 21 - April 20)

Momentum builds, but it needs direction to be effective. You may feel pulled in multiple directions at once, making it harder to focus. Narrow your attention to what actually produces results. Discipline now creates lasting progress.

## TAURUS (Apr. 21 - May 21)

A situation that once felt uncertain begins to steady itself. You may notice that patience has worked more in your favor than pushing ever could. Stay grounded in your approach and avoid rushing the outcome. Consistency will strengthen your position.

## GEMINI (May 22 - June 21)

Clarity comes through conversation, but only if you're willing to be direct. Something that has been lingering may finally require a decision. Avoid overthinking what already feels clear. Straightforward communication moves everything forward.

## CANCER (June 22 - July 22)

Your attention shifts toward maintaining stability in areas that have felt off balance. Small adjustments now will prevent larger disruptions later. Stay aware of where your energy is going. Intentional choices keep everything aligned.

## LEO (July 23 - Aug 22)

Creative and personal energy continues to build, but it needs structure to remain sustainable. You may feel ready to move quickly, but pacing matters more than speed. Focus on refining rather than expanding. Strength comes through control.

## VIRGO (Aug. 23 - Sept. 23)

Details fall into place more easily this week, giving you a clearer path forward. What once felt overwhelming begins to feel manageable again. Resist the urge to overcorrect what is already working. Steady effort keeps things moving.

## LIBRA (Sept. 24 - Oct. 23)

Communication improves, bringing a sense of ease to situations that previously felt strained. You may find that less effort produces better results. Let things unfold naturally rather than forcing resolution. Balance returns through simplicity.

## SCORPIO (Oct. 24 - Nov. 22)

Your instincts sharpen, helping you identify what deserves your focus and what can be set aside. A situation may reveal more depth than expected. Move with awareness rather than urgency. Precision strengthens your position.

## SAGITTARIUS (Nov. 23 - Dec. 21)

A clearer sense of direction helps you move forward with more confidence. Distractions begin to lose their hold as priorities become more defined. Stay focused on what feels aligned with your goals. Purpose drives meaningful progress.

## CAPRICORN (Dec 22 - Jan. 20)

Your efforts begin to show visible results, reinforcing the work you've been putting in. Others may start to take notice of your consistency. Stay grounded and avoid taking on too much at once. Measured progress remains your advantage.

## AQUARIUS (Jan. 21 - Feb. 19)

New ideas take on a more practical shape, giving you something tangible to build from. What once felt uncertain now feels actionable. Stay flexible as plans evolve. Adaptability continues to work in your favor.

## PISCES (Feb. 20 - Mar. 20)

A sense of internal clarity helps you navigate external deEmotional clarity strengthens your ability to make confident decisions. A situation that once felt unclear begins to settle into focus. Trust what feels steady rather than what feels urgent. Stability grows from within.

# TV CHALLENGE

The solution to the question is found within the answers in the puzzle. In order to discover this hidden solution, unscramble the letters noted with asterisks within the puzzle.

**Across**

- 1. Orders
- 4. Crew equipment
- 8. Watch chain
- 11. Sound of distaste
- 12. Urgent request
- 13. Rat's place
- 14. Short looping video image used as a response
- 17. Inter Miami FC org.
- 18. That vessel
- 19. "\_\_\_ Baby" (song from "Hair")
- 21. Give or take
- 24. Fight ender, briefly
- 25. Greek letter
- 26. Passport, e.g.
- 27. Shoo-\_\_\_
- 28. Online warning letters
- 30. Engine buildup
- 32. \_\_\_ Paulo, Brazil
- 34. Day light
- 35. Big Ben's location
- 41. Hubbub

## Elks National Drug Awareness Program April 15th • 6pm at Tabernacle UMC at 702 Seashore Rd. In Erma

Join us for an informative and meaningful evening with Dianna O'Rourke, Chaplain and Drug Awareness Chair of Greater Cape May Elks Lodge #2839, as she shares insights on the Elks National Drug Awareness Program and the many resources available to support our community. The Elks National Drug Awareness Program strives to teach all children and parents about the dangers of illegal drug use and prevent the abuse of legalized and prescription drugs. As the largest volunteer drug awareness program in the United States, the program relies on state, district and Lodge volunteers to promote a drug-free lifestyle. By taking pride in America's communities and youth, the program takes action against youth drug use through education and inspiration.

**Community** - Since 1982, the Elks have developed an effective, community-based drug prevention program by partnering with federal agencies including the Drug Enforcement Agency, Office of National Drug Control Policy, Substance Abuse and Mental Health Services Administration, and national organizations such as Pride Youth Programs. These partnerships ensure the Elks Drug Awareness Program addresses the leading drug abuse issues facing communities today.

**Youth** - Elks believe that the youth of today are the leaders of tomorrow. With that in mind, the Elks Drug Awareness Program reaches out to youth of all ages and backgrounds. Through the 2,100 Lodges in communities across the country, Elks work to combat youth substance abuse. Elroy the Elk, the program's mascot, reminds young kids that hugs are better than drugs, while older kids see the effects of alcohol consumption by wearing fatal vision goggles.

**Education** - Every year, the Elks Drug Awareness Program hands out more than seven million pieces of anti-drug literature to parents, teachers and kids. The brochures are primarily distributed through the program's 90 drug education trailers, which travel to community gatherings, such as fairs and sporting events. The Elks have also teamed with Marvel Comic Books to produce a book featuring Marvel superheroes and Elroy the Elk in a battle against underage drinking. Other educational materials offered by the program include prevention tools for parents, videos, coloring books, posters and public service announcements.

**Inspiration** - From a young age, the Drug Awareness Program asks kids to think about what it means to be drug free. Through the program's annual essay and poster contests, kids can express their feelings on rejecting peer pressure. At events, including Red Ribbon Week ceremonies, Elks and their friends serve as role models who show kids that living drug free is the way to be.

This event is open to the community. Coffee, Tea, water & snacks will be available. Please Join us!

**CHEF CHIP'S WILD GAME  
AND SEAFOOD RECIPE**

**PECAN CRUSTED TROUT**

**INGREDIENTS:**

- 4 Nice Trout Fillets, Deboned & Skin On
- 1 1/2 Cups All-purpose Flour
- 2 Cups Buttermilk
- 2 Large Eggs
- 1 TBS. Creole Mustard
- 2 Cups Panko Breadcrumbs
- 1 Cup Finely Chopped Pecans
- 1 tsp. Fresh Chopped Thyme
- Kosher Salt & Fresh Cracked Black Pepper To Taste
- Peanut Oil for Frying

Garnish:  
• 4 Lemon wedges

**PREPARATION:**

Preheat oven to 375°. In a medium - large bowl, whisk together buttermilk, eggs & mustard. Pour flour into a pie pan or shallow lipped dish. In another separate shallow lipped dish, pour in breadcrumbs, pecans, Thyme, Salt & pepper. Heat about a 1/4 inch of oil in a cast iron skillet over medium high heat. Working with each fillet one at a time, place them into flour mixture. Next remove fillet & shake off excess flour. Place into buttermilk mix and coat thoroughly. Remove from wash, allow excess to drain off & place into breadcrumb/nut mix. Coat fish thoroughly with breading & place flesh side down in hot oil. Cook until golden brown. Flip fillets & place skillet into oven to allow fish to finish cooking. Remove fish from oven & pan to a plate lined with paper towels. Blot excess grease off fish & transfer fillets to a clean plate or plates. Serve with lemon wedges. Enjoy!

*Hint: This recipe works well with fresh water or salt water trout.*

### 5 REASONS TO CHECK YOUR TIRE PRESSURE THIS SPRING

**Check cool tires only:** For accurate readings check tire pressure first thing in the morning or after parking the car for at least three hours. Driving heats up tires and temporarily raises air pressure which can be misleading.

**Inspect all tires monthly:** Check your tires every month including the spare. Spring weather patterns can cause slow leaks. Monthly checks help you catch underinflation early and prevent uneven tread wear.

**Look for visible damage:** Examine tread depth, sidewalls and valve stems for bulges, cracks and embedded objects. Spring potholes and debris can weaken tires and make minor damage worsen over time.

**Track tire age:** Most manufacturers recommend replacing tires every six years regardless of mileage. As temperatures rise, aging rubber becomes more prone to fading and cracking.

**Invest in a reliable gauge:** Use a stick, dial or digital gauge instead of relying only on TPMS. TPMS systems only trigger warnings when pressure drops 25% below recommended levels. A personal gauge lets you monitor tire pressure accurately.

**Ask for professional advice:** If you notice consistent pressure loss, unusual tire wear or tire damage, take your vehicle to a certified tire technician. A professional inspection reveals slow leaks and structural issues that a quick home check might miss.

**Rotate tires regularly:** Rotate your tires every 5,000-7,000 miles for your tires to wear out at the same time. When you get your oil changed this spring, ask your auto shop to also rotate your tires. This saves time and ensures it's done consistently.

**Check tire alignment:** Misaligned wheels can cause tires to wear unevenly. This reduces fuel efficiency and handling performance of your vehicle. How to know you have misaligned wheels? If your car drifts slightly to one side, schedule a professional alignment check this spring.

**Keep tires clean and free of debris:** Dirt, mud and small stones can hide cracks or punctures. Wash your tires regularly with a garden hose or pressure washer. Use a stiff brush to remove lodged debris. This helps you spot damage early and maintain optimal traction.
