NEW WORLD SCREWORM (NWS) THREATENS PETS, LIVESTOCK AND HUMANS

Submitted By
Patsy Nelson
formerly of The Wagging Tail

Our dog, Ebby, and I suffer from an irrational? hatred of flies. Zoey ignores them, while Ebby and I do our utmost to kill these detestable, bothersome, and disease-carrying pests. Now there is a reemerging threat of a fly *Cochliomyia hominivorax* or New World screwworm. Between 1966 and 2006, there was a widespread infestation in Mexico, The United States and most of Central America that was virtually eradicated through cooperative efforts of sterile insect release programs. The problem is still menacing the Caribbean and South America. And, because of a 2003 breach in the barrier established in the biological zone in eastern Panama, the parasite has again moved northward, despite intensive efforts on the part of Mexico and the United States.

This parasitic female fly deposits its eggs which hatch into larvae (maggots), in open wounds and body orifices; especially in the umbilical cords of newborn creatures, feeding on the living tissue of these warm-blooded animals. New surgical areas, branding sites, and wounds are feasts for the NWS, and humans are targets as well. (Last year the first human case was reported, a Maryland man returning from El Salvador.) The larvae burrows into the surrounding tissue, causing severe damage and pain, and, if not treated, death. Secondary infection and toxicity can occur. On June 3, 2026, the USDA announced that a calf born in La Salle County, Texas, had these larvae in its umbilical area. On June 6, 2026, the USDA confirmed the first canine case in Lea County, New Mexico, but there were four in Texas. In response, the FDA issued an emergency use of a generic over-the-counter drug for dogs and cats. And currently, "all southern ports of entry are closed to livestock trade." The USDA has confirmed that our food supply is safe as the New World screwworm is not a menace to meat, fruits or vegetables and other staples. It relies on living tissue. Pennsylvania and New Jersey have already taken precautionary measures to reduce any risks. There are restrictions in the movement of livestock in Pa. and increased monitoring of domestic animals who might be susceptible that enter the state. New Jersey is advising greater diligence on the part of farmers and pet owners. People who have taken their dogs to impacted areas "must present a certificate confirming the animal is free from screwworm or was quarantined and treated for the parasite." Adult screwworms are about the same size as the common house fly, but they look much different. They have orange eyes-which make its head look orange-metallic blue or green body, and three definitive dark stripes down their backs. If the fly lays eggs and larvae result, medical intervention is necessary. All maggots must be completely removed. The wounds must be thoroughly cleansed with disinfectants and treated with topical larvicides/pesticides, such as coumaphos or permethrin sprays. The use of Ivermectin or doramectin will kill the larvae and aid in any re-infestation. The FDA approved NexGard or Credelio, for use in dogs and cats.

New World screwworm (NWS)

HOROSCOPE

JUNE 18 - 24, 2026

ARIES (Mar. 21-April 20)

A decision may feel easier once you stop trying to predict every reaction. Move with honesty instead of urgency, and let the details settle as they come. This week favors courage that feels calm, not impulsive.

TAURUS (Apr. 21-May 21)

Something you have been tolerating may finally ask for a clearer answer. You do not need to make a scene to make a change. A simple adjustment can restore the steadiness you have been missing.

GEMINI (May 22-June 21)

Your attention is being pulled in several directions, but not every invitation deserves the same energy. Choose the conversation, plan, or idea that actually feels alive. Clarity comes when you stop entertaining every possibility at once.

CANCER (June 22-July 22)

A personal realization may help you understand why something has felt heavier than it should. Give yourself room to process without explaining everything right away. The right boundary can feel like relief, not distance.

LEO (July 23-Aug 22)

You may be ready to be seen in a new way, but let your actions introduce the change before your words do. Confidence builds when you follow through on what matters. A quiet win can still make a strong impression.

VIRGO (Aug. 23-Sept. 23)

A messy detail may be asking for your patience, not your perfection. Before you fix everything, decide what actually needs your attention. Simplifying one problem can make the whole week feel more manageable.

LIBRA (Sept. 24-Oct. 23)

A shift in someone's tone or behavior may tell you more than a long conversation would. Pay attention, but do not rush to fill in every blank. Balance returns when you respond to what is real, not what you fear.

SCORPIO (Oct. 24-Nov. 22)

You may feel ready to close a chapter, even if part of you still wants more answers. Trust what has already been shown to you. Moving forward does not require certainty about every piece of the past.

SAGITTARIUS (Nov. 23-Dec. 21)

An opportunity may sound exciting, but the timing needs a closer look. Ask the practical questions before enthusiasm carries you too far. The best choice will give you freedom without creating unnecessary chaos.

CAPRICORN (Dec 22.-Jan. 20)

Your focus sharpens when you stop treating every task as equally important. A better plan may require you to step back and reorganize first. Progress will come faster once your energy has a clear place to land.

AQUARIUS (Jan. 21-Feb. 19)

A new idea may challenge the way something has always been done. Do not dismiss it just because others need time to catch up. Your insight works best when you make it useful, not just unusual.

PISCES (Feb. 20-Mar. 20)

Your instincts may be picking up on something subtle, but grounding will help you read it correctly. Take your time before deciding what a feeling means. A gentle reality check can turn uncertainty into direction.

JUNETEENTH

Each year on June 19, we celebrate Juneteenth to commemorate the end of slavery in the U.S. The story of Juneteenth begins in Texas when Major General Gordon Granger arrived in Galveston on June 19, 1865, with announcement that slavery has ended. As the community listened to the reading of General Orders, Number 3, the people of Galveston learned for the first time that the Civil War was over. After more than a century of slavery and years of war, it was official. All slaves were now freedmen.

week, there's Nature Arts and Crafts, on Tuesday, and on Thursday, its Painting with both events held at Holly Beach Park, located at Andrew Ave, between New Jersey and Pacific Aves.

NATIONAL UGLY DOG DAY

National Ugly Dog Day on June 20th rolls out the red carpet for the underdogs—the incredibly sweet, uniquely structured, wonderfully wonky, and beautifully imperfect pups! Today we celebrate the charm that lies entirely outside traditional pageant standards to remind the world that true beauty is found in unconditional love, mismatched ears, crooked teeth, and a wagging tail.

THE NATIONAL MARBLES TOURNAMENT RETURNS TO THE WILDWOODS FOR THEIR 103RD YEAR

Champion marble shooters from across the country will gather in the Wildwoods to compete in the 103rd Annual National Marbles Tournament from Monday, June 22 through Thursday, June 25, 2026, – all vying for the title of “King” and “Queen” of Marbles.

The National Marbles Tournament, a true slice of Americana, founded in 1922, has long been cherished as a testament to the enduring nature of friendly competition and the artistry of the game of marbles. Over the past century, the tournament has brought together players from near and far, fostering camaraderie, sportsmanship, and a deep appreciation for the game’s rich history.

Held at the renowned Ringer Stadium, located on the beach right off the Wildwoods Boardwalk at Wildwood Avenue, the event will feature four days of thrilling matches, showcasing the skills and strategies of some of the nation’s most talented marble players. The “Mibsters” – male and female marble players ages 8-14 who have qualified by winning local tournaments throughout the United States – will compete for national honors, college scholarships, and an array of other prizes and awards during the annual tournament.

More than 1,200 games of marbles will be played throughout the tournament at Ringer Stadium, with the top eight shooters advancing to the semi-finals competition. The top two male and top two female players will compete in a ‘Best of 15’ series for the championship. The victorious male and female champions will be crowned the “King” and “Queen” of Marbles. As the victors of the tournament, and as part of a long-standing tradition, the male winner will give a congratulatory kiss to the cheek of the winning female.

The marbles game in which competitors will participate is called ‘Ringer’ and is played by placing 13 marbles in the form of an “X” in a 10-foot circle, with players then alternating shots to knock marbles out of the ring. The winner is the individual who is first to shoot seven marbles out of the ring. The 103rd Annual National Marbles Tournament will take place from 8 a.m. to noon daily and is FREE for spectators. For additional information, visit www.NationalMarblesTournament.org or call 304-337-2764. For additional information about the Wildwoods, visit www.WildwoodsNJ.com or call 800-992-9732.

CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

CREAMY CRAYFISH WITH FARFALLE PASTA

INGREDIENTS:

- 1 Lb Fresh Cooked & Cleaned Crayfish/Crawfish/Crawdads
 - 2 Tbs Whole Unsalted Butter
 - 1 Tbs Minced Garlic
 - 1/4 Cup Thin Sliced Green Onions (Base/White Part)
 - 1/4 Cup Smoked Andouille Sausage 1/8" Half Moon Sliced
 - 1/4 Cup Red Bell Pepper
 - 1/4 Cup Green Bell Pepper
 - 2 Tbs Brunoise Cut (Very Small Dice) Celery
 - 1 Tsp. Tomato Paste
 - 1/2 Tsp. Crushed Red Pepper Flake
 - 1 Tsp Creole Seasoning
 - 1 Tbs All-Purpose Flour
 - 1/2 Cup Sherry Wine
 - 1/4 Cup Lobster/Shrimp Stock
 - 1 1/2 Cups Heavy Cream
 - 1/4 Cup Grated Parmesan Cheese
 - 1 Lb Cooked Farfalle Pasta
- Garnish:**
- Fresh Thin Sliced Green Part of Green Onions
 - Lemon Wedges

PREPARATION:

In a large pot, melt butter over medium heat. Stir in the white part of green onions w/ garlic, celery crushed red pepper & Creole Seasoning. Allow to cook until soft & translucent (not brown). Stir in sausage & cook for 2-3 minutes more. Stir in the bell peppers tomato paste. Stir in flour for 2-3 minutes. Next, pour in Sherry Wine slowly while stirring & allow liquid to reduce by half. Pour in stock while stirring & allow to reduce by half. Add the heavy cream & cook for about 10 minutes or until sauce comes together nicely. Finally stir in the Parmesan cheese & cook for another minute. Add 1-2 Tbs of pasta water to the sauce. Toss in fresh cooked pasta, & crayfish. Adjust Seasoning if necessary. Plate & garnish. Enjoy!

Hint: This recipe works well with shrimp, lobster & crab as well. You can also add more cheese if you would like.

HOT SUMMER SHINE FOR DARK COLORED VEHICLES, PT 2

Pre-Rinse the Vehicle

Give the vehicle a gentle rinse to remove loose dirt and debris. This pre-rinse allows water to loosen stubborn grime.

Avoid using a high-pressure jet to rinse because it forces water into crevices and leaves mineral deposits and stubborn water spots behind. On dark paint, they can form a crusty layer on the vehicle's clear coat.

Dvorak hoses down vehicles with a medium-pressure setting and holds the nozzle 12 to 18 inches from the paint. As a final step, Dvorak suggests a flood rinse to wash away lingering droplets that can leave water spot residue.

Chenille Wash Mitt and Lubricating Soap
When choosing cleaning materials, Dvorak says a microfiber chenille wash mitt with a wash product designed for vehicles is your best bet. Do not use household detergents.

The absorbent fibers of the mitt traps contaminants and the slick soap reduces the risk of scratches and swirl marks on the car body. Rinse the car thoroughly before the suds begin to dry and leave soap streaks and water spots that dull the vehicle's appearance.

Dvorak stresses the importance of washing vehicles in the shade as suds dry faster on dark-colored vehicles due to their higher heat absorption. If you can't rinse right away, gently mist the car surface to keep it wet. Once the washing is complete, do a final rinse from the roof and work your way down.

Dvorak also offers practical tips for dealing with hot temperatures while working to restore a vehicle's shine.

"If the car surface is hot, you should reschedule your project and if that's not possible work in smaller sections," Dvorak says.

"And when detailing the glass or the interior of the vehicle, opening doors can be helpful as the interior temperatures can escalate rapidly with closed doors and windows."

Dry With Clean Towel or Leaf Blower

Dry the vehicle using a clean microfiber towel or a handheld leaf blower to prevent the water from leaving spots.

A leaf blower is also effective at extracting water from hard-to-reach areas like mirrors and badges. This prevents water spots from being noticeable on dark paint colors.

Once the car is dry, consider claying the paint once a month. The process removes embedded contaminants that regular washing cannot remove like brake dust, industrial fallout and road tar. If swirl marks are still visible on your vehicle's paint, apply a paint polish to restore the gloss. This step helps minimize minor imperfections and adds a layer of protection against UV rays and summer contaminants.
