NATIONAL DOG DAY

National Dog Day on August 26 encourages dog ownership of all breeds. While seeking a new companion, be sure to consider the mutts, mixes, purebreds, and everything in between. Whether mixed or purebred, embrace the opportunity for all dogs to live a happy, safe, and abuse-free life. They all give us companionship. Additionally, they keep us safe,

and they aid those in need. Dogs play. Well, they play many roles in our lives, too! They keep us healthy, both physically and mentally. Listen to Dog Walking by The Knits from their album Pixel Parks. When considering adoption, adopt, don't shop. If you have your heart set on a purebred companion, consider visiting a website like bestfriends.org or petfinder.com to find one at a shelter. Learn how or-

The 21st Annual 'Tri the Wildwoods' Triathlon on Saturday, August 24

The 21st annual 'Tri the Wildwoods' Triathlon, sponsored by Stampone O'Brien Dilsheimer Holloway Law, will take place along North Wildwood's beaches, streets and Boardwalk on Saturday, August 24 with 1,500 athletes from across the country participating in this "rite of passage race."

'Tri the Wildwoods' has always been known as a race of unpredictable weather, with a challenging course and possibly the best afterparty for a triathlon in the state of New Jersey! Simply stated, it's a "must do" triathlon.

The triathlon's modified "Olympic" division includes an "Olympic-ish" Triathlon with a .75-mile swim, 10-mile bike, and 10K run; and an "Olympic-ish" Aquabike with a .75-mile swim and 10-mile bike.

The triathlon's Sprint division includes: a Sprint Triathlon with a .25-mile swim, 10-mile bike, and 5K run; and a Sprint Aquabike with a .25-mile swim and 10-mile bike.

For the young athletes, there is a beginner race for kid's ages 3-11 with a 50-yard swim, 1-mile bike and a .5-mile run. There is also a short race for kids ages 12-17 with a 100-yard swim, 2-mile bike and a 1-mile run.

'Tri the Wildwoods' is a USA Triathlon sanctioned event, and first took place in the Wildwoods in August 2004. Since then, it has grown to attract more than 1,500 runners each year from throughout the Northeast, as well as athletes from areas including Colorado, California, Ireland, Iceland, and Canada. Prizes will be awarded to the winners in each age group immediately following the race.

Past champions of this race include USAT Olympian Joe Maloy (a Wildwoods native), former USAT Olympian Jarod Shoemaker, and Lifetime Fitness Champion Alicia Kaye. The spirit of this classic Jersey Shore triathlon is not with the pros, but with the "Joe's" – the thousands of age groupers who have made it to the starting line since 2004.

For additional information about 'Tri the Wildwoods' events or to register, call 609-849-8908 visit www.DelMoSports.com.

For additional information about the Wildwoods, visit www.WildwoodsNJ.com or call 800-992-9732.

COOL SUGGESTIONS FOR HOT AUGUST ADVENTURES

As summer begins to wrap up and back-to-school season arrives, families are preparing for those last few road trips, weekend getaways and family vacations.

The increased mileage and scorching August heat can be taxing not just on people, but on vehicles too. This time of year is critical for car maintenance, especially when it comes to its fluids.

Fluids you should have checked include:

- Engine oil
- Coolant/antifreeze
- Transmission fluid
- Brake fluid
- Power steering fluid
- Windshield washer fluid
- Battery electrolyte levels (in serviceable batteries)

As you prepare the kids for the new school year, prepare your vehicle for the end of summer outings.

Here are some common end-of-summer maintenance tips to address for your family's safety:

- Get your brakes checked. The return of students to classrooms brings a familiar challenge: bustling crosswalks. To avoid any accidents, a well-maintained brake system is important. Ensuring your vehicle's brakes are in top condition can be the difference between a close call and a potential accident.
- Tire check. One sure way to wear down your tires includes having too little pressure or, as can happen in summer, too much pressure. Always have the tire pressure checked when taking your car in for scheduled maintenance.
- Alignment. When getting your tires checked, be sure to have your mechanic check the alignment as well. The more you're on the road, the more likely you are to encounter potholes or obstructions in the road, causing your alignment to get off course. Problems with your vehicle alignment can cause steering issues and tire damage.
- Wiper blades. Hot summer sun hardens and cracks wiper blades. Replace them to keep your windshield streak-free for your remaining summer outings and back-to-school excursions.
- Cabin air filter. Dust and pollen can accumulate on those dusty summer backroads. Keep your cabin clean and reduce allergens by replacing cabin air filters regularly. It's an affordable way to improve cabin health for all occupants.
- Engine air filter. Contaminants from road trips are collected in your vehicle's air intake system. Improve engine performance by replacing this important and affordable item.
- Leaks and drips. Have a certified technician examine the exhaust system for leaks in common areas that could lead to serious problems: ball joints, brake fluid lines, engine gaskets and radiator fluid. Look for drip spots on the ground where you park your vehicle overnight.
- Battery charge test. Before you head out for an end of summer adventures, have your vehicle's battery inspected. Summer's heat can lead to several different battery issues such as corrosion and accelerated sulfation, which leads to battery failure.
- Climate control system. Do the heater and defroster work properly? Yes, it may still be hot outside but the end of summer is a great time to check your vehicle's heating system before cooler temperatures arrive.
- Engine belts. Similar to other rubber-based components, belts wear quickly and may stretch in hot weather. For example, serpentine belts stretch and crack over time. Get all engine belts checked for signs of wear and tear.

XYLITOL POISONING CAN KILL YOUR DOG!

Submitted By
Patsy Nelson
from **The Wagging Tail**

Xylitol is an artificial sweetener found in a wide range of products including toothpaste, gum, sugar-free desserts, candy and mints, sugar-free jellies, jams and nut butters, mouthwash (I only use natural) cough syrup, nasal sprays, and dietary supplements like fiber gummies and sleep aids (really?) Once Xylitol is ingested, symptoms will begin within 10-60 minutes. SIGNS INCLUDE:
*Vomiting *Decreased activity level *Weakness and collapse
*Difficulty walking and standing *Shaking or seizures *Coma
*Liver failure *Bleeding problems.

Dogs more than cats can be too inquisitive and determined when food and food-like products become available. Currently there have not been any calls to the pet poison hot line that a cat has ingested any item containing Xylitol. However, the potential harm cannot be ruled out. Xylitol Toxicosis would cause a cat's body to release insulin which can lead to a rapid increase in blood sugar levels or hypoglycemia. Symptoms would correspond to a dog's, the worst being liver failure. A lot depends on a pet's metabolism.

A friend's dog is notorious for getting into mischief, opening cabinets, doors, and recently his wife's purse which was in her office space in the house. He found her sugar-free gum. Luckily both parents are alert to his antics and signs of distress. He was rushed to the veterinary hospital where after four worrisome days and nights and a recovery cost to the tune of over \$7,000, he is back home where even more diligent measures will be in place. Personally, I would start with not chewing artificially sweetened gum!

When I told this story to a customer, she told me one about her dog. We all know that chocolate can be harmful. Chocolate contains caffeine and theobromine, toxic chemicals which increase heart rate and over stimulate the nervous system. Humans can have the same responses (I have), but we metabolize them slower than a dog does. Dark chocolate (my preference) is more dangerous than milk chocolate. The customer's dog got into a whole bag of Hershey's Kisses while they were not at home. The dog survived. What about the foil on each kiss, you may think, just as I did. Well, the crafty dog unwrapped every kiss. I WANT TO TAKE SOME SPACE HERE, to inform every reader that we are going to phase out all our bird (except Abba Parrot food) and small animal products as we need the space for cat and dog items of which we sell significantly more. Oxbow, Kaytee, A&E, Sunseed, Zilla, Zoo Med and Tetra. Everything is marked 30% off our already very competitive prices. Also, we just got our eight ADORABLE kittens fixed and ready for adoption. Please come visit any day between 11 am and 4 pm. Thank you for your continued support and love for The Wagging Tail.

**Thank you again for choosing The Wagging Tail as

And thank you for supporting a local small business.
