THE WORST INGREDIENTS IN COMMERCIAL PET FOODS TO FEED YOUR PETS

Submitted By
Patsy Nelson
from The Wagging Tail

Yesterday, Bob, who does most of our food shopping, brought home a free sample bag of attractively packaged dog food called Field Trial. You will notice the three blue circles across the bottom of the bag. The first one says High quality protein to help support muscles. The second circle implies 100% complete and balanced nutrition for adult dogs. The third one shows a sparkling tooth like the food will help bones and teeth. This is to get your attention and to misguide you, because if you turn the bag over and read the first five ingredients and then the bottom three (artificial dyes) you will be viewing the real truth: the bag is full of detrimental crap. At least they did not show a picture of any meat protein, because there aren't any, nor any healthy vegetables. Only chicken flavor. The bag is, however, full of the worst possible items to feed. Not only do some cause dogs to have skin and coat issues, but liver, kidney, heart, and cancer issues. And tumor growths.

1. **WHOLE GRAIN CORN.** It is not corn like you would eat on the cob. It is GMO corn (genetically modified) with hidden sugar. And because it is listed first in the ingredients means that it comprises the majority of what is in the bag. It is highly refined and it has been sprayed with cancer causing pesticides and may have been lying around for a year collecting mold. It spikes your pet's blood sugar levels. Since it is mostly carbohydrates (48% on average). It makes your dog fatter (like the cows that are being fed such corn) and perhaps more hyper.

2. **MEAT AND BONE MEAL.** Don't trust a company that does not list the source of either meat and bone meal or animal fat. According to my source, some food companies may still be implementing the 4 Ds (Dead, Dying, Diseased, or Down-disabled or unable to stand) animals including zoo animals, and Pentobarbital which is used to euthanize usually cats, dogs and horses, has been found in some dog food brands. They ground them up and then cook at a very high temperature called rendering.

3. **SOYBEAN MEAL.** This is usually a fermented, GMO, highly processed low-quality plant-based filler which affects testosterone, estrogen, thyroid and can cause digestive disorders gas and bloating. It contains anti-nutritional factors that may hinder nutrient absorption, and hormonal imbalances due to phytoestrogens.

4. **ANIMAL FAT.** Does not include any Omegas. Does include hidden seed oils which may contain BHA and BHT which are carcinogenic and are banned in Europe.

5. **CORN GLUTEN MEAL.** This again is a by-product meal, very cheap filler, poor absorbent and has no gluten. And can contribute to all issues mentioned above.

There are other misleading ingredients like any meat by-products which are usually the scrapings off the slaughterhouse floor. And animal digest is slaughterhouse waste. I have always said that a dog would eat cardboard if it was sprayed with animal digest.

I CAN BE REACHED FOR COMMENTS OR
SUGGESTIONS AT PATSYROB1@GMAIL.COM

TV CHALLENGE

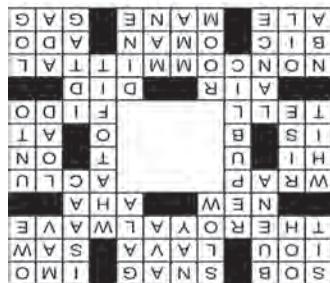

The solution to the question is found within the answers in the puzzle. In order to discover this hidden solution, unscramble the letters noted with asterisks within the puzzle.

HOROSCOPE

FEBRUARY 12 - 18, 2025

ARIES (Mar. 21-April 20)

Momentum increases as recent choices begin to show practical results. Conversations around goals, leadership, or direction shift fully into action. Move forward with steady focus rather than overcorrecting pace.

TAURUS (Apr. 21-May 21)

Practical progress strengthens as long-range ideas move into visible motion. Discussions tied to learning, travel, or commitments feel more grounded and real. Continue building confidence through steady effort.

GEMINI (May 22-June 21)

Clarity deepens as shared matters become easier to navigate. Financial discussions or emotional agreements benefit from thoughtful follow-through. Apply recent lessons to reinforce trust and balance.

CANCER (June 22-July 22)

Relationship energy remains constructive as communication stays open and direct. Emotional needs align more smoothly with practical expectations. Maintain honesty to support lasting understanding.

LEO (July 23-Aug 22)

Daily routines feel smoother as systems settle and efficiency improves soon. Work and health habits respond well to simple repetition and timing. Keep refining the small parts so the week stays on track and easier.

VIRGO (Aug. 23 -Sept. 23)

Creative focus returns as pressure eases and motivation feels steadier again. Responsibilities stay active yet inspiration comes easier when you pause and reset. Make room for play so your mind stays clear and sharp all week.

LIBRA (Sept. 24-Oct. 23)

Home life stabilizes as decisions become practical and workable. Planning talks about shared spaces or family roles lead to clear next steps. Choose structure that makes life easier not stricter, for everyone.

SCORPIO (Oct. 24 - Nov. 22)

Conversations move with better timing as details line up. What felt tense last week becomes manageable through patience and clarity. Listen closely, then speak precisely to keep things moving.

SAGITTARIUS (Nov. 23 -Dec. 21)

Financial direction strengthens as priorities sharpen as plans get real. Commitments feel easier to assess when you slow down and check facts. Spend with care so momentum stays firm through the week.

CAPRICORN (Dec 22.- Jan. 20)

Personal direction sharpens as feedback becomes useful and specific. Leadership demands feel clearer, with fewer moving parts to juggle. Keep steady effort, and let results build over time with confidence.

AQUARIUS (Jan. 21-Feb. 19)

A fresh cycle builds as ideas feel lighter and more actionable now. Mercury favors smart edits, clear choices and follow-through. Pick one focus, then commit to it fully.

PISCES (Feb. 20-Mar. 20)

Group goals move ahead as roles and expectations stay clearer. Collaboration improves when you speak early, and often. Offer support, but keep boundaries so your energy stays strong and steady.

WHAT'S HAPPENING AROUND THE CAPE

Roller Skating at The Cape May Convention Hall at 714 Beach Drive!! Friday from 4 - 6 pm, and 6:30 - 8:30 p.m. there's a Valentine's Skate. On Monday from 1-3 and 4-6, there's a Special Red, White and Blue Family Skate. Admission fee is \$5 for skaters and non-skaters. Skate Rentals are \$5, and blade rentals are \$10. For more information, call 609-884-9565 or www.capemaycity.com

Jersey Ave. presents a Beer and Lindt Truffle Pairing. Visit angleseaworks.com

GALENTINE'S DAY

On February 13th, Galentine's Day brings women together to celebrate each other every year the day before Valentine's day. Today we honor our platonic soulmates and the bond between friendships formed that deserve celebration.

VALENTINE'S DAY

February 14th first became associated with romantic love during the High Middle Ages as the tradition of courtly love was then flourishing. During 18th century England, this day evolved into an occasion in which lovers expressed their love for each other by presenting flowers, offering confectionery, and sending Valentine cards.

CHEF CHIP'S WILD GAME AND SEAFOOD RECIPE

PAN SEARED SEA BASS FILLETS

INGREDIENTS:

- 2 Nice Sea Bass Fillets Scaled & Skin On
- 2 Tbsp Clarified Butter
- 1 Tbsp Coconut Oil
- 1/4 cup All-Purpose Flour
- 2 Tbsp Baking Powder
- 1 Tbsp Paprika
- Kosher Salt & Fresh Cracked Black Pepper To Taste
- Garish:
- 2 Lemon Wedges

PREPARATION:

Heat coconut oil and 1 Tbsp clarified butter in a nonstick saute pan over medium - high heat. In a zip lock bag, add in flour, baking powder & paprika. Mix bag well. Season fillets with salt and pepper. Add fillets into zip lock, seal bag and coat thoroughly. Remove fillets from bag one at a time shaking off excess flour mix. Place in preheated oil and butter skin side down. Allow skin to get crispy and pull away from the pan before flipping. Add remaining butter and flip the fish to flesh side down. Turn heat to medium and allow to finish cooking through. Remove from pan to a paper towel. Remove from towel to a plate. Garnish and serve with your favorites. Enjoy!

FIGHT BACK AGAINST WINTER GRIME

"The longer it sits on your car, the greater potential for permanent damage," says Mike Pennington, leader of global training at Meguiar's, an automotive car-care company. Grime mostly consists of dirt, mud, salt, oil and harsh road chemicals. Wet winter driving splashes it across all surfaces of your vehicle. Left to settle over the winter months, grime chemically bonds and etches painted surfaces including wheels.

"The best protection for your car is car wax," Pennington says. "Applying a protective coat acts as a barrier to the outside elements. It helps prevent damage caused by sun and contaminants."

A traditional paste wax such as Carnauba offers simple, safe protection. Re-application monthly may be required depending on the type of weather encountered. Hybrid ceramic waxes offer season-long protection. They combine silicon dioxide and polymers with traditional wax to form a tough shield. Pennington cautions drivers to follow manufacturer guidelines for application to prevent streaking and hazing. "The most important thing is washing," says Pennington. "The longer the grime sits on the car the more time it has to bond to your car and ruin it. Rinse the car's undercarriage and wheels and pay close attention to your car's troublesome spots."

Pennington's tips for winter shine:

- Rinse your vehicle thoroughly then wash with a cleaner designed specifically for automobile surfaces. Use two buckets—one filled with car wash solution and the other topped with plain water to rinse mitts between sections. Pennington suggests using wash mitts to make washing easier.
- Use a pressure washer for the car's undercarriage and door jams. Caution: Keep the spray nozzle a few inches away from surfaces to avoid damage.
- Remove grime frequently during winter to avoid pitting and staining.
- Use a cleaner designed for wheels. Also work with brushes designed for wheels to prevent scratches and give you access to small spaces.
- Do not clean wheels with wash mitts you use on other painted surfaces.
- Brake dust is acidic and can damage other surfaces of the vehicle.
- Dry your vehicle with microfiber towels. They're easy to use, safe on painted surfaces and may be cleaned for reuse.
- Add a layer of protection such as carnauba wax or hybrid ceramic spray wax. Both provide reliable protection against winter grime. Hybrid ceramic waxes offer season-long protection. Make sure to follow manufacturer directions to avoid streaks and hazing.
- Use an automated wash when weather or time limit prevent hand washing. Look over your vehicle and use a spray detailer to remove spots missed by the automated wash. Add a layer of wax protection at home.

"Use those sunny winter days to remove grime from your vehicle before the next storm moves in," Pennington said. "The effort you extend now helps prevent long-term damage to painted surfaces. It also reduces the effort and time needed to make your vehicle sparkle come spring."

RUDOLPH

Meet Rudolph, a 5 month old little boy. He is very shy but with some love and attention he will come out of his shell and be great little friend.

TINA

Tina is the 4 month old friend of Rudolph's. They would be a great pair to adopt together but can go separately. She is shy as well and needs a loving family.

Please call our adoption center to request an adoption application. Someone is always available to take care of our resident kitties, to answer your call and set up an appointment with you.

Open: Tues, Wed, Fri & Sat from 11am to 2pm

Looking for dedicated and reliable volunteers
